Sarah Hayes: Vice-President of Calgary Stampede and Executive Director: Calgary Stampede Foundation

Sandra Lunder: Manager Philanthropy, Community Involvement -Calgary Stampede Foundation

Mark Ambrose advised us that Sarah has twenty years' experience working in the charitable sector. She oversees the Stampede and Foundations youth and indigenous programs as well as the construction of its new Youth Campus. She was part of the Stampede's We're Greatest Together capital campaign that saw generous donors and investors contribute over \$130 million towards new community projects.

Previously she served as chief development officer of The Banff Centre for nine years. In this capacity

she directed The Banff Centre \$127 million campaign with a national campaign cabinet.

Prior to The Banff Centre, she was Vice President at Ketchum Canada, a national fund-raising consulting firm.

Ms. Hayes serves on the board of the Alberta Jubilee Auditoria, the Lake Louise All Mountain Ski Club and has served on the boards of several industry associations. Raised in Calgary she holds and Honours Bachelor of Arts Degree from Queen's University.

Sarah began by offering a big Thank you to **Mark Ambrose**. Talk to synergies between our organizations; we share some awesome leaders. I am so impressed with **Mark Ambrose** as a leader (with us and in the community) and as a person. Stampede and Rotary have a reputation for volunteerism and community service and Mark exemplifies this. We are so lucky that he has chosen to volunteer with us; and I'm sure you feel the same way about his contributions.

A month from now we will be well into day two and it's hard not to notice excitement building on park; media campaigns out there. I want to share with you a part of Stampede that happens year-round that is less in the public eye and that is the priorities and programs of the Calgary Stampede Foundation.

## Strong Youth. Stronger Community

This is much in common with The Rotary Club of South Calgary: We all share a commitment create opportunities for youth and to making our communities better. A few examples of this are: **Terry and Steve McDonough**, Terry was a honorary life member of the Calgary Stampede and Steve McDonough his son is the newly elected second Vice Chairman. Of course; **Mark Ambrose and Roger Jarvis** who served as president 2000-2001. The projects we talk about today are made possible through Roger's leadership and the Stampede organization is indebted to him.

The Stampede and The Rotary Club of Calgary South have had a great collaboration over the years. We share the space and are great neighbours and have a lot in common with helping youth in the city. **Terry McDonough**, great member of Rotary and the Stampede and **Roger Jarvis** from this club was the President of the Foundation in 2000-2001, he was the who instigated the projects that we are seeing today for the Foundation.

This is a three-part story:

**1994:** The Foundation was incorporated, and became an independent charity form the Stampede, the received gifts and dispersed gifts and raised philanthropic funds, and they starting thinking about a master plan

**2004:** got a donation from the Nat Christie Foundation of \$6 million, and with this kind of backing , had the power to make great things happen  
Master Plan -3 Major Projects

**2010:** We're Greatest Together  
Goal to raise \$100 million  
2015 Capital campaign concluded \$133 million raised!!

Youth Campus

NE quadrant of the Park, Transalta studio opened April 2017, the BMO Amphitheatre opens in October 2017, Charter School to open in January 2018 that will hold 450 students, Waltonhall Church will be revamped and used for performances in May 2018.

The Sun Centre will open in 2018 and in 2019 the Calgary Opera will move in.

Sandra advised us the Youth Campus is about helping youth to be inspired, community minded, have civic pride and for them to be thankful for what they have.

Three areas to focus on

Education, Performing Arts, Agriculture. To give the next generation strength, a skill set and results.

Education. Helping them understand what Calgary is built on , learn about the rodeo, indigenous, agriculture etc  
Performing Arts: Learn about commitment not just about learning an instrument, and they have to work as a team  
Programs from age 7-22, and they have auditions and performances year round. The youth show band is 136 youth, they practice and perform over 1000 hours a year, they have won 5 World Champions and are great ambassadors for Canada and Calgary and they appreciate that responsibility.

AN INTERNATIONAL BACCALAUREATE EXPERIENCE

May 30, 2017

Dorothea Schaab  
Calgary South Rotary Club

Dear Dorothea:

A very sincere thank you to the Calgary South Rotary Club members and friends of Rotary for sharing their experiences and knowledge during St. Mary's High School's 'Rotary Career Conversations' this spring.

Students were very appreciative of the members' time and willingness to share. So many students are unsure where their future career path will take them. Students realize they are very fortunate to hear the career paths of successful women and men in our community. They may not follow the path of our Rotary guests, but perhaps a seed has been planted to stay in school or begin volunteering or to seek part-time employment in order to learn about a particular occupation.

I have some thoughts about how to improve the program for next year and would be happy to meet at your convenience.

Thanks to Calgary South Rotary Club for the kind monetary donation. The funds were used to purchase breakfast food and drinks for our guests and students. Any leftovers were donated to our Success Coach who regularly provides food to students who come to school hungry.

In particular, I'd like to thank you for recruiting Rotary members and friends of Rotary to participate. Juggling members' schedules and the needs of the school is never easy, but you made it seem like it was. It is a great pleasure to work with you!

Kind regards,

Susan Huvenaars, CCDP  
Career Practitioner

Thank you to these Rotarians who participated in Career Conversations: **Harry Pelton, Luanne Whitmarsh, Bill LeClair, Larry Stein, Glen Godlonton, Myrna Dube-Thompson and Gena Rotstein.** Also a special thank you is extended to these friends of Rotary who also participated in Career Conversations: Dr. Pawel Niemczewski (Biba Tharp's son-in-law) and Katharine Schaab (Dorothea Schaab's niece).

For Accommodation it is highly recommended that you contact the hotels listed on the WGIPPA website to determine availability. The organizers have not been able to arrange group rates due to the large numbers of visitors to the Parks this year.

The WGIPPA website is <http://www.watertonglacierpeacepark.org/>

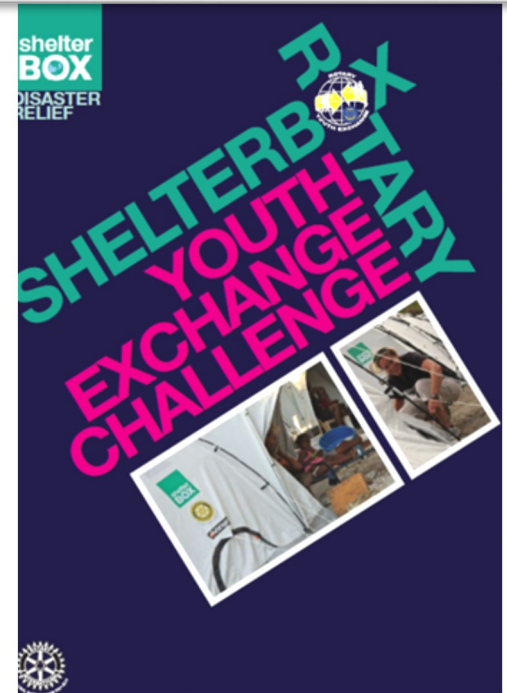

You will also find a tentative program listed on the website .

A big thank you to all those who attended and to **Jamie Moorhouse** who became our technical advisor and to **Mike Zacharki** who provided the leadership for the meal.

We are still doing a final tally of the finances but we are within a few hundred dollars of \$40,000 for Shelterbox

June 7th was our first hike of the season and a lovely hiking day. We went to Ole Buck Loop. Our first sight was Sibbald Lake. The flowers were plentiful. This group of Venus Slippers were an example. Two new flowers identified were Lemonweed or Yellow Puccoon and Heart leaved Alexanders. At the summit there were 4 Inukshuks. We took the opportunity to have lunch there on a convenient bench just the right size for five hikers. On the way down a toad was spotted sunning itself on a clump of dirt. When we returned to the lake there was a family of Canada Geese in the distance with 5 goslings

**Hello Book Babes:** next Book Club meeting is **Monday June 19th** at Elbow Valley Residents Club. We meet at 10:30 followed by lunch. More details will be sent in a separate email. Please RSVP to me at [kabritts444@shaw.ca](mailto:kabritts444@shaw.ca) or 403-256-1379. Thank you and Happy Reading!

**HIKERS:** A group of went to Sibbald Lake to the Ole Buck Loop. The flowers were spectacular, and the weather was perfect.

On Wednesday June 14th we will drive to the Castle Junction area to find Silverton Falls & Smith Lake. This is 4km long, with only 240m in height gain.

Most hikes are shorter and flatter this season to accommodate our aging group. We welcome friends and family and those who love to get away and explore.

## Travel the world's largest urban pathway system for the Summer Challenge

By Anna Junker

Want to take in the beauty of Calgary, visit all four quadrants of the city and win prizes while you're doing it?

**Parks Foundation Calgary** has launched Summer Challenge, an event in celebration of Canada 150. They are challenging Calgarians to walk, run, cycle or in-line skate 150 kilometres using the **Rotary/Mattamy Greenway**.

The Greenway is a 138 km network of paths and bikeways that circles the entire city. The greenway can be used year-round and is expected to be fully completed by the end of 2017.

Areas of the city still under construction include the path joining the northwest and northeast quadrants. There is also a wetland area in the southeast which will be completed in the winter when the water is frozen over.

The Greenway directly connects 55 communities around the city and connects to almost 1,000 kilometres of Calgary's existing pathways. It also links parks, natural areas, green spaces, river valleys and other amenities. It can be used to commute to work or for recreational activities.

"Many residents are unaware that Calgary boasts the longest urban pathway and park system in the world," said Sheila Taylor, executive director of Parks Foundation Calgary in a press release.

The Summer Challenge kicks off June 25 and runs through to August 28. People can register for free through Facebook or [greenway150.com](http://greenway150.com) as individuals or a team where they can add up everyone's kilometres throughout the summer.

For those with four-legged friends, their kilometres can be added to yours.

The entire pathway does not have to be completed, just enough to reach 150 km which encourages people to get out and explore other areas of the city.

Anyone participating can share their journey on social media, tagging Parks Foundation Calgary and using the hashtags #MyGreenway and #Greenway 150 where they will be eligible to win weekly prizes.

Parks Foundation Calgary will also be using social media and online tools to inform people about the progress, areas to avoid, detours and suggested routes while the pathway is still under construction.

Interactive maps are available to download at [greenway150.com](http://greenway150.com) and the Greenway is highlighted on the City of Calgary pathways and bikes app.

Summer Challenge medals and certificates will be awarded on Sept. 2 at four simultaneous events in each quadrant of the city.
