

JULY 25, 2018

This week's speaker was Lauren Dixon, our returning exchange student. Lauren has spent the past year in Belgium.

She was introduced by Rotarian Brent Smith, who oversees the exchange program for our club.

While in Belgium, Lauren stayed with a host family. Her host family had 5 sons, with ages from 5 to 19. At first, Lauren could not speak either French, Dutch or German, the three official languages. Belgium is a very small country with a population of 11 million, situated next to the France, Netherlands, Germany and Luxembourg.

Lauren was particularly interested in food during her exchange and was introduced to many new taste sensations. She enjoyed most of the food but was rather reluctant to eat the raw fish and raw eggs. However, she did.

While in Belgium, Lauren did a lot of travelling, some with the host family and some with other exchange students.

She went to Berlin for a week and saw the Berlin Wall. She also took a trip to Amsterdam and was fortunate to be able to visit Anne Frank's home.

She travelled on the train often and now feels like an expert with the train system.

She met many other exchange students and became friends with one from USA and one from Australia.

She visited Belgium during the holiday seasons of Christmas and also on St. Patrick's day.

Lauren had trouble showing her photos to the club. However, she did describe many of her adventures and we could tell she had a fantastic year.

We thank Lauren for her presentation today and were pleased to have her represent our club as an exchange student.

Happy Notices

BIRTHDAYS

Gord Fry
July 23

Tania Sharpe
July 24

Fannie Vavoulis
July 24

Peter Tanner had some good news for the club.

Rotary International has approved the Guatemala Project for a grant of \$50,000 US. The total projected cost will be \$130,000.

This project supplies used cell phones to schools. These phones are loaded with Wikipedia and other websites that the students can use as a resource.

Peter has been instrumental in getting this project approved and we are very thankful.
