3<sup>rd</sup> Bidii Children's Charity Run for Africa

Hi there,

The year 2015 was great for Bidii Children's Charity thanks to your generous support. We are now providing a unique opportunity to six needy but motivated students to attain high school education. We are building bridges for these young people to break the cycle of poverty.

We are excited to offer two new more scholarships to two deserving students in 2016.

Thank you for being an agent of change.

## 2015 Fundraising Activities

## 2<sup>nd</sup> Bidii Children's Charity for Africa

The 2<sup>nd</sup> Bidii Children's Charity held on May 10, 2015 was successful. You came from far and wide to support our flagship event. We all had fun as we raised money to keep our students in school and we are proud to see this event grow into a favorite family event in Durham region.

## Bake Sale at Ontario Power Generation (OPG)

Bidii Children's Charity held a bake sale fundraiser during the Charity Campaign at OPG. We received great support from colleagues that volunteered to make this event a success.

I want also to be a change agent in my village because I see so many of my age mates who have better opportunity than me to be in school wasting their lives in alcohol abuse and idleness. No one would have thought I would get this far but here I am now going to form three. Again, right now I find life in school more easy and comfortable than at home.

Who is your role model from your village? I admire the people from my village who have gone through school and are now in good jobs. I admire when they come in the village driving nice cars and very well dressed despite some of them having worn tattered clothes and without shoes when they were in school like us.

Name: Faith Kagendo Class: Form 4 (2016) School: Ruiri Girls What motivate you to go to school? My family has gone through a lot after my father abandoned us. For us to have food on the table we must do casual work at people's farm because we don't have any land of our own. We live in a small rented house. I need good education to change my future and that of my family. I also want to help my community. During this holiday I have worked in the farm until I have blisters on my hands. I feel embarrassed when I go back to school and greet other student with my rough hands and therefore I want this situation to be for now only and get better in future when I will be working in an office and not farm where they pay is also very little compared to the tough work.

Who is your role model from your village? Mr Murithi, my former primary school teacher. He is kind, humble and hardworking.
