

## PRESIDENT PENNY LECKIE'S MESSAGE

Meeting by ZOOM has created numerous challenges, and isn't nearly as pleasant as meeting in person, but like every other challenge, it has created an opportunity. Today, I am making history for our Rotary Club by Chairing a meeting while I am out of town

Darren, his 13 year old daughter, Hailey, and I are spending 10 days in an RV parked at my brother's cottage at Laurier Lake, near Elk Point, Alberta. Other than the windstorm on Monday evening, we have had great weather, and are having a fabulous time. *I've included a picture of the kids doing the "twisty bacon" as they jump off the back of the boat. Fastest bath in town... Later, we baked bannock on sticks over the campfire and when it was done, filled it with a filling made from fresh picked saskatoons.*

### Beats S'mores !

*The wind blew down and broke open a bees' nest. We found both parts. Sending the pictures, as it is quite "cool", but no one is willing to move it...*

My brother has set up his 55" TV on the deck, so one of the best parts of the holiday is watching the playoff/qualifying hockey games. Nothing like beergaritas on the deck and cheering on the Flames. We are grateful for the evening games, as it is too hot during the day to wear our jerseys. Since Darren is a HABS fan, my brother and his wife are Oilers fans, my stepfather is a Jets fan and I am a Flames fan, there is much chatter during the games, but no one has been thrown in the lake over it, at least not yet.

I hope everyone else is enjoying our great weather, time with family, and the wonderful things of summer, like playoff hockey. See you next week, and in the meantime,

Go Flames Go

PENNY LECKIE, President

Rotary  
Club of Calgary at Stampede Park

## **CRAIG STOKKE, PRESIDENT-ELECT: 2025 R.I. CONVENTION BID NEWS AND UPDATES**

Jim Fitzowich introduced our guest speaker:

Today we have our very own **Craig Stokke** who also happens to be our President-Elect.

Initially we were going to have a presentation by the Chamber of Commerce which was going to highlight the diversity and economic advantages in our City. We have those drivers in our Club with many entrepreneurs.

We have secured the bid to host the 2025 RI Convention. The major driver of that success was **Craig Stokke**. Craig joined us in 2008. **Glen Richardson** was his sponsor. He has been active and often took the leadership roles in many committees, including, Dream Home, Chair of Website and Clubrunner, New Members, Youth Exchange, and the Chair of the RI Convention Committee 2025. He and his wife Theresa are raising two lovely daughters. Craig is the founder of Seller Direct.

### **Craig Stokke : The story of how we won the 2025 RI Convention for Calgary**

This story began in Rome, Italy in 2015. My family had just completed a cruise which ended in Rome. I attended a makeup Rotary meeting in Rome. When asked where my home was I responded Calgary. One of the members there said "the greatest RI Convention was in Calgary". I asked him if we did it again would he come. He said "Yes" and I would bring a number of our members with me". He went on to say that when his daughter married he sent her and her new husband to Calgary for their honeymoon!

After Rome I kept wondering what it would take to bring the convention back to Calgary. I began searching on the RI website for information but didn't find anything. I kept searching on the internet and found an article from the Toronto Star on how Toronto had won a bid to host.

I got in touch with the Chair for Toronto and got connected to the correct source at RI. I learned that Calgary can't compare or compete with some of the major cities on our facilities and hotels available. The only way to win was on the Calgary spirit and passion of local Rotarians.

Craig recalled wildly different experiences at the various Grey Cups he has attended. When it was in Toronto it was like any other day. In Regina it was embraced by the City and much more exciting to be there as it was a big deal.

Our goal had to be not simply hosting an RI Convention but to host the "best one ever" like we did in 1996.

**CRAIG STOKKE, PRESIDENT-ELECT: 2025 R.I. CONVENTION BID NEWS AND UPDATES**

**Calgary 2025 Bid Timeline:**

**November 2015** - Craig reached out to the Toronto & Honolulu HOC Chairs to gather info and learn about the bid process and their experiences.

**November 2015** - Initial inquiries made to Rotary International.

**November 2015** - Approached the RC Calgary South board to propose a bid to mark the Club's 60th anniversary. Very enthusiastic support.

**January 2016** - Rotary International, Calgary Stampede, Tourism Alberta, and the District 5360 leadership team were engaged. Directed to Meetings and Conventions Calgary (MCC).

**June 2016** - Craig made a formal presentation to the District 5360 board requesting official district support for a bid. Enthusiastic, unanimous support.

**July 2016** - A formal "Expression of Interest to Bid" letter was sent to RI

**October 2016** - Calgary, along with 12 other cities were officially invited by RI to bid for the 2023, 2024 or 2025 conventions:

Boston, Dubai, Durban South Africa, Hong Kong, Melbourne, Paris, Philadelphia, Singapore, Warsaw, Gothenburg, Auckland, Dublin

**November 2016** - Craig sent a letter to RI confirming that Calgary meets RI's minimum criteria for host cities and formally expressing our intent to bid.

**November 2016** - PDG Mark Starratt joins the Host Organizing Committee (HOC) Leadership team as co-chair. Mark brings an impressive and critically important skillset to the bid.

**February 2017** - 451 page Calgary bid book delivered to Rotary International

**June 2017** - Calgary, along with 4 other cities were selected as finalist cities. We knew it was likely three of the five cities would be awarded a convention.

Dubai, Singapore, Warsaw, Gothenburg,

**August 11-13, 2017** - Calgary Rotarians and community leaders stepped up and put on one hell of a show!!! Three Rotarian volunteers (including RI President Elect Mark D. Maloney) and three Rotary employees participated in a whirl-wind site inspection.

**October 10, 2017** - Calgary was selected as the host city for the 2025 RI Convention! This was a very nervous day for Craig as the draw was at 11am Chicago time and he didn't hear until that evening. He assumed Calgary had lost.

**Since then... RI Conventions since our selection:**

2018 - Toronto, Canada

2019 - Hamburg, Germany

2020 - Honolulu, USA (cancelled)

2021 - Taipei, Taiwan

2022 - Houston, USA

2023 - Melbourne, Australia 2024 - Singapore

**2025 - Calgary / District 5360**

## **CRAIG STOKKE, PRESIDENT-ELECT: 2025 R.I. CONVENTION BID NEWS AND UPDATES**

### **Why is this win so important to District 5360?**

Our good works are not well known in our city, let alone the world at large. This is an incredible opportunity leading up to and during the convention to advertise who we are and what we do.

### **The Calgary 2025 Legacy:**

Craig noted the timely BMO Centre expansion which will increase our capacity for the Convention.

Our District will leverage the Calgary 2025 Rotary International Convention to bring Rotary to everyday Calgarians (non-Rotarians) in a way that has never been done before.

- ◆ Launching an extensive media marketing campaign that will raise awareness of the convention and introduce Rotary to everyday Calgarians
- ◆ Promoting membership by inviting Rotarians and non-Rotarians to share personal experiences of what Rotary means to them at special "Why I am a Rotarian" pre-convention events
- ◆ Hosting the citizens of Calgary in a pre-convention festival at the Rotary Mattamy Greenway
- ◆ Establishing a \$1,000,000 Rotary International Convention Legacy Fund that creates lasting impact throughout our District

**Our District will leverage the Calgary 2025 Rotary International Convention to bring Rotary to everyday Calgarians (non-Rotarians) in a way that has never been done before.**

- ◆ Setting goals and an action plan to build membership and diversity in our District. We feel we will be able to achieve 20% membership growth for our District by the convention year
- ◆ Providing opportunities for local citizens and visiting Rotarians to participate in hands-on projects designed to make the Calgary convention memorable for the next generation
- ◆ Delivering (in partnership with local schools) leadership curriculum that will expose Rotary values, and Rotary programs to the youth of our communities
- ◆ Creating a District wide stay-in school scholarship program (through our Rotary International Convention legacy fund)

**Our District will leverage the Calgary 2025 Rotary International Convention to bring Rotary to everyday Calgarians (non-Rotarians) in a way that has never been done before.**

- ◆ Developing an Internet-based web-portal where youth can share fundraising ideas, community service initiatives and more. For YEX, Rotaract, Interact, youth organizations and schools
- ◆ Unlike other Rotary International Conventions:

**Beginning in 2023, RI's convention model will change. RI will take on most of the financial risk and responsibility that has traditionally fallen on the Host District and Clubs.**

- ◆ The HOC is committed to self funding any remaining HOC and District responsibilities through fundraisers and events (instead of taxing Rotarians and Clubs with fees and surcharges).

## CRAIG STOKKE, PRESIDENT-ELECT: 2025 R.I. CONVENTION BID NEWS AND UPDATES

### What's Next?

### Hurry up and wait!!!

**Craig Stokke and Mark Starratt** will start building the core of the Host Organizing Committee in 2021. Everyone will have an opportunity to participate. We will need LOTS of help.

It is our hope that the excitement of the upcoming convention will entice new members to join District Rotary Clubs. It is likely that many of our key people are not even Rotarians yet.

This is a District 5360 convention, not a Calgary convention. All Clubs and all Rotarians throughout the District will be included in planning and execution and will benefit from the convention. We can't forget that it started at our Club (Editor's note: We can't forget it was your vision, initiative and hard work that brought it to our Club. Thanks Craig)

**Jim Bladon** thanked our speaker :

First, thanks for stepping up on short notice to provide us with this presentation.

It is hard to believe the amount of time, energy and vision to get this bid. An exemplary job.

I have known Craig for a number of years and he has the skills to take visual and conversational thoughts and turn it into action, leveraging technology to access information. He lives the Rotary vision and values and envisions more asking what happens after? Craig never takes no for an answer and never settles for less than the best in both his personal and professional life. He surrounds himself with great people, has an endless amount of energy and is great to have a beer with! Thanks Craig.

**Bob Brawn** added that with his energy, vision and commitment Craig reminded him of **Frank King** when he won the Winter Olympics in 1988.

Thanks and final comments from **President Penny**:

**Craig**, thank you so very much for leaning in and presenting at the eleventh hour. More importantly, thank you for the leadership you have shown with Rotary International in securing the International Conference for Calgary five years from now.

In appreciation of your participation in our meeting our Rotary Club has donated \$100 to the Calgary Rotary Clubs Foundation. This donation will be placed in an endowment fund for our Club. The endowment fund generates income annually. The income is gifted to deserving charities in our community. Gifts to CRCF are the gifts that keep on giving.

## CLUB NEWS

Good afternoon Rotarians and Guests. Welcome to the August 6th meeting of the Rotary Club of Calgary at Stampede Park. I am the Club's President for 2020/2021 – **Penny Leckie**

As mentioned last week, I am making history for our Rotary Club. ZOOM meetings aren't as much fun as meeting in person, but the ZOOM format has created the opportunity for me to Chair this meeting from out of town. I am with my family at my brother's cottage near Elk Point, Alberta.

With the weather we are having, we couldn't have chosen a better week to be here. So, what's the saying, *"Beach Hair – Don't Care"*. I should have told everyone to wear their favourite beach attire and flip flops today. I am sure it would have been interesting, even on ZOOM. I do see that **Kendall Bocking** has a Flames mask on. Good to see!

Did you know August is named after Augustus Caesar, founder and first emperor of the Roman Empire. August was originally 30 days in length, but one day was added, so it would equal the 31 days in July, which was named after Julius Caesar.

- ♦ Today is National Rootbeer Float Day
- ♦ Also, we are right in the middle of National Smile week. August 5 – 11. Let's face it, who can't smile after consuming a rootbeer float?

Today, as a special treat, Lisa Fernandes has joined us live for the singing of O Canada.

Please RISE and join Lisa Fernandes singing our national anthem.

It is so wonderful to see you in person, Lisa. We miss you, and we hope you and everyone close to you is staying safe and healthy. More importantly, we hope to see you in person again, soon.

Your virtual head table today consists of:

**Craig Stokke:** Craig is our Club's President Elect, but more importantly, he has stepped in at the eleventh hour to become today's speaker, and will be more formally introduced later.

We have two Jim's participating in our program today...

**Jim Fitzowich:** Chair of our Programming Committee. I told Jim earlier this year, that since we are meeting by ZOOM, we need to be sure we have a strong program to keep our members connected and interested. I'm absolutely thrilled with the job Jim & his committee are doing for us. The Committee stepped up to save the day today when we had the last minute cancellation.

**Jim Bladon:** Jim is Chair of our Dream Home Committee. More importantly, Jim is one of my curling teammates. Jim keeps things lively, and keeps all of us smiling, both on and off the ice.

And all the other Jims in our Club. A couple of weeks ago when we were putting the meeting together, it seemed like we had a lot of Jim's, and I thought we had them all covered. Turns out we didn't, so today, I am recognizing all the Jims we have in our Club:

**Jim Burns, Jim Cairns, Jim Hutchens, Jim Smith**

With a special mention to **Jamie Moorhouse** (close enough to Jim, for me) who has absolutely had my back, so many times, and we are only in the second month of my year as President.

Thank you to all the Jims in our Club, for all you do, and each of you has a great smile, so we are right in the theme of our meeting today.

## CLUB NEWS

Bulletin Editor – Carol Graham Photographer: John Shield

**Health and Wellness Report:** The contact person for July and August is **Dorothea Schaab** at: 403 660 6232 or: [schaabd@telus.net](mailto:schaabd@telus.net)

- ♦ **Roger Jarvis:** Still at the Rockyview
- ♦ **Justina Penner:** at Glenmore where they are experiencing an outbreak so no visitors.

Dorothea encouraged us to reach out through phone calls or cards.

**Sergeant at Arms: Jim Fitzowich:** Jim was preparing his program based on the scheduled Chamber of Commerce presentation. He had to change that due to the last- minute cancellation. Instead he peppered the Club with questions about the significance of this date in history, specifically 75 years ago. **Bruce MacDonald** knew the answer (the bombing of Hiroshima) but was fined by Jim anyway (Should he have answered in the form of a question? Is this Jeopardy?!) In any event that was the last correct (or any answer) to the follow up questions so we were all fined! Nice pivot Jim!

**End Polio Now Cycling Challenge:** **Nancy Spence** announced the challenge by the Sylvan Lake Rotary Club to bike (and track your kms) or be a supporter (donating money per km achieved) between now and October 24<sup>th</sup> which is World Polio day. RI and the Bill and Melinda Gates Foundation is matching donations. If you are a biker send your kms to Nancy who is collecting for the Club. The Goal for the Club is 1000 km—see bulletin for more information

Penny then began closing the meeting by saying: I know a lot of scrambling went on yesterday when the Chamber of Commerce had to cancel on short notice, but it is exciting to learn about the International Conference coming in 2025, so all's well that ends well.

Next week, I will be back in the office, in my high heels, lipstick and regular business attire.

The speaker at next week's meeting is Emily Stokke. Emily was the District's first New Generations Service Exchange participant. She was in the middle of her exchange to Italy when COVID hit. She will tell us about the service exchange program and her personal experience. Based on conversations I have had with her father, Craig. I know Emily will have an interesting presentation.

Now, back to National Smile Week. Here are a couple of quotes that I hope you will keep in mind and that will make you smile.

- ♦ A smile is the shortest distance between two people.
- ♦ If you see someone without a smile, give them one of yours.
- ♦ If you haven't seen your spouse smile at a traffic cop, you haven't seen their best smile.
- ♦ Smiles are contagious. Be a Carrier.
- ♦ Chinese proverb – every smile makes you a day younger

As Rotarians, we are always looking for ways to give to others. Let's celebrate National Smile Week by giving a smile to as many people as possible.

Let's hope the Flames keep making us smile. Go Flames Go.

Finally, even though I am on vacation, last week, I promised I would leave the Bailey's out of the coffee and the vodka out of the orange juice this morning, I kept my promise.

*But now, there is an ice cold Chelada calling my name from the patio. I have some catching up to do, so I will bid you Adieu. Have a great week!*

Thank you to Paul Brick and John Shield for providing “photos” of us at the meetings. This Zoom Platform isn’t for everyone but it is sure great that we can at least “see” each other and visit

Do not pout. Do not whine. Do not argue. Do not harass the employees. Do not spout conspiracy theories or regurgitate misinformation you got from your dumb uncle on Facebook. This isn't political; It is basic health and safety. Do not choose to be the reason the rest of the world is laughing at us.

"I fOrGoT iT iN mY cAr." Well, go get it then.

"ThIs Is UnConStItUtIoNal." No, it's not.

6. Ignore nonsense
7. No entitlement

It is with great disappointment and sadness that I announce that Canyon Meadows Golf & Country Club is not yet hosting any events at their facility.

This means that our **Membership Luncheon** that was going to be held on September 16th is **cancelled**.

We would have loved to have this as our first event of the year but we must follow the protocols set out and keep everyone safe and healthy.

The Social Committee will be contacting them again in November to see if we are able to have our Christmas event.

Membership dues would have been collected at the event but since this is not happening, I ask that you send the \$40.00 to our wonderful Treasurer, Karen Grant 3927 Vancouver Crescent NW, Calgary T3A 0M2.

Another option is to drop off your cheque or cash to myself and I will pass on to Karen. Your dues should be paid by September 1, 2020.

I will be sending out the new Board List, Activity List and Event Dates List in the next week.

Thank you.

Rotary Partners of Calgary at Stampede Park***

It was a hot day on July 29<sup>th</sup> so the 12 hikers found it tough slogging up to Stanley Glacier. Along with an amazing number and variety of flowers we found this Hooded Ladies' -Tresses which is an orchid normally found in wet areas.

We were happy to cross two bridges which were not there in 2008. Back then we crossed the creek on three logs placed across the water. Today the creek provided a good way to cool off. Some filled their hats with cold water and poured it on their heads. In comparing the photos it appears that Stanley Glacier has not receded much since 2008, but certainly since the 1980's.

At the lunch spot facing the glacier, a hummingbird was spotted. They apparently love the Common Red Paintbrushes which we saw in abundance. We were entertained by his Golden Mantled Squirrel which is distinguished from the chipmunk by the lack of stripes on its face. Our parting glance for the day was the rushing waterfall and beautiful blue sky captured by Brent Rusk's picture.

On August 8<sup>th</sup> 14 Hikers enjoyed a delightful “hike lite” to Whiskey Lake and Sheep River Canyon. The trail head was about a 30 minute drive west of Turner Valley on Highway 546. The total hike was about 6 km with a small climb to start and then some pleasant trail wondering.

Whiskey Lake might be better described as a small foothill’s marsh with abundant plant life but was none the less very pretty. One wag in our group thought it might be best simply consumed “on the rocks or perhaps neat”. Further on alongside the Sheep River we were treated with some spectacular views from high vantage points and a chance to test the water temperature (cool).

Wild flowers were still in abundance, but without Pat Farn to carefully identify each species, they became simply “pretty wild flowers”, still enjoyed by all!

To finish, in lieu of the usual squashed peanut butter sandwich and limp carrot sticks, 8 of us enjoyed a very tasty lunch at the Chuck-wagon Café in Turner Valley, an old local favourite.
