CAPITOL PROJECTS

The long term goal for the Wells House property is to undertake a complete restoration of the property, so that it can be a functioning historic home, with consistent open hours to the public, space for rotating and permanent historic exhibits, long term rentals, and an office for the Wells House Coordinator.

PHASE ONE

- Complete rewiring of the first two floors
- Installation of period wall scones and light fixtures

PHASE ONE

- Updating the plumbing on the first two floors

PHASE ONE

- Restoration of the bathrooms on the first two floors

PHASE ONE

- Restoration of the master bedroom on the second floor, with the exception of carpet

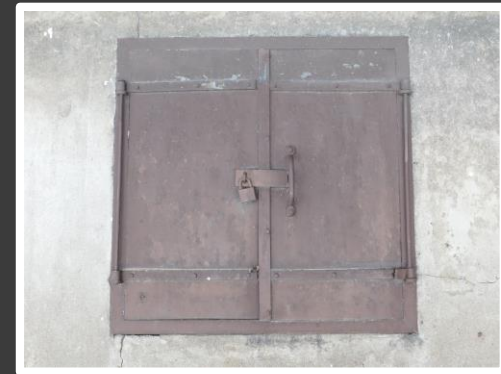

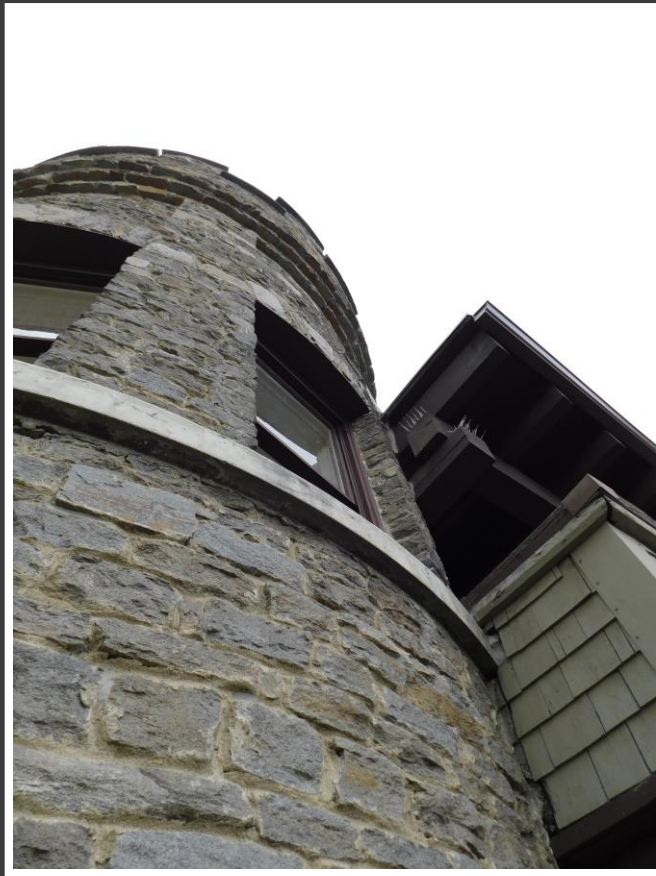

PHASE ONE

- Installation of new hardwood flooring on the main floor and in the hallway on the second floor

PHASE ONE

- Repair of the turret roof and replacement of the turret hatch
- Installation of an alarmed security system

PHASE TWO

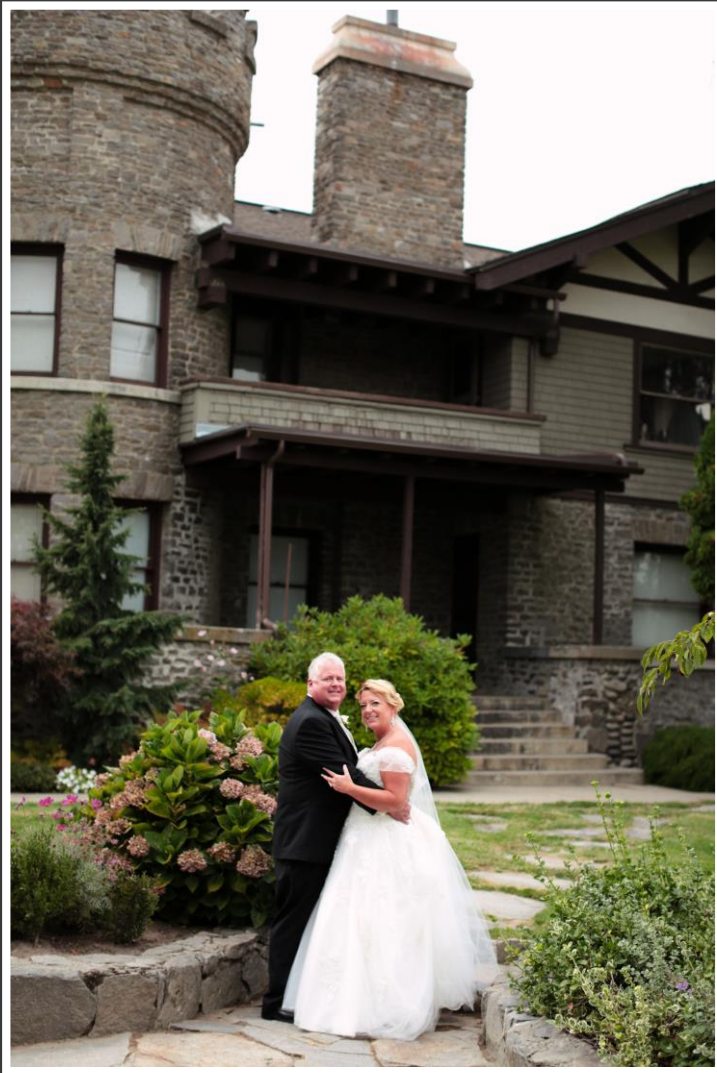

In process and slated to be completed by the summer of 2018

- Repair and restoration of walls and ceiling in two of the four remaining bedrooms on the second floor
- Restoration of the hardwood floor in one of the bedrooms on the second floor
- Repair and restoration of walls and ceiling in the remaining two bedrooms on the second floor
- Installation of carpet in the master bedroom and the three remaining bedrooms on the second floor
