

This is to remind sponsors of their obligation to any new member of Rotary: You should be sure to schedule "orientation" either before this person joins or immediately afterwards. This gives MaGic a chance to introduce them to the value and needs of our club right away. The orientation can be scheduled with Donna or Gary Bogle by the sponsor, the potential member or both of you together. Every Rotarian is expected to serve on one committee, hopefully for several years. Each of us has a different talent and passion but choosing a position right away helps integrate all members into service or networking.

As a reminder, the committees are:

- Member Involvement and Growth (MaGic)
- Fundraising
- Community Service
- International Service
- Vocational
- New Generations (Youth Exchange and community youth)
- Public Relations / Communications

There is something for everyone in Rotary. The orientation will also help to clarify responsibilities both financially and service/networking.

So call the Boggles at 616 355 7144 when you bring in a new or potential member.
