**George Deegan** introduced our guest speaker Mr. Brian Burke, President of Hockey Operations for the Calgary Flames.

Brian P. Burke (born June 30, 1955) is an American executive who is currently the President of Hockey Operations for the Calgary Flames, and is a member of Rugby Canada's board of directors.

He most recently served as the President and General Manager of the Toronto Maple Leafs from November 29, 2008 through January 9, 2013. Burke was also the general manager for the United States national men's ice hockey team for the 2010 Winter Olympics in Vancouver.

Brian is committed to community service being an advocate of fighting, bullying and homophilia and actively visits and speaks to the military services in Canada, United States and Afghanistan.

Brian began today by letting everyone know that St. Patrick's Day is a sacred day for him that he usually takes off of work. The only reason he came today is because he has such a strong connection to Rotary.

As a young man in 1972 he entered a writing competition sponsored by his local Rotary club with the winners speaking to a mock UN council in Winnipeg. He won the contest and says that it changed his life forever. This is where Brian learned to write and publicly speak and this beginning is the path to today.

Brian's frankness with everyone while speaking today proves that his Rotary beginnings have paid off for him.

## Happy St. Patrick's Day from Brian Burke

In all of the teams that Brian has worked for he tries to run them the same way. He uses a 3 pillar approach that is a must for him.

1. Run the team like a business – treat the money that people spend on the sport with respect.
2. Play an Entertaining style of hockey – fans should be entertained.
3. Engage in Community Service – not just lip service. All of his staff and team members must be committed to community service.

Brian commented that in Calgary it is easy to teach the players the commitment to community service in Calgary and that Calgary is a great city for their commitment and efforts to community work. We as Rotarians agree wholeheartedly.

Brian spoke to this year's season. It has been a little disappointing after last year's finish. We had a poor start, an awesome December and then a poor record up until the last few games. There is still work to do and we need to be larger to compete in playoffs. He is still turning over the team to players that will play the Brian Burke way.

Brian said they are not **"tanking"** the season for a draft pick, they are playing to win every game and that is a priority (to much applause from the crowd).

He took quite a few questions and was very blunt with his answers. Also offering to assist Kathy Demorest with her New Member Auction Request. Brian discussed the NHL Lottery in depth with Charlie Gouldsbrough. You felt that Brian was speaking frankly and honestly with great moral fortitude.

Norm Devitt thanked our speaker, remind Brian that he is very close to Rotary House and that we would love to bring him in as a permanent member.

President Murray presented Brian with a gift from the Club for taking time to be with us today.

## LEON POPIK: CLASSIFICATION TALK

### Local Hero

## Volunteer exercises his right to help youth

By Dipti Chakravorty  
Calgary Herald

Leon Popik likes working with youth. When the opportunity to take charge of the weight room at the Village Square Leisure Centre came up, he grabbed it.

"Leon believes in getting involved with youth, hoping they'll become better adults," says Marsha Staples, volunteer specialist for the Village Square Leisure Centre. He urges them to spend time constructively, adds Staples.

"Being busy keeps them off the streets," says the single father of two whose life encompasses full-time work, volunteering and raising his two boys. "I always encourage people to do things. Idle hands are mischievous a lot of the time."

When his sons were growing up, Popik accompanied them to every soccer and baseball game. "Whatever they were doing, I tried to be with them all the time," says Popik whose volunteer work at the leisure centre started quite suddenly.

"I had injured my arm and I was going to the centre for physiotherapy every day when someone suggested, 'Why don't you

become a volunteer instead of paying?'"

Since then Popik has been in charge of the weight room. He acts as a mentor for the youth.

"I get right with them doing the weights," says the 55-year-old who works as a shipper/receiver for SMED Office Equipment. "It builds comradeship."

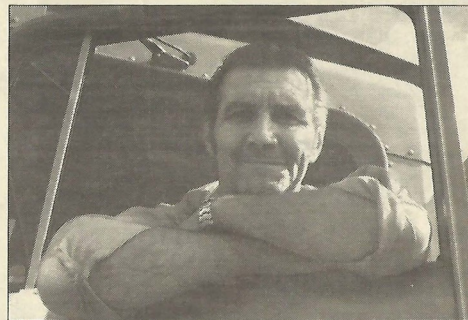

But Popik says he is strict with his charges. He makes sure they've paid their dues before using the facility, and "I watch so people don't abuse the weights."

As part of his duty, he keeps track of all the equipment. "Since I started, the weights and pins have been intact. There isn't anything missing."

"He is a very caring person," says Staples. "He shares his talents and he doesn't need to be rewarded for it."

His efforts are not confined to the weight room. Eight years ago when a ceramics studio opened at the northeast centre, there were some financial problems.

"Leon put in extra time to keep it operational," says Staples. "He kept the dust level down in the studio and even

Shannon Duncan, Calgary Herald

**POPIK:** Leisure Centre has benefitted from his dedication

cleaned out the drains when necessary."

And Popik was instrumental in setting up the clay recycling program, a time-consuming and laborious job which saved the city hundreds of dollars, notes Staples.

"If somebody didn't do that, it would have to be thrown out," Popik says. He collected about 500 pounds of scrap clay every

week and soaked it in buckets of water. The clay was then left on special trays overnight for the water to seep through and Popik kneaded it like dough to make it pliable.

"It was a dirty job," says Staples. "But he is that type of individual who would give his shirt off his back if you needed it."

For the 10 days of Stampede,

Popik is up at 4 a.m. and is on the go until 11 p.m. He co-ordinates the square dance program for the Downtown Attractions Committee.

Every morning, he drives the tractor trailer, which serves as a portable stage, from Currie Barracks to Eaton's downtown and takes it back at the end of the morning.

"I just try to stay active and I enjoy it," he says.

But, Popik says, playing Old Saint Nick during Christmas is his favorite pastime.

"I'm the guy with the beard. The little kids' faces light up as they see me. I have a lot of fun."

Popik, who dropped out of school after Grade 9, enrolled in Alberta Vocational College for his high school diploma two years ago.

"I just wanted to learn a little more," he says adding that physics was the toughest subject for him.

"I tell my sons, you've gotta work hard for what you get."

**Leon Popik** gave his classification speech; Leon is not new to Rotary but he was attracted to our club because of how busy it is and how much he loves to work hard.

Leon loves Calgary and refers to himself as a "True Calgarian" when he is away he cannot wait to get back to his home town.

His talk was short and sweet! We have included some of his memorable moments here for you.

**Welcome  
Leon!**

Leon Popik, Sr.  
4732 Memorial Drive N.E.  
Calgary, AB T2A 2P8

Dear Leon :

On behalf of City Council and the citizens of Calgary, I would like to thank you for your outstanding commitment to making this city one of the best in which to live.

Through your volunteer contributions, Calgary Parks & Recreation is able to continue to provide a variety of valuable programs and services for the entire community. By freely giving of your time and assistance for these recreational and leisure programs, you have enhanced Calgary's quality of life.

One cannot underscore the important role that volunteers play throughout The Corporation of The City of Calgary. Without question, the livelihood of many City programs, like those in Calgary Parks & Recreation, depend on the support of volunteers. Because of your commitment, many more Calgarians are able to participate in programs that contribute to their personal health and well being, and we are all able to enjoy our natural and recreational environments.

I am proud of the contributions you have made to The City of Calgary. I would like to take this opportunity to congratulate you for a tremendous job, and I know all Calgarians join me in wishing you continued success.

Sincerely,

Al Duerr  
MAYOR

## **ON PARK 50/50**

**New this Year....**

**On Park 50/50**

**in partnership with Kinsmen**

**The On Park 50/50 has a whole new look for 2016.**

This is a very exciting opportunity for our club as we anticipate adding \$100,000 to our total lottery proceeds and each of those dollars will be used to support our partnerships with community charities.

There will no longer be daily draws, the 50/50 “pot” will begin during the Advanced Ticket Campaign as an add-on for patrons who purchase lottery ticket packages through the online promotion which runs from April until the end of June.

Once we move on-park the pot will continue to grow daily culminating in a single draw.

50/50 tickets can be purchased on park as a standalone item or as an add on to any of the Home or Truck and Toys tickets.

Tickets will be 1 for \$10, 5 for \$25 or 20 for \$50.

Our club and the Kinsmen Club will have 50/50 tickets with every seller on-park. You will not need to separate funds from the different tickets as our very experienced and capable team of cashiers and accountants will be managing that in the back room.

## PARTNERS IN PRINT

As president of the Partners I went to my first ever Fireside evening and it was a most enjoyable evening spending time with the directors of Calgary South and meeting new members and spouses.

There were several Rotary Partners there as well as Linda Tattersall who came as my guest and Kathyann Reginato who has been a very helpful and patient friend this year. Meeting the wives of new Rotarians was an important part of the evening also.

As I listened to each board members speak I was most impressed by the detailed organization involved in running Calgary South and their many commitments. So much so that I abandoned my notes and instead of a little history lesson I tried to show how over the years the Partners have developed a bond, connected to Rotary, but also a group where we have formed friendships among a group of varied ages and interests, part of which is to be involved with the Rotary Club of Calgary South.

Luckily Justina was later able to add the information regarding the various clubs we have formed together over recent years which I somehow forgot to include in the speech.

***Maureen Watson,  
Partners President***

We meet on **MONDAY, MARCH 21st** at Calgary Golf and Country Club. Let me know by **NOON ON THURSDAY, MARCH 17th** so I can submit the numbers to the Country Club. **Lunch Bunch:** There will be no lunch bunch for the month of March. However we look forward to seeing all our regular members on the April 21st. Thanks. Susan.

**Save the Date: April 27th (Wednesday)** on your calendars for our **Spring Luncheon at Willow Park Golf and Country Club**. It will be great to meet up again as we look forward to summer.
