

Hi, my name is Cakewalker and I am trying to find Rotarians and their friends to make 50 cakes so the Dryden Rotary Club can have some fun at The Dryden Winter Festival Family Day and raise a couple of thousand dollars in the process.

Here is what I hope you will do.

Supply a cake. You can bake it, persuade someone else to make it or even buy it. Better still, you can even supply two if you want or you can talk a neighbour or friend into supplying one.

Then on February 15th, I want you to bring the cake or cakes to “The Centre” at about 3:30 pm. Please stay for the festivities; they start at 4:00.

Now here is how a cakewalk works:

See, I parade around with a cake and everyone pays a Toonie to take a chair. Then when the chairs are full or nearly full I pull a number and that person buys the cake for the Toonie.

Simple eh!

Then we do it again, and again until at least 30 cakes are sold.

Some cakes, you know, the big extravaganza ones, like the one below, will be auctioned off silently or in a traditional bidding process.

Please send a reply back to me care of jborst@drytel.net and tell me how many cakes you can supply.

Thanks your sweetest Rotarian, “Cakewalker”
