vessel charters in the Great Lakes and Eastern Canada. Specialized services such as lake floor surveying, commercial diving inspections and oil and gas support will be available. Best of all their first ship, the *Orange Apex* is due to arrive in the port of Port Stanley on April 1 (subject to the ice being out). This business will help to fulfill the mid range marine market in the area. At this time the area supports primarily personal pleasure craft and lake freighters. Doug thanked Derek and presented him with a Polio Plus certificate of donation.

Gary advised that the day we *manned* The Salvation Army kettles the donations made that day were \$838.00.

The golf committee has met and the ball is rolling for this year's tournament.

Don't forget that dues are due. RI has already been paid and we need to refill the coffers.

Gary had more *Youth on Fire* packages available for members to have to show prospective sponsors. He urged all members to get behind the project and support what he feels has the makings of a good fundraiser.
