**Welcome to the July 27th meeting of the Rotary Club of Calgary at Stampede Park. My name is Bryan Walton, and I'm honoured to be the President of this Club for 23-24.**

**Head Table: (L to R) Ted Stack, Edgar Iniguez, Past President Jim Fitzowich, President Bryan Walton, Myles Hamilton and Margo Jarvis Redelback.**

### **President Bryan Walton**

Our feature speaker today will talk about the future of irrigation in Alberta. So a little history of Southern Alberta and the people of the land.

- 150 MM years ago Alberta emerged from the sea for the last time
- 75-100 MM year ago the up thrust of the earth's crust created the Rocky Mountains
- Then 25,000 years ago the last ice age began (3KM of ice overhead) and those glaciers shaped the land as they formed and receded about 14,000 years ago.
- The first humans entered NA via the Berring land bridge about 10,000 years ago and arrived in Alberta 4-6000 year ago – these were the forebears of the five first nations of Treaty 7: Kainai, Pikani, Siksika, Stony Nakoda, Tsuutin'a and later the Metis people of Region 3.
- Rotary House sits on the ancestral lands of these people who I pay homage to as we walk the road together into the future.

Please rise and join me in the singing of O'Canada and Rotary Grace.

## “Kids at Heart” Golf Classic

I would like to extend my heartfelt thanks to our entire “Kids at Heart” Golf Classic committee and supporting volunteers for another wonderfully successful tournament on July 20<sup>th</sup> in support of three great children’s charities: Between Friends, New Heights School and Learning Services, and Youth Centres of Calgary. It was a tremendous team effort as together we were able to raise over \$210,000 for these three deserving charities! We had 139 golfers at the event, raised \$228,445 in sponsorship from over 50 sponsors, and collected 68 auction items with a fair market value of over \$76,000! - **Dale Struksnes**

Edgar Iniguez Santalan who works with Colegio Patria in Las Varas Mexico, was the recipient of one of our world community service projects. Ted Stack introduced him as he and his wife worked closely with Edgar and his family to help fund air conditioners for the only private school in Las Varas Mexico. Edgar and his family started, funded and have ran this private school in small crowded classroom in the very hot and humid climate. Air conditioners are going to make a major difference in the concentration of students and staff alike.

Please watch the recording of today's Meeting for Edgar's entire speech. Click [HERE](#) to watch.

Having Edgar speak with us today was amazing to be able to see the real impact of our funding and how it is enhancing lives around the world!

It was so nice to be able to volunteer with Edgar at a Dream Home shift this summer. He is an inspiration as he cares deeply about the good work he does with children and you can feel his gratitude for what our Club has done for Colegio Patria. Keep up the great work Edgar!

# Hiking Club

Fifteen hikers set out for an adventure to “White Buddha”. We ended up hiking 6.5km and also doing some unintentional bushwhacking. We weren’t lost, but couldn’t find the trail! Phil was happy as he loves going off trail. The weather was perfect and the views from the top were amazing! - submitted by Donna Jakubec (July 19th, 2023)

This morning 12 hikers gather at the Mount Black Prince Day area and walked up the hill to cross the road to begin a 6.2 km hike to the Blackshale Suspension Bridge. The hikers made good time reaching the bridge. Some braver hikers decided to bounce on the bridge and a few more cautious individuals just took their time walking across the bridge. On the other side of the bridge, we stopped for lunch, cookies, energy balls and great company. After our wonderful hike, a few hikers decided to stop for ice cream. Hikers coming back through Longview where able to observe a momma grizzly and her two cubs on side of the road. It was a great day enjoyed by all.—Helena Henezi (July 26th, 2023)
