BULLETIN CHAIR: BEV OSTERMANN

EDITOR: CORINNE WILKINSON

PHOTOGRAPHER: STEVE MASON

Heinrich Heinz introduced Gary Lamb: Garry was born and raised in Calgary. He obtained a B.Sc in Civil Engineering from the University of Calgary in 1975 and completed his Masters of Engineering Degree in 1983. He has spent his career working in the Calgary area, primarily in the field of project management. Garry joined Alberta Transportation in May 2005 as the Urban Construction Manager for Calgary.

He is currently the Project Sponsor for all new Provincial Highway work within the City of Calgary which includes the Calgary Ring Road and Deerfoot Trail. His projects have included expansions of Calgary's Water Treatment Plants, pump stations, reservoirs, the Calgary Convention Centre, Westside Recreation Centre, the expansion of Mount Royal University and now the design and construction of the Calgary Ring Road Project.

Garry said that before MLA Clarence Copithorne, transportation planning was ongoing at municipal and province levels. He showed a 1959 map – of what the network highways and freeways would look like in Calgary.

In 1970 the city started looking at a road crossing thru Tsuu Tina land and in 1974 when it was starting to be studied, our population was 433,400. Garry shared drawings produced in 2005 that showed the plan almost identical to what is being built today. He has hosted over 1,000 people at open houses to share the plan saying that what he hears most is: "I didn't know this was happening in my neighborhood. Garry, tongue in cheek, said that yes, this is pretty top-secret stuff that the city hides on the internet.

Because of the length of the project spanning years, it is hard to keep people engaged and this is one of their biggest challenges. An example is Bridlewood – that community did not exist when plans were made, and it is therefore incumbent on the real estate industry to share future plans with home buyers.

HEALTH AND WELLNESS: Contact Dick Shaw at atlanticclipper@gmail.com if you know of anyone that is not well or is there anyone you know that could use a visit.

TRANSPORTATION: Contact Bonar Irving at bonar@shaw.ca or: 403 254 8476 if you know of anyone that may need a ride to meetings

Garry shared some pretty cool and crazy looking intersections – only to say none of them were the shapes Calgary could expect. Our ring road will be 101 km in total with a to-date cost of \$1.9B on construction. 71 km of the 101 km have been completed.

The final 31 km segment will include: 66 bridges, 20 interchanges, a railway flyover, an underpass, 4 river bridge crossings.

Where are we at now? Drawings were presented to the public in November 2016. A contract with Mountain View partnership was signed for \$1.4M. Macleod Trail will be free flow traffic as will Stony Trail. It will tie into highway 22x out of Calgary. Six square miles of land will now be developed in that area now that the final plan is in place.

The Nation is also building a road on its land that they will develop as commercial to support their own economic growth, recognizing they will gain access to the public using the new ring road.

There will be a new pedestrian bridge over Anderson to service the major pathway that runs from Fish Creek to Glenmore Trail. By building it now, it negates the need for a temporary pathway during ring road construction.

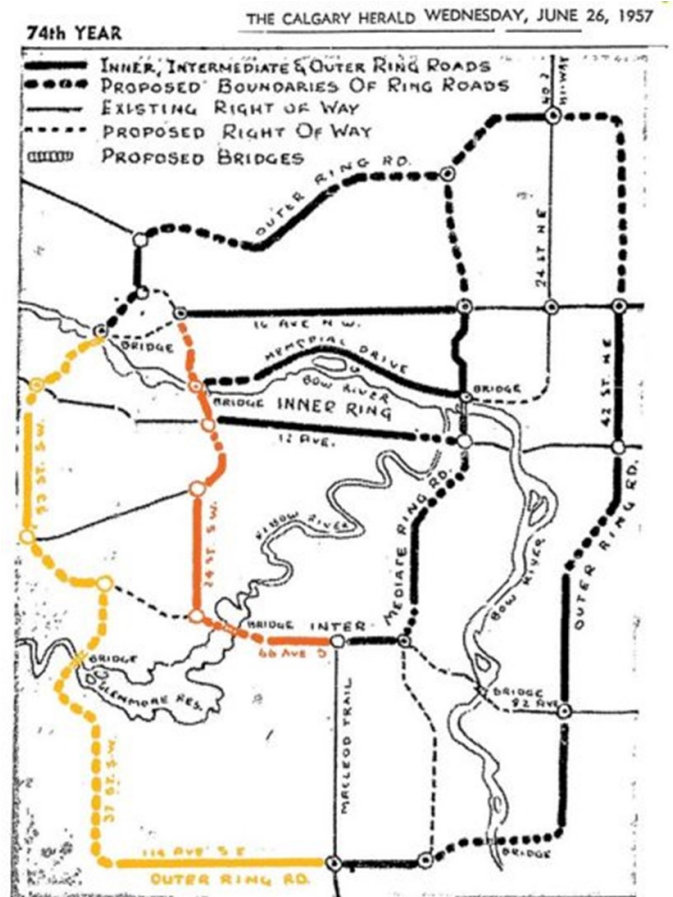

Southland Drive and 90 Avenue will be connected to the ring road as requested by the city. Will provide redundancy in those areas which is expected to improve access for those neighborhoods.

Sarcee Trail, Glenmore Trail and the ring road will be the most complex area because of major utility installations that exist there – AltaLink and Enmax need to be relocated. ATCO has a high pressure gas line. City has water and sewer lines. So construction involves moving a lot of infrastructure. The plan also includes relocating the Elbow river – they obviously want the river to stay in the same place as bridges are built over it. The river needs to be moved away from escarpment and realigned to the middle of the river valley.

Highway 8 will be twinned in future, but is not part of this project.

The timeline going forward is very strict. Land was received from the Nation in 2015 and has a clock of 7 years to build it and open it. If the ring road is not done by 2021, the Nation keeps the money and the city loses the land.

The RPF was issued in 2015. A contract was signed middle of 2016, and the road must be opened to traffic no later than October 21, 2021. There is confidence with all parties that this date will be met, and may actually be early.

Some building facts:

- The equivalent of five largest pyramids in Egypt of dirt needs to be moved
- 90,000 cubic meters of concrete required
- 3 million tons of gravel required
- 1 million tons of asphalt required

The west ring road is not in the 3 year capital budget, but is in the 5 year capital plan but does not have a status. Garry's team is trying to convince the government to move forward and hopes it shows up in next budget cycle.

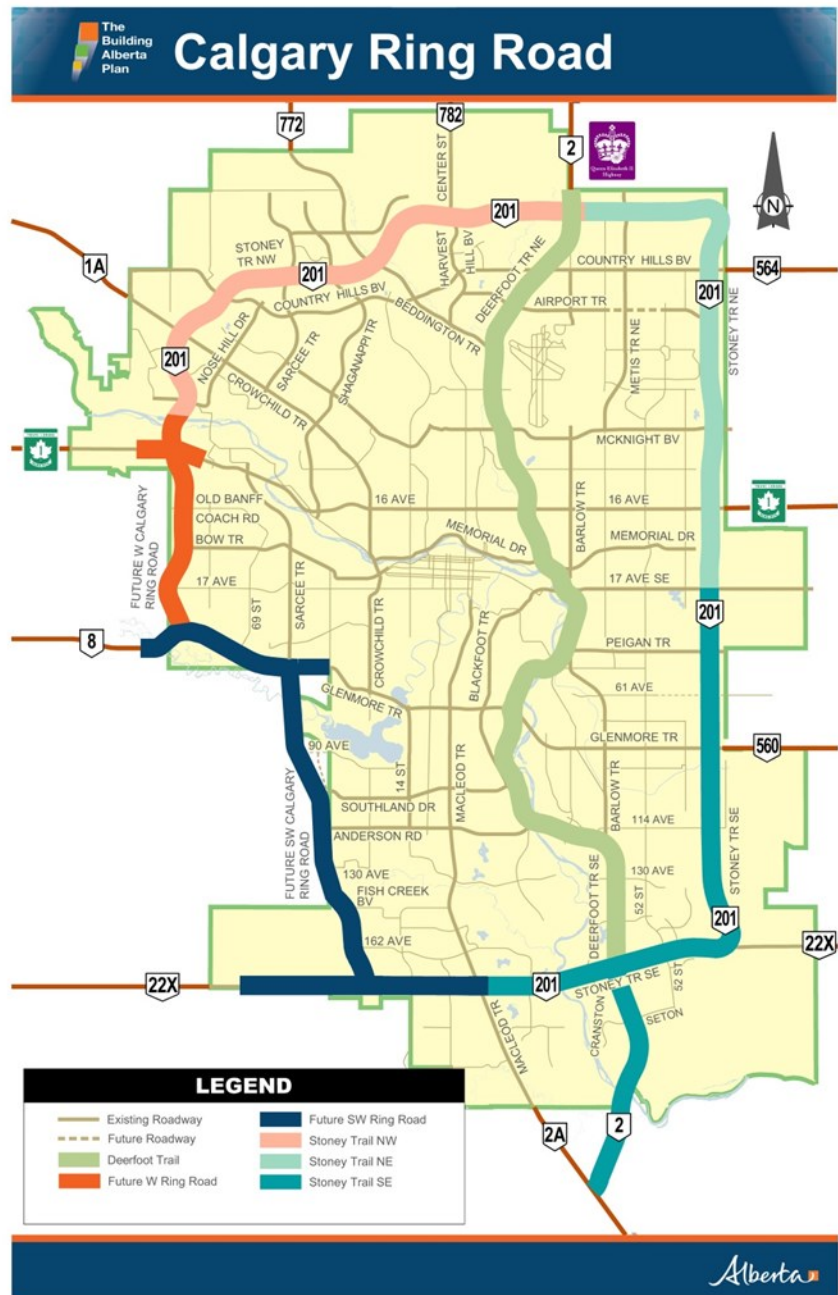

Garry took several questions from the audience and stayed later to answer more. Information on the various ring roads can be found at the following web sites:

www.SWCRRproject.com
www.SW-CRR.ca
www.W-CRR.ca

Larry Stein thanked Garry for his informative presentation and the exceptional use of slides, maps and diagrams. Larry expressed that one member of our club who will be very interested in the information today is Jim Burns.

Larry said the P3 partnership is interesting but looking at P3 from a different perspective, the three Ps can stand for planning (years), project management (enormous task) and persistence (with which project has been carried out over many years)

President Ken also thanked Garry on behalf of the Club as well.

President Ken Farn opened the meeting by asking **Lisa Fernandes** to accompany us in the singing of O'Canada and Rotary Grace.

Head table: John Fitzsimmons, Keith Davis, Jim Hutchens, Gary Lamb, Heinrich Heinz

Guests: Blake Pelham introduced our Guests today: Marietta Maier (Windsor Rotary), Bill Warren (Downtown Rotary), Lucas Rasmussen (YEX Student), Pablo Ruiz (Our YEX Student), Ogden (13 1/2 months old), Carla Hamarsnes (Rotary Employment Co-ordinator), Gary Biagioni (Guest: Larry Stein), Denise Goldsborough (Guest: Charlie), Henry Crawford (Guest: Heinrich Heinz), Doug Lavalley (Guest: Heinrich Heinz) and Garry Lamb (Our Guest Speaker)

Health and Wellness: Leon Popik was given a very warm welcome back today following a stroke over the holidays. **Sam Switzer** is in hospital in Orlando as he had experienced some breathing problems – he is expected home in a few days and Condolences to **Lynn and Karen Grant** as Lynn lost his Mother last week

Chocolate Chip Story: Dan Dunlop shared that Brown Bagging for Calgary Kids, received small grant funding this year from our club. Their kitchen sent us chocolate chip cookies today as a small thanks for our support.

There are 3,200 children in Calgary who receive brown bag lunches from this organization.

Dana Hunter and Stephen Cobb sure seem to be enjoying those cookies ...

Rotary Curling Bonspiel: Mark Ambrose shared that 12 Calgary Rotary clubs from districts 5360 and 5370 are hosting a curling bonspiel the last weekend of February. Mark is the Sponsorship Chair and invited members to consider the opportunity. Business card size ads are \$250, half page is \$500, club sponsor is \$1000 and there is one sponsorship for \$2000 as the sole sponsor for the main Saturday night hospitality event. There are 48 teams involved, the opportunity only comes around once every 10 – 12 years, and the host of the banquet is the Carriage House. Anyone interested in sponsorship should contact Mark Ambrose. (See Page 10 in Bulletin)

A Strip Torn Off!: Congratulations to John Labun.

John had his red stripe removed with 13.5 month old Ogden fondly looking on.

Although Ogden wasn't all that keen in getting his photo taken **President Farn** and **Craig Stokke** (John's Sponsor) joined in for the Photo

By-law Update and Forthcoming Change Recommendations: Sherry Austin: reported that there are three proposed By-law changes that the club will vote on next week. Details are provided on page 7 and 8 of this Bulletin.

Members are advised to read through them this week and be ready to vote on them next week.

Robbie Burns January 19 Meeting: Jim Hutchens reported that he had an update on Robbie Burns Day – the main news being that Robby Burns is dead. Next week we will celebrate, address the haggis, toast with scotch, enjoy a piper, a guest speaker and a piper. The good news is that Jim claimed he is not singing (although we all love Jim's singing!). Jim encouraged everyone to wear something tartan. The bar will not be open, however, scotch will be available at our tables for \$5 each. Jim asked that members do not come with short arms and deep pockets and expressed ap-

preciate to the club for allowing Jim to organize the event.

Larry Kwong Chinese New Year: GONG HEY FAT CHOY! This is how you say Happy New Year in Chinese as taught to us by Tony Ng! Keith Davis reported that ticket sales are strong, and Monday is the last day to purchase so please book on Club Runner or let Keith or Toby know that you would like to attend if you have not yet done so. The menu this year will be a more familiar western-type Chinese food menu.

Valentine's Day: The Social Committee will start selling tickets next week for Valentine's Day which will be held **February 9th** at the **Carriage House Inn**.

Start time is **11:30 am** and will include a fun program.

Sergeant at Arms : John FITZSIMMONS and not John FITZOWICH!

President Ken mistakenly introduced Mr. Fitzsimmons as Mr. Fitzowich and was immediately fined \$2

- **Jim Hutchens** was fined \$5 for offering \$5 scotch next week
- **Sherry Austin** questioned if our 100% attendee **Terry Allen** was at lunch – fined \$5 for even questioning his attendance, and besides John didn't get his Sherry hug – fined- \$5
- **Dilan Perera**: chosen because no one ever picks on Dilan. Question was who was the MLA when the first discussion of the Ring Road started in 1974. Answer is Clarence Copithorne which cost Dilan \$10 for not knowing. Clarence was very visionary, and related genetically, Ken has the same vision. For sharing the same smart genes, **Ken Copithorne** was fined \$10
- \$2 fine for any members who have not yet purchased their tickets to Larry Kwong's Chinese New Year
- Who in our club played for the New York Rangers – answer Larry Kwong – anyone who didn't know that paid \$2
- Hands up - who left early last week and skipped the vote on our next Legacy project Bethany Atrium- \$2 each for skipping out early
- **Dan Dunlop** was fined for stealing cookies from kids - everyone at his table fined \$2 each
- **Tony Ng** was fined for showing up late and impersonating a teacher (**GONG FAT HEY CHOY**) - \$2 fine

50/50 Draw: **Jim Cairns** awarded one of our guests the 50/50 this week

LOST COAT: Anyone who left early last week and took the wrong coat, please return it to **John Price**. Although don't get too panicked – John is in Hawaii and hardly needs his coat now!

IMPORTANT LAST MINUTE REQUEST

Rotary Office Move

Larry Kennedy and Ted Rowsell are looking for 2 – 3 people to meet at the old office (L103C, 9705 Horton Road SW) on **Monday at 9 am** to help load the truck. **Murray Flegel** has donated a truck and driver to move the office contents to the new office (Riverbend Atrium One: Suite 120, 200 Rivercrest Drive SE). **Pablo** volunteered (thank you so much Pablo) and a few more people are required! Please send an email to: kathyann@rotarycs.org if you can help out!!!

Have a good week everyone – see you at Robbie Burns day next week

The Theme for the 2017 District Conference is **"Strength in Numbers!"**

Western Canadians are often known for their rugged individualism, but when a cause emerges and a call to duty occurs, we come together. As Rotarians, we know the importance of teamwork and the value of working with others to support those in need. We also know that many tasks cannot be accomplished alone. We understand "strength in numbers."

"Our communities are stronger when we work together."

Calgary West Rotary Club marks half century of charitable endeavours at home and abroad

BILL KAUFMANN

For five autumns, Calgary Gail Williams has made the trek to Ethiopia to deliver anti-polio vaccine.

The Calgary West Rotary Club member's exploits are just one of the many charitable chapters racked up by the group since its founding in 1967.

On Monday, dozens of members, former ones and friends gathered at the Grey Eagle Resort to mark the jubilee year with Williams one of them.

"It's a very special day," she said. Typical of club members' credo of service to others has been Williams' forays into the hinterlands of Ethiopia, where polio remains a threat.

"We go door-to-door looking for those kids up to age five and give them serum that prevents them from contracting polio," she said.

"It's life-changing, it's very emotional but you become accustomed to it."

Club spokesman Robyn

“We view service as an act of giving of yourself with no expectations of anything in return.”

Robyn Braley,
Calgary West
Rotary Club

to a Rotary club that's raised \$5 million over five decades, helping numerous causes both at home and abroad.

"It feels very good but because of a culture of service, Rotarians just do these things, it just becomes a matter of fact," he said.

"We view service as an act of giving of yourself with no expectations of anything in return."

Over the years, the now-80 member club has built homes for Mexico's destitute and installed wood stoves in Guatemala.

Closer to home, Calgary West Rotarians have fed the city's hungry at St. Mary's hall, helped fund organ transplant and boosted the food bank.

The group of business professionals and community leaders have also raised \$300,000 for a state-of-the-art Alzheimer's centre in Calgary.

Some of those funds are raised through an annual Valentine's Day sale of strawberry shortcake and a Stampede pancake breakfast that pulls

in a big crowd, said Braley.

"We have 1,500 people from around the world who attend that," he said.

Another important development for the club, said Braley, is the inclusion of

younger members, including 29-year-old Saskia Knight, who boasts a degree in international development.

"It's about sustainability — it's bringing in a vibrancy, a vitality and an energy to the

club but even more than that, it brings new ideas," he said. The club has even developed a 30- to 40-person strong satellite group whose members sometimes join the main body, added Braley.

Calgary West is one of more than 35,000 Rotary clubs around the world, boasting 1.2 million members.
