CLUB NEWS

Good afternoon Rotarians and Guests. Welcome to the October 7th, 2021 meeting of the Rotary Club of Calgary at Stampede Park. I am the Club's President, **Craig Stokke**

I always look forward to having our Stampede Partners as our guests. The Stampede and Rotary have a tremendous history in our city. Rotary came to Calgary in 1914, and Guy Weadick arrived a couple years earlier. Both organizations share a common goal; making our city better. We are both volunteer driven, community driven, and in many cases, we are the same people. Rotarians have always played a significant role in the success of the Calgary Stampede, including McDonough family. And the Stampede has always played an important role in the success of our Club - including our annual Dream Home lottery. We look forward to strengthening our partnership as we jointly prepare for and host the world for the 2025 Rotary International Convention. Steve and Joel, thank you for coming today. Please join me for the singing of O Canada followed by Rotary Grace.

HEAD TABLE: Joel Cowley, Steve McDonough, John Fitzsimmons, Mark Ambrose, Sherry Austin

Message from Susan Cran:

I have been receiving lovely messages from our Rotarian friends with regards to Tyler's passing. Thank you. I don't know if you are aware that both Tyler and I are members of the Rotary Club of Osoyoos. I will be President next July. One Rotary project that Tyler and I were passionate about was the new Osoyoos Museum. Our Club has made a commitment to raise money toward a multi-purpose media room that our Club will use to host our lunch meetings. In honour of Tyler's memory, donations for that project would be appreciated. Tax receipts will be issued. Of course our thoughts go out to Susan and her family during this difficult time. There is an attachment to the email of the bulletin and here is Susan's email: spcran@shaw.ca

ADMINISTRATION: Kathyann Reginato is away from October 11th to October 31st 2021. She will be working limited hours during this time. Please reach out to Directors or Committee Chairs if you require any assistance.

VIDEO WORK FOR CLUB MEETINGS: If you are interested in assisting Steve, Jamie & Glen Godlonton with videoing Club meetings (or learning more about it) reach out to **Steve Mason**. He would be happy to explain how it works.

Cleven Awards: Bryan Walton announced the opening of nominations for the annual Cleven Awards. He provided a form on each table today and it will be in the Bulletin as well. It is the most important award a Rotarian can receive. The nomination form must be accompanied by a testimonial letter. He asked the members to consider nominating someone and send to Bryan by email. Nominations close on November 12 and the presentation will be made during the Christmas period.

This special internal award of the Rotary Club of Calgary at Stampede Park was established in 2006 to recognize the outstanding contribution of club members who take on significant responsibilities and commitments in furthering the work of our club.

NEXT WEEK: OCTOBER 14th at ROTARY HOUSE Vertical Agriculture: Dan Cloutier

President Craig: We will be hearing about incubating high-growth technology based companies with Dan Cloutier. Please consider bringing a guest.

NEXT WEEK: OCTOBER 14th at ROTARY HOUSE Vertical Agriculture: Dan Cloutier

Dan Cloutier has significant expertise in incubating high-growth technology-based companies. Seer has worked as a consulting company in energy efficiency since its inception. We have typically contracted our services under others brands as we do today with Onsite Power Partners / Crown Capital and Nexus Power Solutions over the last decade. Ark is an ancient Hebrew word for "to cover". That is extremely apt as the vision and purpose of our company, coming from our roots in the energy sector which led us to understand the incredible opportunities in front of us for far greater energy efficiency by means and approaches of leveraging passive solar for space heating but also cooling which we demonstrate and have deployed in our commercial greenhouse co-located on Sprung's corporate campus located in Aldersyde, Alberta. Greenhouses have many uses such as of course growing produce, but not least of which is for use in the most energy efficient commercial building applications in the world such as what Manitoba Hydro has proven with their highly energy efficient head office, close to the corner of Portage and Main in Winnipeg. This building has proven that even in a very cold climate, it is entirely feasible to heat and cool a multi-story tower without the use of fossil fuels. Seer/ARK /Sprung Structures is pursuing advancing such energy efficiency and high resiliency feats for its customers.

GUEST SPEAKERS: STAMPEDE BRASS: JOEL COWLEY AND STEVE MCDONOUGH

Joel Cowley, Chief Executive Officer

Joel Cowley, Chief Executive Officer (CEO) is responsible to the Board of Directors for leading the organization. Before taking on the role of CEO, Joel was most recently the president of Angus Genetics Incorporated, following 15 years with the internationally renowned Houston Livestock Show and Rodeo. As president and CEO of the Houston Livestock Show and Rodeo, Cowley oversaw 135 full time employees and 35,000 volunteers and brings considerable strengths in leadership, communication, administration and business to the Calgary Stampede.

Steve McDonough, President & Chairman of the Board

Steve has spent his professional career building organizations and taking on new challenges. A lawyer by training,

Steve has served as a policy advisor to the federal government in Ottawa, built and sold an advertising agency, is involved in commercial property development and has built a franchise retail business. Steve has a wide array of skills and experience.

Speaker Introduction: John Fitzsimmons introduced Steve McDonough as a man well known to us, who “wrestled the bear” to host the 2021 Stampede and needing “no introduction”.

Steve McDonough: began by saying it warmed his heart to see the Rotary House full again & while he and his team “wrestled the bear” our Rotary Club stepped up to make it happen. Steve wanted to tell us about the CEO succession and introduce our Club to the successful candidate Joel Cowley. The succession was expedited due to the former CEO passing away. The Board came up with a shopping list of qualities they wanted in the successful candidate including:

- ♦ Tone at the top
- ♦ Problem solver
- ♦ Excellent people skills
- ♦ Presence
- ♦ Experience that was Calgary-specific
- ♦ His personal favourite quality was “the best person on the world”.

Steve had just been appointed the President and Chairman of the Stampede Board when he was handed the daunting task of recruiting a new CEO. They went “through the world” to find the right person and had many excellent candidates but Joel differentiated himself by speaking of his passion of working with volunteers while carrying out a worthy vision.

Speaker: Joel Cowley began by saying he was humbled and honoured to be named as CEO and thanked our Club for our commitment and service to the community. He will be happy to join us in Houston in 2022 for the Rotary International Convention and excited about helping to host the 2025 Convention in Calgary.

Joel spoke of his background, upbringing, education and career to understand why he is passionate about this industry. Born and raised in the US, he and his two brothers lost their parents at a young age and were raised by their paternal grandparents. His grandfather was a jack of all trades and enrolled the boys in 4H where they learned to love and appreciate animals and agriculture. Joel’s self confidence grew raising livestock and he received a livestock judging scholarship. He went on to receive his Master’s and MBA. He was involved in coaching livestock judging teams and provided his expertise in cattle evaluation in Alberta. He spent 15 years with the Houston Livestock Show and Rodeo, first as Executive Director and then as CEO. He oversaw 135 full time employees and 35,000 volunteers. Joel was most recently the President of Angus Genetics Incorporated. He has a passion for community service and community engagement as well as the importance of agriculture. Of all of the fairs, exhibitions and festivals in the world, only two stand out: Houston and Calgary.

GUEST SPEAKERS: STAMPEDE BRASS: JOEL COWLEY AND STEVE MCDONOUGH

After he was announced as the successful candidate for the Stampede there was a lot of positive feedback and one of his favourite comments was : "I guess Guy Weadick was a "Yank" also!" Calgary feels like home as a result of growing up in Colorado and living in Houston.

He is excited to bring about the vision for the Calgary Stampede which creates a tremendous economic advantage for Calgary as well as bringing the community and over a million visitors together. There are also a number of events and programs throughout the year. The future is encouraging with the Stampede's ability to positively impact the community while serving a tremendously diverse community, along with honouring our western heritage. Joel said he was honoured and humbled to be the caretaker for the Calgary Stampede and ushering in the vision. He concluded his remarks by saying "I may not be a Canadian but I got here as fast as I could". Welcome Joel. The Calgary Stampede is in good hands!

Speaker Thanks: Jim Bladon: said it was an honour to pass on our heartfelt thanks to both Joel and Steve. For the past 60 years, the Club and Stampede have worked together. The Calgary Stampede is much more than 10 days in July. It is the heart that beats within Calgary through empowering youth, bringing enormous economic benefit to the City, creating jobs, connecting youth and community and much more. Since 2009, 30 million has gone back to the community. The Calgary Stampede and Rotary recognize that stronger youth equals stronger community.

On behalf of the Club, we wish you continued success and look forward to what we can accomplish together. "Giddyup!"

In Closing: Steve and Joel; from the Chair I would like to thank you for your time today. There are exciting things happening on-park and I have no doubt the Stampede is in great hands to lead its growth and transformation. In recognition of your time today, our Club will make a donation to the Calgary Rotary Clubs Foundation. This gift will help support our community. Thank you.

OBITUARY RICHARD FRANK SHAW (June 18, 1928 - September 27, 2021)

It is with deep sadness that we announce the passing of Richard Frank Shaw on Monday, September 27 at the age of 93. He will be lovingly remembered by his daughter, Rebecca Jo (Becky) Shaw; his son-in-law, Andrew Robert Wreggitt; his granddaughter, Cayley Jane Wreggitt; his brothers, Tommy Jay and William Malcolm Shaw and their families (Oklahoma City); and his sister-in-law, Virginia Milner Ross and her family (Dallas, Texas).

He was pre-deceased by his wife of 67 years, Jo Ellen Milner Shaw, in 2017. Richard was the oldest of three boys born in Oklahoma City to Dorothy Aletrice Hawk and Richard Frank Shaw, Sr. After graduating from Classen High School in 1946, Richard studied geology at the University of Oklahoma. His studies were interrupted by the Korean war when he was called to active duty at Camp Polk, Louisiana. By then Richard had fallen in love with Jo Ellen Milner whom he married October 1, 1950. A 1st Lieutenant and Battery Commander, Richard received transport orders to Japan in 1952 but the war ended before he was shipped overseas. After he completed his Master of Science degree in geology, Richard began his career in Shawnee, Oklahoma with the Carter Oil Company. In 1961, Richard formed his own exploration company, Sigma Oil and Gas.

In 1968, Richard had the opportunity to take his geological skills to Calgary, Alberta, so he, along with Jo Ellen and Becky, began their northern adventure. In 1969, Richard formed Glen Isle Exploration, which became a successful mid-size Canadian oil exploration company. He was also a leader in community activities such as the 1988 Calgary Winter Olympics and was a long-time member and past president of Rotary Club of Calgary South (Stampede Park).

In 1982, Richard turned his scientific mind to breeding Canadian thoroughbred racehorses and he and Jo Ellen created Glenview Stables Ltd. Over the years, several Glenview horses became Canadian stakes winners (two were named Canadian Champions of the Year) and Richard and Jo Ellen won a number of awards, including Canadian Thoroughbred Breeder of the Year. Their horse-racing adventures took them to Japan, Ireland, France, Kentucky, and California and led to them meeting Queen Elizabeth II at the Queen's Plate in Toronto in 1997, where their horse Love View finished a respectable fifth. Richard also served as Vice President of the Canadian Thoroughbred Horse Society (Alberta Division) and was elected a Steward of the Jockey Club of Canada.

Richard will always be remembered as a curious and creative scientist; a gentleman and thoughtful friend; an involved member of many communities; and a generous and loving father and grandfather. A private graveside service will be held for family and a celebration of life will be held at a later date.

Condolences may be forwarded to the family by visiting www.edenbrookcemetery.ca. Arrangements entrusted to EDEN BROOK FUNERAL HOME AND RECEPTION CENTRE.

RCCSP HIKING CLUB

Oct. 6th:

Thirteen hikers lucked out on our trip to Johnston Canyon and the Inkpots.

Despite weather forecasts for rain, we had a lovely day and the mist of rain came when we were in the forest protected by the trees.

This is a hike with waterfalls and more waterfalls, all of which are beautiful and different.

Our lunch spot was at the inkpots which are pools with interesting colors and have shapes bubbling up within them.

Our lunchtime visitors were a pair of bold Whiskey Jacks, but we obeyed the signs and did not share our cookies with them
