### Happy Bucks

Donna Doherty – in Boston and saw winning Blue Jays game

Dale Duke – a sympathy plea (rejected by club members!) because all his family were at the beach and he was here at a meeting

Margaret Wallace – returned from an enjoyable Baltic cruise holiday

### Speaker – NAME of GUEST SPEAKER

Matthew Anderson gave an enlightening talk on the future of Lakeridge Health including the provision of new facilities and a continuation of the present ones. He told us that over 100,000 patients were seen in ER every year and this caused a real challenge for the hospital in dealing with aftercare whether it be for the ER direct or after they had received further treatment in the hospital. He said that the CCACs (Community Care Action Centres) had provided great help with this challenge and he hoped for a real improvement in these arrangements.

After outlining future capital expenditure for Lakeridge Health he answered various questions from members present.

For a full report of Mr. Anderson's address please see a separate attachment I will send to members outside of this document.

***Noon Hour Draw***

The draw was for \$109 but Al Densham did not draw the winning card.
