

NOVEMBER 20, 2019

Today, our guest speaker was Kennedy Burm from Wallaceburg. Kennedy has just returned from a Rotary Exchange in Germany. She was introduced by Rotarian Brett Smith.

When Kennedy left for Germany, she spoke no German and did not know anyone in Germany. But by January, she was fluent in the language and now has friends all around the world.

An exchange to an European country is particularly nice for travelling. Over the course of the year, Kennedy travelled to 10 countries including France,

Belgium, Czech Republic and even England. She told Rotarians about many of the highlights of her travels.

The Rotary Exchange program is a wonderful program and we were so pleased to have Kennedy as a representative from our club.

She is very enthusiastic and it sounds like she has gained so much from her year in Germany.

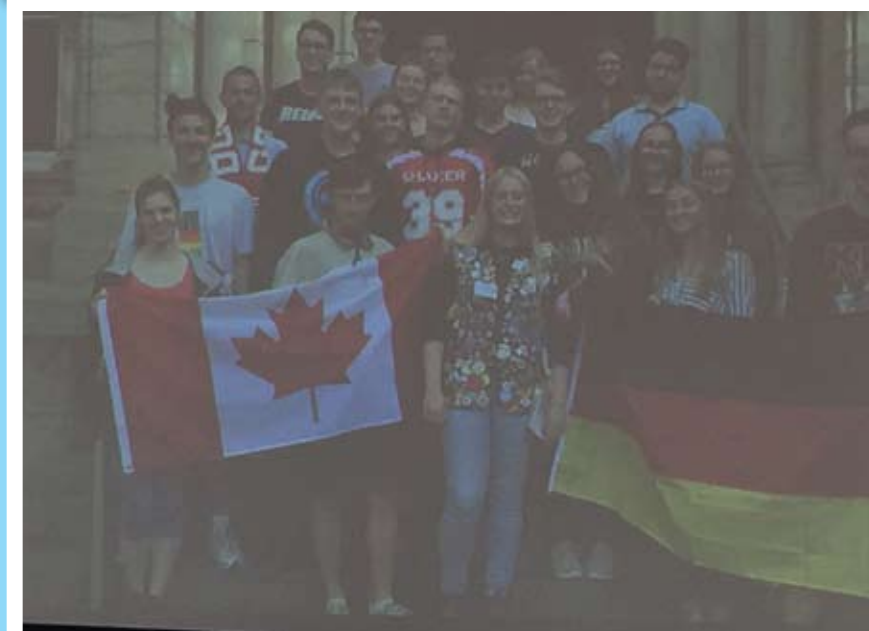

Today she made a wonderful presentation and we hope she returns to visit our club soon.

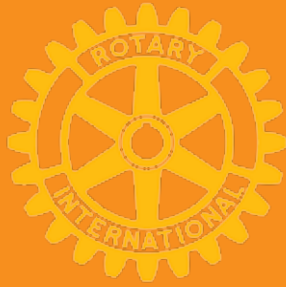

Lori Burm (Kennedy's mom), speaker Kennedy Burm, President Paul Watson and Rotarian Brett Smith

Kennedy joined other exchange students for a tour of many countries in Europe

Happy Notices
