The suicide rate has
increased by
33% in the last
20 years
in MI

Center for
Disease Control

In 2017,
61.3% of teens
in MI living with a
mental health
condition did not receive
treatment

NAMI, 2016; Mental Health in America, 2017

The semi colon has become a
symbol of survival and support
for those affected by
suicide. It symbolizes
a story that could
have ended,
but continued.
