## FUNDING REQUEST FORM

Service Above Self Foundation ("SASF") is a 501(c)(3) charitable organization. SASF will consider requests from organizations whose activities promote the quality of life in the Detroit Lakes and/or Frazee area, but that does not mean contributions are limited to this geographic area. SASF will make donations only to organizations that can establish their 501C.3 qualifications, except in rare instances of Rotary-sponsored programs. Please provide your request form to a SASF board member and plan for a 30-60 day period for the foundation to review your request. You will receive written notice (either electronically or via USPS) whether approved or not.
