

# Two Halotherapy Treatments

58 King St. W, Bowmanville, ON  
(905) 448-7879

Come relax in our salt therapy room to experience the benefits of Halotherapy! You can book for just yourself, or up to 2 people per session. We have upgraded from our zero gravity loungers to heated, 4 inch memory foam spa beds. You will be super cozy and warm throughout your 45 min session.

This beautiful room is surrounded with heated salt lamps and stones to emit negative ions into the space. When

your session starts, a salt vaporizer called the HALO FX will pump dry heated salt vapor into the air to start the respiratory therapy. You will now just simply relax while listening to our spa music until your session is over! This is a super easy way to get into a calm and relaxed state!

**Value: \$ 50.00**

**Thank you to our friends of Rotary at:**
