YOUR IMPACT

ShelterBox provided Popeye with a ShelterKit and other essential items, like solar lights, to help him get back on his feet after his home was badly damaged following flooding and mudslides. *"The water came in from both sides and we were surrounded - it filled the house. We watched as the water took everything I had away."*

"I really like the lights, as I don't have regular electricity. I was able to build a shelter to live in, it took me six days to build, but I built it myself."

Popeye from Trujillo, Peru

WHO WE ARE

ShelterBox is an international disaster relief charity that hand-delivers emergency shelter and the tools families need to self-recover after natural disasters and conflict around the world.

Recovery starts with shelter. Having somewhere dry and warm to sleep, to prepare meals and be with your family, is vital for starting the long process of recovery.

INNOVATION

ShelterBox is constantly monitoring disasters around the world and our teams are on standby ready to deploy.

Our teams are always adapting and learning from families to understand how we can improve our aid items for future responses.

PARTNERS

Strong partnerships with trusted local organizations provide valuable connections to each community.

Our partnership with Rotary International enables us to collaborate and combine resources to ensure that we can support more communities in desperate need of shelter.

A CUSTOMIZED SOLUTION

Every disaster and community is different. This is why we have a flexible approach. We listen and learn from the communities we work alongside to provide them with the right tools to self-recover.

COMMUNITY RECOVERY

It's not just about giving families shelter, it's about ensuring families have the best possible chance of long-term recovery. Shelter is more than a roof, it empowers families to start the process of getting back on their feet.
