

We begin our weekly Rotary meetings with a Moment of Blessing. Rotary is an international organization that represents many cultures and faith traditions. Therefore, the Moment of Blessing is to be offered in a manner that is inclusive of all, but allows for the faith tradition of the provider. The Moment of Blessing may be a prayer; prayers that are inclusive of diverse faith understandings are both appropriate and expected. The Moment of Blessing may also be a poem or some other succinct reading that acknowledges important events of the past or the present. The intent of the Moment of Blessing is to inspire us about the gift of life and the opportunities we have as Rotarians to contribute to the enrichment of life for others.
