President Murray provided his portion of the program and then turned the event over to the ever-capable **Hugh Delaney** who was our emcee for today. After a few comments welcoming everyone he introduced **Bryan Targett**, the chair of the Stay In School Program committee.

Bryan Targett opened with a special thanks to the Committee looking after this event; **Hugh Delaney** along with **Jim Smith, Paul Brick and Terry Allen**. He gave us some highlights of the Stay In School Program. The program is in its 16th year and has 52 students involved starting in Grade 6. Nine have graduated from Post-Secondary, four withdrawals and the rest are at various stages in the education.

Bryan emphasized that the success of the Stay In School Program has been due to the contributions of many Rotarians, the funds raised at the SIS Golf Tournament, in excess of \$125,000 annually and our sponsors. Let's give a big thank you to:

- Supreme Windows, Ann McKenna
- Peloton, Craig Harrison
- Richardson GMP, Keith Bekker
- Petrie Foundation, Grant Smith

THANK YOU TO
OUR GENEROUS
SPONSORS!

\$1,560,000 is committed to date with \$270,000 paid out in Bursaries so far.

Earl Huson then took over to introduce the Mentors and Students. As he had 40 of each he asked that they all stand and be recognized.

This was followed by recognition of all the educators representing our two Elementary Schools, **Falconridge and Sherwood School** along with 7 High Schools in the City.

STAY IN SCHOOL LUNCHEON

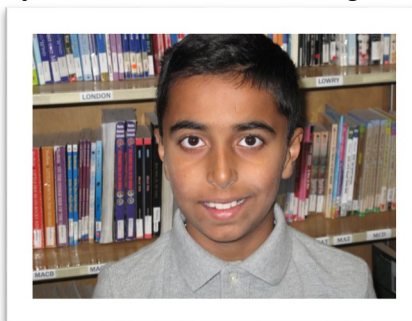

Jim Cairns introduced the 2016 Falconridge School scholarship recipients from Falconridge School. Both these students did an excellent job with their applications, getting references and conducting themselves with strength throughout the interview.

Julie Webster, loves school and wants to be a Teacher. She participates in many school volunteer programs, plays soccer and is moving to French Immersion in Grade 7

Ansh Suri is a young man who while only being in Canada three years has a great command of English. He likes to participate in school activities, plays Basketball & Soccer, and wants to specialize in Astronomy.

Both Julie and Ansh had a chance to say a few words. They thanked the Rotary Committee for selecting them and sent out a special thank you to their parents and teachers.

Carol Graham introduced the two Sherwood School recipients.

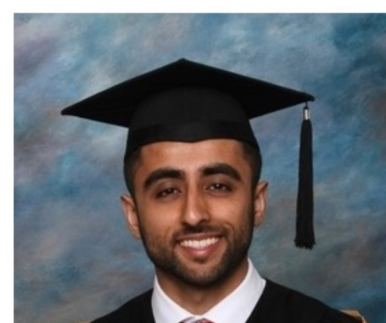

Carol told us about how **Quinn Jensen** researched this program, searched out the contacts and completed his application. Quinn was described in one of his references as a “dedicated student, motivated to succeed and always willing to work and learn”. He comes from a family of 6 and is involved in a considerable list of activities and wants to be a paleontologist. Quinn has a visual challenge but never complains and has a positive attitude.

Nikita Wilson is the oldest of three children. She also is very active at school and her hobbies include photography, reading and painting. She is becoming an accomplished photographer and is interested in pursuing this further, possibly as a career.

Her school describes her as curious, motivated and engaged in the world around her.

Hugh Delaney then introduced two speakers who were to acknowledge our graduating students. **Keith Bekker** the mentor for Harman Sidhu told us that Harman could not be with us today as he had just undergone emergency surgery for an appendix. He had mentored Harman since 2006 and it was easy. Harman is very intelligent and had a spark that he still shows. He has now graduated from U of C and while it was unfortunate that he could not join us today we all wish him well in his future endeavours.

STAY IN SCHOOL LUNCHEON

Jack Haman is the mentor for Brittany Schaffer. Jack dug into his high school graduation stories to weave an interesting tale of heading out into the world. He also had Brittany's original application for the scholarship when she was 11 in 2003. He told us that Brittany had a lifetime plan to be a Teacher and now after completing her Bachelor of Kinesiology at U of C she is fulfilling her dream and is continuing her education through the U of C C's concurrent education program.

Brittany Schaffer is now 24 and told us of her challenges getting her Kinesiology Degree. She thanked everyone for their support through this long journey. The support from her family and others such as Jack saw her through and put her on a path to becoming a Physiotherapist. This has changed a bit as she reconnected with her passion for teaching and is going on to enhance her education to become a teacher. Again she thanked everyone and congratulated this year's winners "You really have been awarded an opportunity of a lifetime"

Presentation of Certificates

Terry Allen presented certificates to Brittany and Keith Bekker who accepted on behalf of Harman Sidhu.

Natalie Pequin has also graduated but is not yet home from the University of New Brunswick.

Natalie's mentor is Ken Farn who is at the World Convention in Korea.

Closing Comments and Acknowledgement of Bryan Targett

Our emcee, **Hugh Delaney** closed the meeting and we sent out a special standing ovation "Thank You" to **Bryan Targett**.

Rotarians were immediately on their feet to acknowledge the tireless and truly amazing effort and time that Bryan has devoted to this incredible program.

Bryan has also graduated after 16 years with this program. Well done **Bryan**....

President Murray added his comments and presented Bryan with a framed certificate to mark this occasion.

We will never be able to truly **thank Bryan Targett** for his amazing work ...

Connecting to each other, to nature, to our city and to the communities we call home.

Connecting Communities

Welcome to the Rotary/Mattamy Greenway, a linear park and pathway system that encircles the city of Calgary. Led by the Parks Foundation Calgary, with the generous support of the Calgary and area Rotary Clubs and Mattamy Homes Ltd., the Greenway connects over 55 communities with pathways, rest areas, off-leash dog parks, and family fitness parks.

Rotary: "Service above Self"

Who is Rotary? We are neighbours, friends, leaders, and global citizens who come together to create positive, lasting change in our local communities and around the world. Calgary and area Rotary Clubs bring together dedicated individuals to exchange ideas, build relationships, and take action.

The Greenway is just one way that Rotary contributes to the health, wellness, and sustainability of our community. Members and volunteers participate in projects large and small, from supporting local Calgary Rotary Challenger Park and Rotary/Flames House, to World Community Service projects including clean water programs and efforts to eradicate polio.

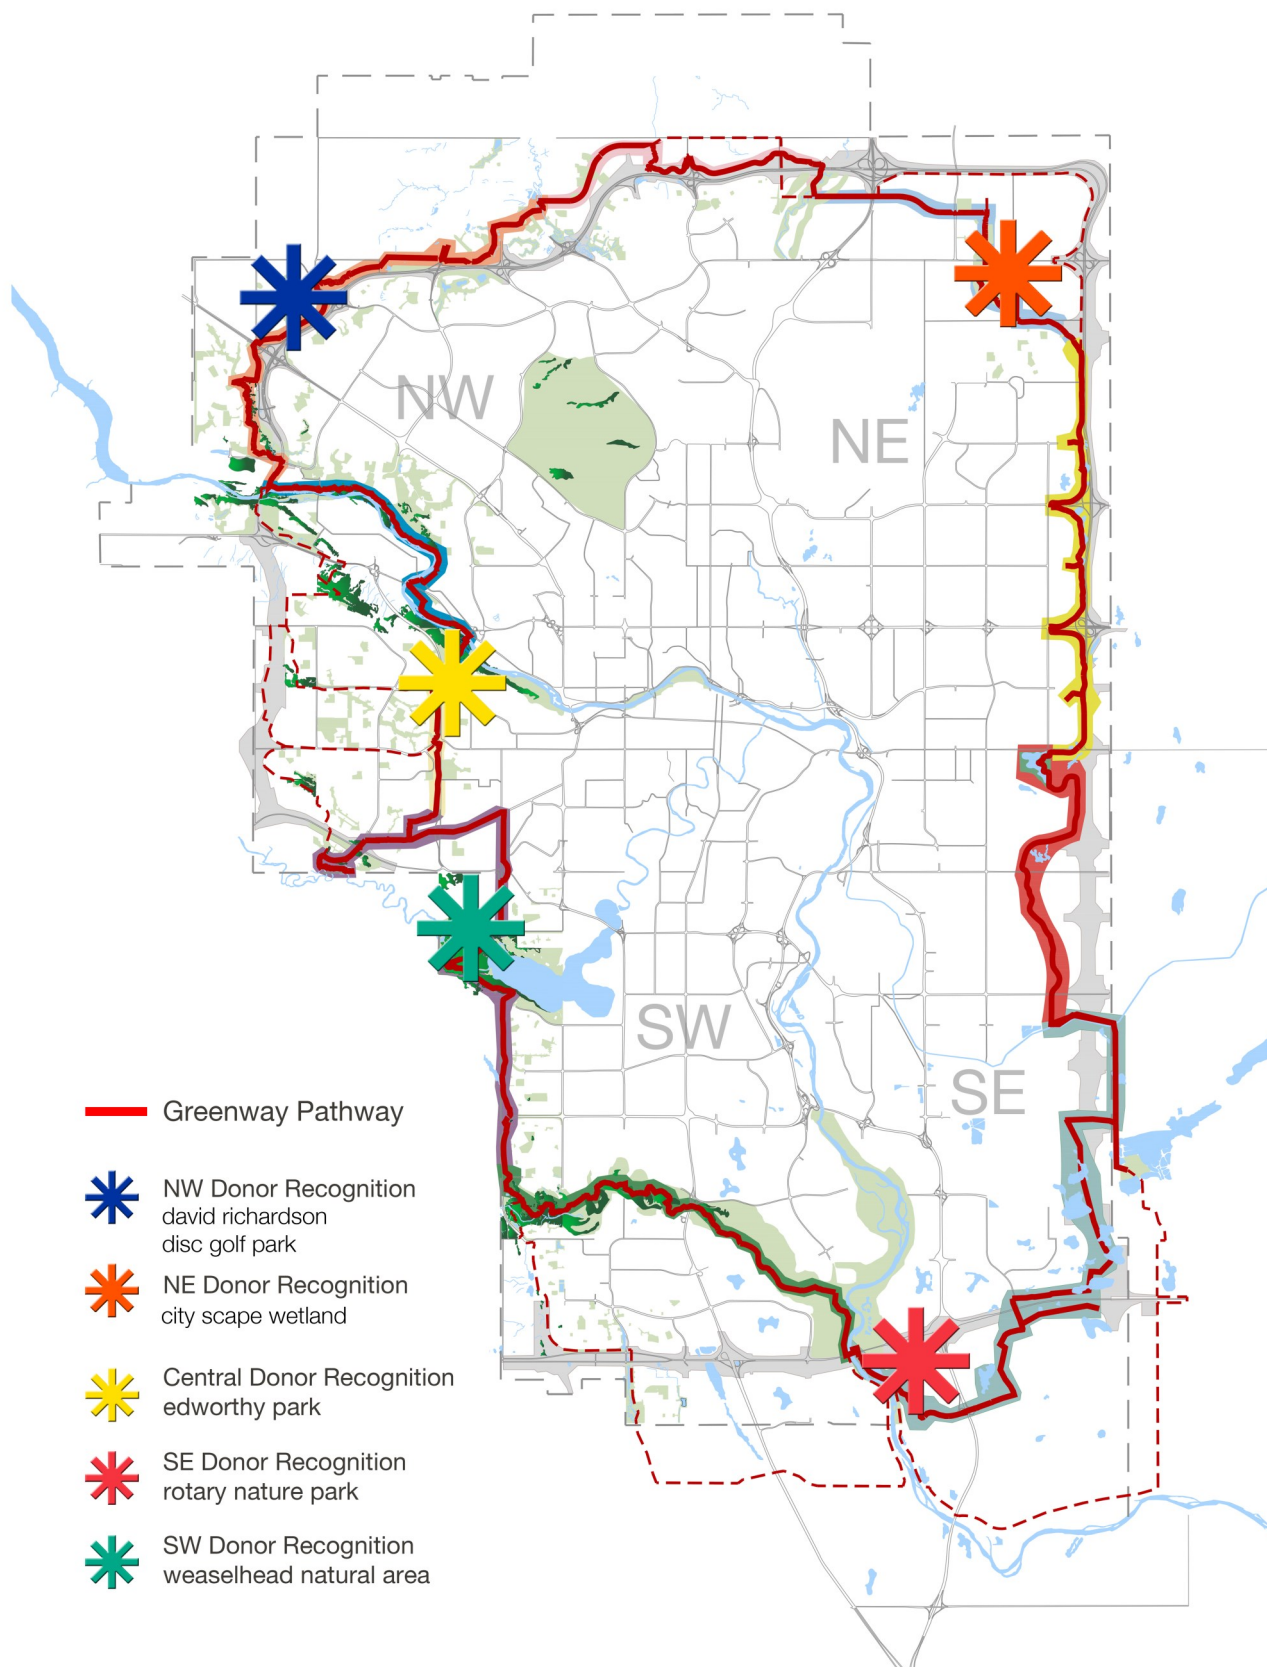

Exploring the Greenway will enhance a healthy lifestyle and connect you to Calgary's diverse people and environment. Exploring Rotary will improve your world.
