

LEGO Technic Ford Mustang Shelby GT500 42138 Model Toy Building Kit (544 Pieces)

Let kids aged 9 and up build their own drag race car toy with this thrilling LEGO Technic Ford Mustang Shelby GT500 (42138) set. The immersive build gives kids a great introduction to engineering – but that's just the start! Using the 2 pull-back motors, kids can send the toy car racing. Use the AR app to take the play experience to the next level with a host of exciting, augmented reality features. Kids can have hours of fun putting their muscle car toy to the test using the LEGO Technic AR app experience.

Value: \$65.00
