Thank you for your interest in supporting this website!

How it works:

The website you were viewing can display banner ads across all pages. The distribution is even across all pages, including the homepage and internal pages.

Since ads are displayed on the right-hand panel, there are size limitations, which are as follows:

Width: Maximum of 150 pixels

Height: Varied.

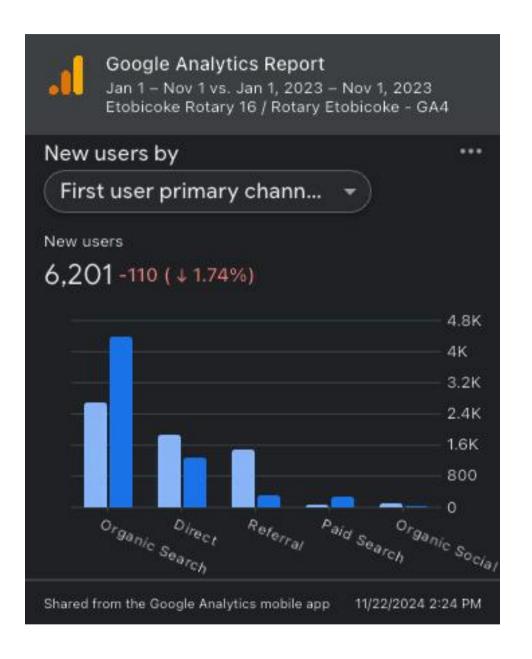

How it works:

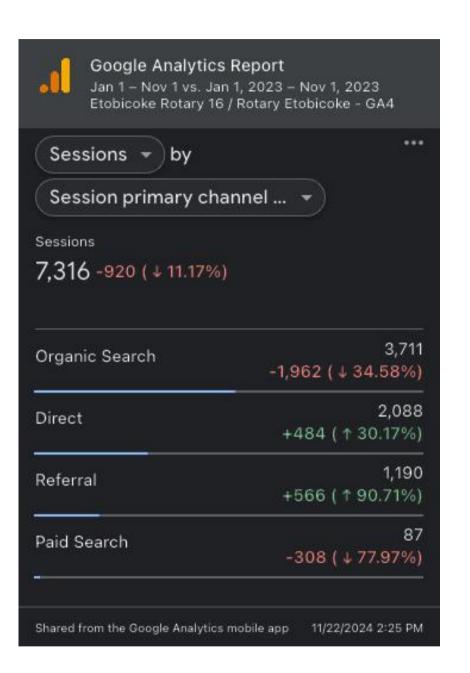

The format of ads can either be graphic images or text. You can provide a website address to which your ad will hyperlink. This can be your homepage or any existing page within your site. You can also choose to provide your e-mail address, instead.
