

Wenatchee Rotary Raffle Rules

Only Members and their guests may participate.
Must be present to win. Must purchase a ticket to play.

Minimum purchase is one ticket for one dollar;
discounted tickets available as noted below:

1 Ticket for \$1

3 Tickets for \$2

Pot of Gold distribution:

25% of the cash collected each week (rounded up to the nearest dollar) will be awarded to a randomly drawn ticket holder on the meeting day it was purchased. Ticket holder must be present at the time of the drawing to win. Additional tickets will be drawn until the cash prize is awarded.

25% of the cash collected each week (rounded up to the nearest dollar) will be added to the continuing "Pot of Gold" drawing. A randomly drawn ticket holder will draw from a bag of marbles containing one black marble and the rest white. If the black marble is selected, that person is awarded the accumulated value of the "Pot of Gold". If a white marble is drawn, it is placed in a separate container and no prize is awarded that week. The value of the "Pot of Gold" is increased by the weekly prize amount. The drawing occurs weekly until the black marble is drawn. *

The remainder of the cash (about 50% of the purchases) will be returned to the club treasury.

Note:

When the pot is awarded, the previously drawn white marbles will be reunited with the remaining white and one black marble and the drawing will start again at the next meeting. The club will add \$50 of seed money to refresh the "Pot of Gold" from the club treasury.

The club may periodically decide to continue the drawing process for the "Pot of Gold" until the black marble is selected, and the pot is awarded.
