

THE SOMALI HOPE FOUNDATION PROJECT

Presented by:

The Somali Hope Foundation Team

What is Somali Hope Foundation?

Somali Hope Foundation is a registered, non-profit charitable organization based in Ottawa, Canada. (#84819-1060-RR001)

The school's development was a dream of Mahamud Elmi, an Ottawa resident who had fled the civil war in Somalia.

What Are We Dedicated To?

Somali Hope Foundation is dedicated to providing access to education to underprivileged children.

Education empowers individuals to transform their lives and the societies in which they live. It also makes people aware of their rights and opportunities.

After the school plans were developed, Somali Hope Academy School officially opened in 2012.

Today, in excess of 505 underprivileged boys and girls receive free education at the Academy.

Our Organizational Structure

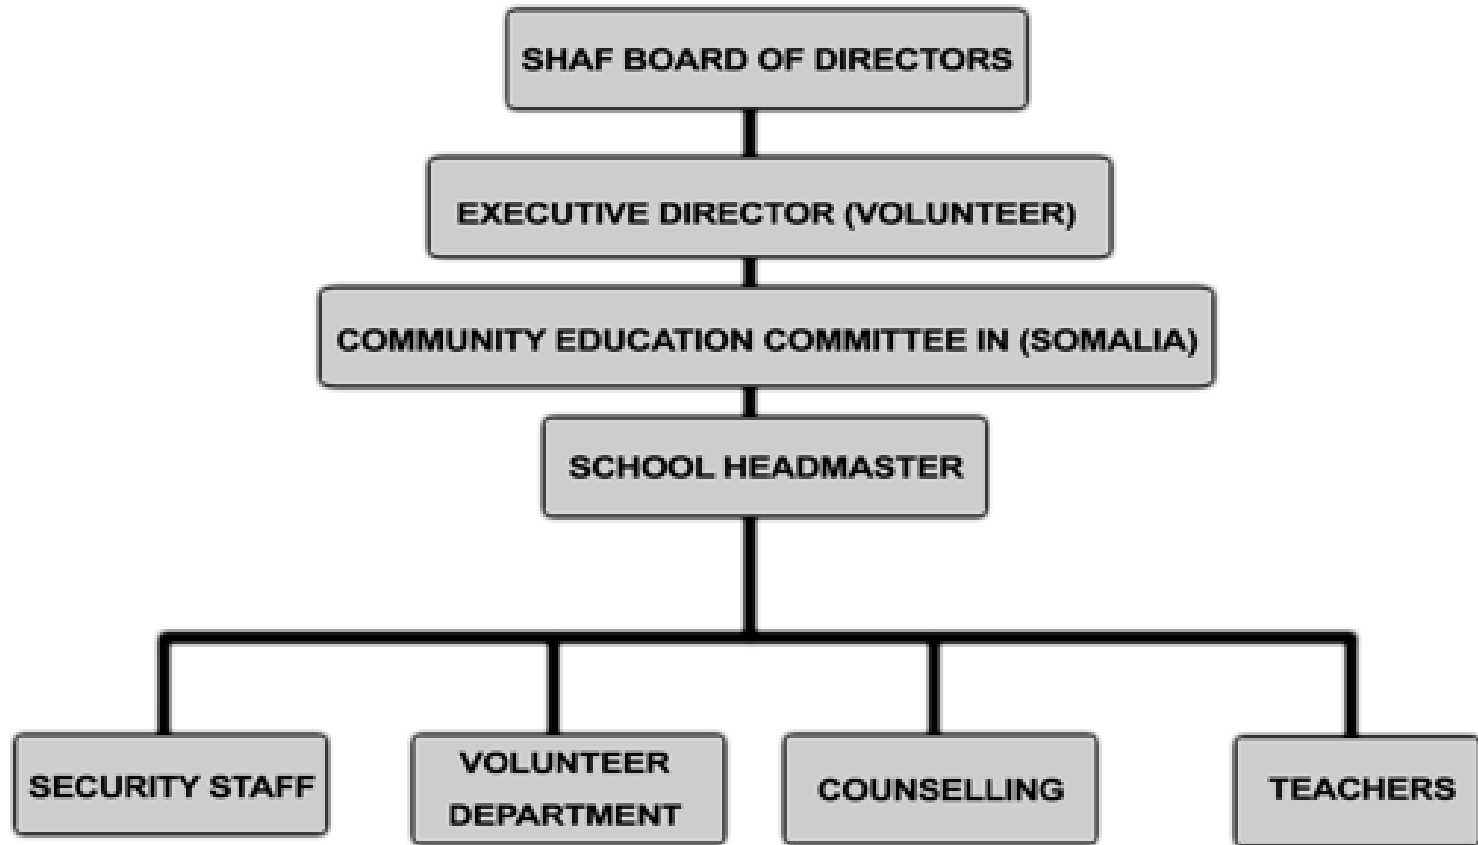

The Academy consists of a Board of Directors based in Ottawa.

We have a Community Education Committee based in Somalia.

We employ a headmaster and 16 teachers to deliver the program, as well as two security guards.

Organizational Chart

Our Challenge

The annual operating costs of the school from administration to teacher salaries amounts to \$66,688 each year.
