mania online contest**

**[Sign Up for Contest](#)**

Brush-a-mania is a not-for-profit program designed to promote oral health and awareness among young children from Junior Kindergarten to Grade 6. It was started in 2001 and has already reached over 950,000 students. Our goal is to educate and motivate children and to bring together dentists, Rotarians, teachers and parents to create a celebration around proper dental care.
