

Purse made from Plastic Milk, Bread & Shopping Bags

Cut plastic bags width wise, into ½ inch to 1 inch width pieces.

strand.

Pull one strip through another strip to tie them together as one

make one strip, before crocheting.

Continue cutting & tying to

strips.

To start crocheting, make a starting loop at one end of the

This is the Starting loop.

Make as many stitches as needed, for the width of your purse.

Put the needle through the loop and wrap the strip in front & over the needle.

Put the needle through the loop and wrap the strip in front & over the needle.

First stitch: Pull the loop over the strip & repeat until there are enough stitches for the width of your purse.

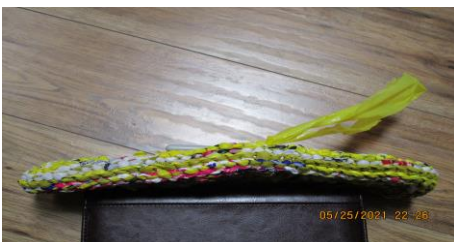

Once enough stitches have been made, pick up the 1st stitch & wrap the strip over the needle & pull it through the loop. Repeat for all existing stitches.

When reaching the end, turn & repeat the above.

After 5 or 6 rows, crochet around the outside rows, instead of back and forth.

Continue crocheting around 'til the purse is tall enough.
