Speaker – Brad Mavin

Tess introduced Brad who runs a coffee operation. It is called Deadly Grounds. The company is located in Oshawa and they roast their coffee at a Toronto facility. Weird names for their brands are used as a marketing tool. Sinful Delight is one such name. Their brands are retailed locally and quite often featured at conventions. They also produce teas and hot chocolate under Deadly names. They are presently opening a café in Courtice. Tess also thanked Brad. A few sample bags of Deadly Grounds were handed out.

Peter Hernandez drew the King of Clubs and left the \$218 for another week.
