### NOVEMBER 29 DUTY ROSTER

**Registration:** Agbor Ndoma Agbor

**50/50:** Dave Edwards

**Greeter:** Gwen Friedrich

**NO STUDENT PICKUP THIS WEEK**

**Registration:** Pat Richards was handling registration and taking her duty very seriously. Doreen was multitasking with the card machine and selling **50/50** tickets in the absence of the assigned person. Zarin Zavary was club **greeter**.

**Welcome:** PP Pat Dell was given the opportunity of filling in for President John Van Koll at the Podium. John had to return to his store due to an emergency. Pat welcomed everyone and invited Allen to lead us in the national anthem. Shreedhar offered Rotary grace. **Lead table:** seated with Pat were Glen Tressel, students Matt Salsbury from Lacombe, Alta and David Starr from Winnipeg as well as Gail Bradley. **Club Philosopher:** Pat Dell provided us with some cowboy philosophy: *"Don't name the pig if you plan to eat it."* *"Country fences need to be horse high, pig tight and bull strong."* *"Life is not about how fast you run or how high you climb but how well you bounce."* *"Keep skunks and bankers at a distance."* Thank you Pat.

**Guests:** in addition to the A in A students visitors were: Reena Rollason guest and niece of

Zarin and visiting here from HongKong; Glen Tressel, guest of the club and A in A photographer; Taiwo Akinwale, guest of Laurel. Welcome to all our guests. It was good to have you with us.

**50/50:** The total pot is at almost \$300. The ticket drawn was that of Peter Peters however the marble was blue so not today, Peter!!

**Sergeant at Arms:** More multitaskers-- Sergeant Pat Dell, assisted by Peter

Peters, was looking for people to fine today and she was successful. Jack Wozniak was fined for the most serious of all crimes—suggesting that the Sergeant should be fined, insubordination was her term!! Happy bucks came from Ann Grahame who was happy that for the first time ever, the students were all on time for lunch. Barry was happy to have two lovely young students staying at his home. Pat Richards is happy that her grandson is back on the ice following serious injury.

**Ron Okumura:** Ron is enlisting volunteers to assist at the Rotary Carol Festival. Please contact Ron if you can assist. Please see information below.

**Program:** as he has done so well for so many years, Peter Peters again was invited to introduce the students. As in the past the students are exceptional. They have many things in common with each other—many are members of a 4H club, help on their family farm, are on the high school Honor Roll, participate in extracurricular activities ranging from music, sports, preservation of the environment to skills in technology. One owns horses, another is a champion fiddler, and one is a dancer and plays the oboe--the list goes on. One of the students expressed concerns about the new US/Mexico/Canada Trade Agreement, others have concerns about the environment and the safety of our food supply. Three Regina exchange students joined the Adventure program—they are from Brazil, Belgium and Germany. One can easily see these young people as leaders of tomorrow as they are already leaders today. Welcome all to Regina and Adventures in Agriculture!!

Adventures in

### **WEDNESDAY WELCOME**

arranging food, entertainment and transportation. President John invited the students to listen, learn and have fun.

President John and Director of Service Projects, Jack Wozniak welcomed students to the Adventures program. Jack expressed thanks to his A in A committee who have worked hard all year to make the program a success—finding host parents and drivers, seeking sponsors, arranging the program with partners,

PDG Doug Mortin gave a brief history of Rotary and of the Adventures in Agriculture program which is now in its 22nd year and has hosted 440 students during that time. One of the founders of the A in A program, Doug

told how it evolved from the former Adventures in Environment. It has continued and grown over the years due to the commitment of Rotarians, Rotary clubs and students.

Doug introduced Eastview member, Lorne White (left), also a founding member of the program. Lorne noted that he “continues to be amazed at the quality of students that come to this event.” He also encouraged the students to listen, learn and participate. Good to see you Lorne.

PDG Peter Peters received thanks from Jack for the various contributions he makes to A in A over the year—drafting letters to sponsors, introducing the students and numerous other tasks and that is only the A in A committee!!

There are others. The evening concluded with students leaving with their host parents in anticipation of the weekend Adventure.

**THANK YOU TO GLEN TRESSEL FOR ASSUMING THE ROLE OF PHOTOGRAPHER.**

### **COMMENTARY**

*Adventures in Agriculture, like most Eastview projects, is a great example of teamwork. Henry Ford said the following about teamwork-- "Coming together is a beginning. Keeping together is progress. Working together is success." AND Phil Jackson (former basketball player and coach) said: "The strength of the team is each individual member. The strength of each member is the team."*

**NOTE: Chris Hefner will be on the Dragon's Den tonight filmed at the Eagles' Club with regards to the fishing lure project he and others have developed.**

**Tuesday, November 27 is the Rotary Foundation's Global Day of Giving. Only \$19,000 has been raised so far this year in our district. Give as you are able for the good work of the Foundation.**
