## CALGARY STAMPEDERS

John Hufnagel, Head Coach and GM

Bart Dailley introduced our guest speaker John Hufnagel, the Head Coach and General Manager of the Calgary Stampeders.

John was an All American quarterback for Penn State in the early 70's, taking his team to a Cotton Bowl win, and a Sugar Bowl appearance. John played 12 seasons in the CFL with the Stampeders, Riders, and Bombers before turning to a coaching career.

He then moved to the NFL as a quarterback coach working with players like Peyton Manning, Tom Brady, Eli Manning, and Mark Brunell.

John joined the Stampeders in 2007 as the head coach, and in 2008 won the Grey Cup, and Coach of the Year honours.

Currently, John and staff are heavily involved in the CFL draft, and John summarized the eight picks from the draft

including trades. Presently there is a rookie camp in Florida in the coming days where the club will be very involved evaluating some of the 60 rookies invited to the camp. The Stampeders expect to invite 16 or 17 of those top rookies to the Stampeder training camp here in Calgary.

John refers to a speech he uses at the beginning of the year training camp. "The Essence of Winning Football" ---five segments including Courage, Turnovers, Penalties, Special Teams, and Smart Football. The main focus is on turnovers, penalties, and special teams. Winning on these segments usually results in a winning season, less turnovers, less penalties than the opposition, and a great special teams group leads to a Grey Cup appearance. John also focussed on discipline that is demanded from the players for a winning year.

## Polio Eradication and Endgame Strategic Plan 2013–2018

The Polio Eradication and Endgame Strategic Plan 2013–2018 is a comprehensive, long-term strategy that addresses what is needed to deliver a polio-free world by 2018. The plan was developed by the Global Polio Eradication Initiative (GPEI) in consultation with national health authorities, global health initiatives, scientific experts, donors and other stakeholders, in response to a directive of the World Health Assembly.

The Strategic Plan addresses the eradication of all polio disease, whether caused by wild poliovirus or circulating vaccine-derived poliovirus, while planning for the backbone of the polio effort to be used for delivering other health services to the world's most vulnerable children.

The Plan has four objectives.

- Detect and interrupt all poliovirus transmission
- Strengthen immunization systems and withdraw oral polio vaccine
- Contain poliovirus and certify interruption of transmission
- Plan polio's legacy

Rotarians in Côte d'Ivoire took part in National Immunization Days (NIDs) beginning 26 April. They joined thousands of health workers and volunteers in mobilizing public support, ensuring

the safe delivery of the oral polio vaccine, and administering the life-saving drops to more than 3 million children. The nation's last case of polio occurred in July 2011.

The NIDs also provided vitamin A supplements and de-worming tablets to children to expand public health benefits, which is another objective of the new polio endgame strategic plan.

But while we are "This Close", it is not over yet. A case of type 1 polio has been reported in the Banadir region of Somalia. The country's first case since March 2007, genetic sequencing is underway to determine the origin of the virus. In response to the outbreak, an immunization campaign is scheduled to take place 14-16 May, aimed at reaching more than 350,000 children in the Banadir region.

The World Health Organization (WHO) has issued a surveillance alert for Somalia and bordering areas of northern Kenya and eastern Ethiopia, highlighting the need for urgent searches for additional cases of acute flaccid paralysis and suspected polio in all health facilities. WHO has also advised all countries in Africa and the eastern Mediterranean region to heighten their surveillance for poliovirus.

John fielded questions from the floor on the expansion plans for next year with Ottawa returning to the league. The Stampedeers could lose three of their players to the expansion draft late this year, and they have made some of the changes necessary to allow for this event.

Tammy Truman thanked John for his presentation, and as is the Chinook custom, presented John with a sponsor certificate to a family in the Dominican Republic for clean water.

## RI President Sakuji Tanaka, Monthly Message May 2013

Dear fellow Rotarians,

From the moment I was nominated as Rotary International president, I knew I would choose a theme that would focus on peace. This is why I planned three peace forums – to give Rotarians an opportunity to think about peace, to talk about peace, and to share their ideas on building peace together. The final Rotary Global Peace Forum takes place this month in Hiroshima, Japan.

We hear the word peace every day. But most of us spend little time thinking about what peace is. On its simplest level, we can define peace by what it is not. It is a state of no war, no violence, and no fear. It means that you are not in danger of hunger, or persecution, or the suffering of poverty.

But we can also define peace by what it is, and by what it can be. Peace can mean freedom of thought and of speech, freedom of opinion and of choice, and the ability for self-determination. It can mean security, confidence in the future – a life and home in a stable society. On a more abstract level, peace can mean a sense of happiness, of inner serenity, of calm.

However we use the word, however we understand peace, Rotary can help us to achieve it. Rotary helps us to meet the basic needs of others – to provide health care, sanitation, food, and education when and where they are most needed. It helps to meet the inner needs as well, for friendship, connection, and caring. And Rotary helps us to build peace in its most traditional sense, by reducing the causes of conflict. It builds bridges of friendship and tolerance among people and nations. It helps us to understand one another.

However we define peace, whatever peace means to us, we can bring it closer through service. Peace, in all of the ways that we can understand it, is a real goal, and a realistic goal for Rotary. Peace is not something that can only be achieved through treaties, by governments, or through heroic struggles. It is something that we can find, and that we can achieve – every day, and in many simple ways.

And so I thank you for your commitment to Peace Through Service – and to a Rotary goal of a more peaceful world.
