

OCTOBER 24TH, 2019: VOLUME 65, ISSUE 15 KENT FRASER: SHELTERBOX PRESENTATION

Harry Pelton introduced our Speaker **Kent Fraser** today. Harry noted that ShelterBox was started in England 15 years ago by Rotarians. Kent Fraser is here to speak as the Chair of ShelterBox Canada. Kent is also a Rotarian at Fish Creek Park. Please welcome Kent.

Kent Fraser began by saying that The Rotary Club of Calgary South and its members have been strong supporters of ShelterBox, especially through Youth Exchange. With the guidance and inspiration from **Past President Ron Prokosch**, and hours of help from others in this club, the youth exchange students in District 5360 have raised \$152,000 since 2012.

Youth Exchange students have explained the reason for their enthusiasm for ShelterBox and it connects directly to why Rotary supports Youth Exchange. Exchange gives them a broader view of the world. We all want to help those in our community. When a Youth Exchange student arrives here they meet the other students and quickly form their own global community. They see ShelterBox as a clear, simple and tangible way to help others around that new global community.

ShelterBox is all about Disaster Relief.

We all see them on the news from time to time, but disasters happen every day. ShelterBox typically responds to 25 disasters each year – One every 2 weeks and often many at a time.

KENT FRASER: SHELTERBOX PRESENTATION

Today we are working in Bangladesh, Ethiopia, Somaliland, Lake Chad Basin and the Syrian region.

According to the United Nations there are 71million people in this world who have been forced from their homes. Think about that. That is the equivalent of two Canadas, and only 20% of those families will receive any emergency shelter.

These are staggering numbers. At ShelterBox we want it to be zero. To get there we need to look at the family. Who are they? Where are they? What do they need? What can we do for them? When you get face to face with one of those families it quickly becomes clear. They are just like us. A mom and a dad, who more than anything else, want a safe place for their children to lay their heads tonight. And that is what ShelterBox is all about.

ShelterBox started as the project of a small English Rotary club in 2000. In just a few years it grew into a global organization. The relationship with Rotary has been there all along and became a formal partnership in 2012. ShelterBox is the Rotary way to respond to disaster.

When a disaster happens, our highly trained volunteers, many of them Rotarians, go into the disaster zone, find the families that most need help and give them a big green box. And in that box is everything that we can fit to help them to recover.

Often we go where others don't. When the earthquake hit Nepal we helped immediately with aid we already had in Katmandu, but as other aid flooded into the city, our crews teamed up with the Burkas and flew to the mountain villages with harsher climate and no other connection to the outside world.

We start of course with Shelter. Traditionally that has been the tent. Our main tent is an extreme piece of engineering designed to provide safe haven for a family for months, across all kinds of conditions. Still, we found we could do even better in some extreme conditions, so we also have a tent for extremely hot conditions and one for extremely cold conditions.

In the same box we include things like ground sheets, blankets, a stove, pots & pans, dishes & utensils, tools to help rebuilding, a kids pack, a water filtration system with water containers, mosquito nets and lights.

The solar-powered lights charge up through the solar panel in 10 hours and then last all night and more, plus it will recharge a cell phone. The lights are very important to extending the families day, especially in the tropics where nights are 12 hours of darkness. They provide an element of safety in dangerous areas.

Give people a box with all the materials they need. That is the simple part of the ShelterBox story. However, anyone who has been involved with international projects knows that things are rarely simple. You can't just dig a new water well and assume all will be fine. It is certainly the same in the chaos of disaster relief.

First, we increasingly face barriers around what we are allowed to do. We cannot go into a country unless the government requests aid. Sometimes they are slow to ask because they do not want to look weak. Some demand that relief agencies only use materials sourced from inside the country. Some prohibit tents. We find ways to adapt to these challenges and to make sure families get what they need.

A good example is Hurricane Irma that swept through the Caribbean islands 23 months ago. On some islands the families needed a full ShelterBox. On some islands they needed a tent and a few other items. But the most common circumstance was to find families whose homes were damaged but not destroyed. The roof has blown off. Instead of a tent, we helped them repair their home.

KENT FRASER: SHELTERBOX PRESENTATION

That is where the ShelterKit comes in. It is a large bag containing large reinforced tarps, along with large-head nails, rope, wire and tools. We then work with the family to assist them in repairing their home.

Those families also needed some other materials, so along with the ShelterKit we gave them a small green box with the pieces other aid they need. Most often that was a water filter, mosquito nets and a pair of LuminAID. The ShelterKits are used extensively because it is often the best solution for the family. It also makes the most of donor's money. A complete ShelterBox costs \$1200, delivered but we can help a family with a ShelterKit and key pieces of aid for \$300 – Four times as many families. That is pretty important as we strive to put a dent in the millions who need help each year.

Photo: Indonesia, Earthquake, 2018

It all started with a Rotary club and Rotary remains at the heart of ShelterBox. Rotary is also at the heart of our responses. On their way into a disaster zone, our teams will usually start with a call to the District Governor. Rotarians make ShelterBox more effective than many other organizations by cutting through the red tape and finding warehouse space, trucks, fuel, drivers, interpreters and billets. Rotary makes ShelterBox better.

Rotary is at the heart of our organization here. The Board of Directors of our Canadian organization is 45% Rotarians. Shekhar Mehta from India will be the Rotary International President in 2021-2022 and he is currently on the board of the global ShelterBox headquarters.

We rely on Rotary for the club donations and the personal donations that make this all possible. In Canada almost 50% of donations come from Rotary clubs and Rotarians.

The Rotary Club of Calgary South is a Gold Hero.

ShelterBox does NOT receive funding from the government. ShelterBox does NOT receive funding from The Rotary Foundation.

If you like what you've heard about ShelterBox, please consider taking action, any action. Donate, ask for help with a fundraiser, or join one of the many different kinds of volunteer roles

THANK YOU for your tremendous support in time and donations. Together we are making a difference. Because of you, all around the world there are many parents who tonight have a safe place for their children to lay their heads.

Mark Ambrose thanked Kent for his presentation on such a worthy organization and cause. He also joked that he was considering being a volunteer until Kent noted some of the possible dangers they are trained for, including an armed native yelling in a language you don't understand! **President Chas** added his thanks

President Chas welcomed everyone to the Rotary Club of Calgary South meeting on **October 24, 2019**. President Chas provided some history of today's date:

1901: Annie Edson Taylor: First woman over the Canadian side of Niagara Falls and survived.

1929: Black Thursday: Dow Jones Industrial Average fell 12.8%.

2005: Rosa Parks passed away on this date. In 1955 in Montgomery Alabama Rosa refused to give up her seat on the bus and was credited with starting the civil rights movement.

He then asked the assembly to join Lisa Fernandes in the singing of O Canada and Rotary Grace.

Head Table: Kent Fraser, Leanne Fraser, Harry Pelton, Luanne Whitmarsh and Jim Hutchens

Bulletin Editor: Carol Graham **Photographer:** John Shield

Guests: Bill Sumner introduced our Guests today

50/50 Draw- George Deegan: The lucky winner was **Glenn Potter**. Congrats Glenn!

Sergeant-At-Arms: Tom Walton: Tom called upon an unfortunate group (including **Penny Leckie, Craig Stokke, Jim Bladon, Kevin MacLeod and Chad Hason**) to come to the front of the room. He then handed them each a list of "tycoons" and proceeded to quote some of their famous

lines. He asked the group to identify the tycoon who said the quote. Most of the quotes were from "Scrooge McDuck" (a fictional Walt Disney character) and regrettably the group were mostly incorrect. Good one Tom!

Salvation Army Christmas Kettles: Dave Read only needs only 2 more kettle shifts for Dec 7 and Dec 14.

Neil Fraser thanked everyone for their support of CRCF and working with us to produce two videos that showed our members how their donations continue to work in our community. Thanks also to those who have made a donation this year. We love to accept cheques made payable to The Calgary Rotary Clubs Foun-

dation. **Penny Leckie** was Chair of the Foundation this past year and under her direction we were able to update the on-line donation process and make it much easier to use and to receive Tax receipts. A major feature is that we can now make monthly donations and some of you have already done that. Your feedback has been very positive. Donations are welcome any time of the year. I have copies of our 2019 Annual Report that clearly details the two ways to make donations. By cheque and on-line.

What is the Calgary Rotary Clubs Foundation (CRCF)?

- It is a place where all Calgary Rotary Clubs can invest their charitable funds and is overseen by a Board representing all participating clubs.
- Each Club receives annual interest on their investment.
- The funds returned to our Club now cover all of our Small Grants and all of the Partners Community Grants and this is growing each year!

Why should I donate?

- The funds you commit to CRCF will remain in our local community in perpetuity.
- All decisions regarding the dispersal of funds are made by our own members whom we know and trust.
- Through your generosity you will help feed those who are hungry, house those who are homeless, help those living with disabilities, those who are sick, and those who just need your support to re-build their lives.
- You will receive a tax receipt.

How are donations recognized?

- All annual donors are listed in the CRCF Annual Club Report regardless of amount contributed. Every dollar makes a difference every year.
- Records of your individual donations will be kept for you.
- You will receive a unique Calgary South Benefactor pin engraved with our beloved Rotary House for cumulative donations as well as a personalized certificate and your name engraved on the CRCF Donor Recognition Board.

How do I make a donation? There are three convenient methods:

1. Cheques must be made payable to "Calgary Rotary Clubs Foundation" with a note that it is for "Calgary South". Tax receipts will be sent from the Foundation.
2. Online donations may be made at www.calgaryrotaryclubsfoundation.ca. Click on "How to Contribute" & then click "Contribute online via Canada Helps". Tax receipts will be received via email.
3. Fill out the donation card with your credit card information and we will enter your information for you. You will still receive a tax receipt by email.

Donations may be made by corporations, families and other supporters of the work we do in our own community. You may make a donation for a family member or friend to celebrate an anniversary, birthday, a passing, or a work milestone – whatever memory you would like to acknowledge. Donations may be made all year round.

Thanks to President Chas for your support of CRCF and working with us to produce two videos that showed our members how their donations continue to work in our community. Thanks also to those who have made a donation this year. We love to accept cheques made payable to The Calgary Rotary Clubs Foundation.

I know many of you give not only a great deal of your time but also financially to organizations but this is my request.

For the month of October, each time you go to the grocery store buy one extra item (there are lots under \$3) and put it in the Food Bank bin. They are in need of supplies for families with children in school and to prepare for Thanksgiving.

The immediate requests are peanut butter, canned fruit, canned meat (tuna, salmon) and pasta.

We are all so blessed with the life we have and there are so many that struggle to feed their kids and themselves. Let's pay it forward ladies!

Pat Burns and Maureen Hutchens organized the tour and we thoroughly enjoyed this wonderful building and learned all about the resources that are freely offered to Calgarians.
