"Leadership Wenatchee" **with Jerryilea Crawford**

Jerrilea Crawford from the Wenatchee Valley Chamber will share information on the Community Leadership program.

Community Leadership Wenatchee Valley is a nine-month commitment to personal growth, professional development, and community awareness. Participants develop a broad knowledge of the Wenatchee Valley and key issues facing the region as they hear from community leaders and tour local facilities. Participants become a strong network of informed and motivated citizen leaders who guide the future growth of the Wenatchee Valley. Several Rotarians have benefited from the class.

May is Rotary Youth Service Month

THINK ABOUT IT! – Points to Ponder

The Titanic was the first ship to use the SOS signal. • It cost seven million dollars to build the Titanic and 200 million to make a film about it. • The reason honey is so easy to digest is that it's already been digested by a bee. • The roar that we hear when we place a seashell next to our ear is not the ocean, but rather the sound of blood surging through the veins in the ear. • In most watch advertisements, the time displayed on the watch is 10:10 because then the arms frame the brand of the watch (and make it look like it is smiling). • A whip makes a cracking sound because its tip moves faster than the speed of sound.

SAVING LIVES ONE VACCINE AT A TIME

We have set a goal of saving 15,000 lives through our Club 60 donations this year. Remember the Bill Gates Foundation is still matching our donations 2 for 1. All it takes is 60¢ a week, not even a half a cup of coffee, and you will save someone from the debilitating effects of polio and perhaps their life. Bring your loose change each week or if you don't have any change bring dollars and place them in the cups on each table.
