

## JULY 10, 2019

Today's speaker was Gerry Jackson, president of International Fellowship of Motorcycling Rotarians and Past District Governor. Gerry was introduced by District Governor Sparky Leonard.

Gerry studied mechanical engineering at the University of Iowa and lives in Michigan with his wife, Debbie. He is president of GL Engineering.

Gerry talked today of his many trips to Guatemala. Gerry is a very dedicated Rotarian and has travelled to Guatemala more than 6 times to help with Vision and Health projects.

The vision group gives eye examinations and supplies eyeglasses to those who need them. With good vision once again or maybe for the first time,

many of the local citizens have vastly improved lifestyles. The health clinics are also desperately needed in Guatemala.

With volunteers like Gerry, Rotary accomplishes so much. We thank Gerry for sharing his experiences with our club today.

### JUNE 26, 2019

Past President Jennifer Hill held her final meeting as president at The Kent 1874 on June 26th.

I was unable to attend this meeting but did receive some photos from Alysson Storey.

During Jennifer's swan song event, Paul Harris fellows were given to Rotarians Peter Tanner, Tania Sharpe and Diane McGuigan.

Congratulations to these Rotarians for this well-deserved honour.
