 **SAIT**

REAL FUTURES

SUPPORTING OUR STUDENTS

In 2025, six students received \$12,000 through the Lou MacEachern Rotary Scholarships.

As a leader in applied education, SAIT is where bold ambition meets real futures. From tech to tourism, business, construction, manufacturing, energy, health and transportation, SAIT has programs, courses and services to develop the leaders of tomorrow's industries today. Our mission to empower people with the mindset, skills and experiences to build successful careers and lives, is possible thanks to our donor community.

Support from the Rotary Club of Calgary Downtown is helping to transform hands-on education at SAIT and provides students with the best learning environment and experience possible.

We are honoured to share this donor impact report in recognition of the lasting legacy you have created through the Lou MacEachern Rotary Scholarship. Your generosity has provided life-changing opportunities to recipients of this award and has continued to carry Lou's legacy forward.

Since 2006, 86 students have received \$132,000 through this meaningful award. Your support has done more than provide financial relief — student awards have the power to inspire and motivate recipients along their educational journey and far into the future.

"I will be using the funds to support my tuition and essential school expenses.

My goal is to build a strong career in my field and, one day, be in a position to give back to others the way donors like you give back to students.

Your support has made a real difference in my life, and I am truly grateful."

— Roger Serafica, Business Administration, Lou MacEachern recipient
