Dennis introduced our guest speaker Andrew Henry. Andrew is the Division Manager for our regional water supply that being the Lake Huron & Elgin Area Primary Water Supply Systems. He had an interesting presentation to explain about the development of clean water systems throughout Ontario. This came about primarily as a result of the Walkerton tragedy in 2000. The area that we are in has two pumping stations, one located on the north side of Grand Bend and the other pumping from Lake Erie just east of Port Stanley. It was very informative to hear about all that is involved with a resource that we take for granted. Doug thanked Andrew and presented him with a Polio Plus certificate of donation.

Colin advised that the Oakbotics team is doing another fundraising project so if you have a lawn full of leaves that are waiting to be raked just get in touch with Colin. Inside the city limits only please.

Even though he snuck out early Gary's ticket was the winner. He had left explicit direction with Vic that if he should win the draw he was to give it to guest Andrew....and that is exactly what happened. Enjoy the vintage Andrew!!
