Rotary Club of Thunder Bay (Port Arthur)

Report to Membership on Involvement in World Community Service Projects

Port Arthur Rotary has a long standing of history of dedicated support for a wide variety of effective international, World Community Service projects. Prior to the early nineties that was primarily in the form of monetary donations to projects initiated by others. In later years we have taken a more active role in partnering with other clubs and initiating our own projects, something that has helped us become more rooted in the international community.

Since 1993 Port Arthur Rotary has served people of the developing world with a commitment of club funds amounting to CDN\$71,696.00, not including volunteer expenses, to support 25 projects, with a total value of \$1,326,205.00 in partnership with host clubs in Peru, Guatemala, Sierra Leone, Bolivia, and Ethiopia, numerous District 5580 clubs, a group of clubs in neighbouring District 5550 and D-5495, Arizona as well as, NGO's, community organizations and individuals in Canada, USA and host countries and **utilizing Matching Grants via District 5580, The Rotary Foundation** and via former programs of the **Government of Canada**. At least twelve Port Arthur club volunteers, members and spouses, travelling primarily at their own expense, have worked on site at seven projects and five project sites have been visited by Port Arthur Rotarians. At least two of the projects have been monitored by a former agency of the Canadian Government. each receiving high grades of success.

Projects include; clinic and school construction and renovation; supply of electrical power to 170 homes; Water and Sanitation, Maternal and Child Healthcare; drilled and dug wells; migrant shelter upgrades; seniors home improvements; provision of special education in eco-tourism, archaeology and English as a second language; providing 12 elementary schools with computer laboratories and Micro Loans/Community Development.

In addition to these service projects, our club, and a number of our members have generously supported the ongoing Shelter Box Program, a partner recognized by Rotart International.

The Rotary club of Thunder Bay (Port Arthur) has good reason to be very proud of this history of commitment. On their behalf – THANK YOU!

Respectfully submitted September 14, 2021.

Roland Turner
