Over 350 athletes will be participating in 11 separate events throughout the Region on this weekend. Opening Ceremonies will be at the Abilities Center. It is expected that at least \$500,000 will be generated in economic activity over the weekend.

There are still opportunities for volunteers.

Don emphasized they want the Games to be memorable for the athletes. One of the ways is for the community to attend the events and cheer on the athletes.

The organizing committee is also planning on creating a Legacy Fund. They are working with local charity, Their Opportunity.
