

May Peace Prevail on Earth

There are more than **250,000 Peace Poles** in nearly every country in the world, dedicated as monuments to peace. The Peace Pole project at Wenatchee Rotary Park, has the Rotary Club of Wenatchee, Confluence Rotary and Sunrise Rotary partnering to construct the project in the summer of 2022. We have several grants already approved, and we are excited to share how you can contribute to this lasting testament to peace.

Our intent for our **"Peace Pole"** is to display five basalt colonnades, as the centerpiece, which are plentiful in the Columbia Valley, with many already displayed as art works or are part of the natural beauty of the area. The central visual theme are the two rivers flowing through the installation and around the peace pole.

This is not only pleasing aesthetically but also celebrates the Columbia and Wenatchee rivers and the important part they play in the livelihood of the Wenatchee area. The rivers connect places and us all to the land. This compliments the peace pole message of connection, unity and peace.
