Rochester Rotary Club and Rochester Rotary Charities, Inc.

Purpose Statement:

Making a difference in the lives of people in our community, around the world, and in ourselves to impact the humanitarian needs of others to create empowering, self-sustaining, lasting change.

Our motto: Service Above Self

How do we accomplish our Purpose?

Rochester Rotary provides individuals with an organized way to give back. This is accomplished by our members working together (in **Rotary's Avenues of Service**, which are the foundation of our activities) with our Collaborating Partners through our Hands-On Services, Fundraising Events, Fundraising Activities, and Other Funding Sources. Our Rochester Rotary Charities, Inc. (a 501(c)(3) charity) distributes these funds to local, regional, and global charitable organizations* whose services align with our **Six Areas of Focus**. Distributing funds through these charitable organizations enables us to leverage their capabilities and capacity to apply our resources more effectively and efficiently to impact the humanitarian needs of others than we could do ourselves.

Rotary's Avenues of Service

We channel our commitment to service at home and abroad through five Avenues of Service, which are the foundation of Rochester Rotary's activity.

- **Club Service** focuses on making clubs strong. A thriving club is anchored by strong relationships, an active membership development plan, and ensuring the club's effective functioning.
- **Vocational Service** calls on every Rotarian to work with integrity and high ethical standards in contributing their vocational expertise to serve others on the problems and needs of society.
- **Community Service** encourages every Rotarian to find ways to improve the quality of life for people in their communities and to serve the public through the projects and activities the club undertakes to improve life in the community.
- **International Service** encompasses actions taken to expand Rotary's humanitarian reach around the globe and promote world understanding and peace. We support this avenue of service by sponsoring or volunteering on international projects, seeking partners abroad, and more.
- **Youth Service** recognizes the importance of empowering youth, young adults, and young professionals through leadership development programs such as Rotaract, Interact, Youth Leadership Awards (RYLA), and Rotary Youth Exchange.

Rotary International's Seven Specific Causes: Seven Areas of Focus

It has often been asked why Rotary International has identified the six specific causes that Rotary Clubs around the world have been asked to focus on. These **Seven Areas of Focus** were identified after assessing the most pressing humanitarian needs of communities, both locally and globally.

The scale of these pressing needs and their solutions are different in every community. Whether it's locally or internationally, Rochester Rotary's intent (the guidance, not limitation) is the same as Rotary International's. Below is Rotary International's rationale behind the choice of these **Seven Areas of Focus**:

1. WATER AND SANITATION

More than 2.5 billion people worldwide lack access to adequate sanitation facilities. At least 3,000 children die each day from diarrheal diseases caused by drinking unsafe water. There is an urgent need to develop sustainable water and sanitation systems to alleviate the suffering of the many in underdeveloped countries.

2. DISEASE PREVENTION AND TREATMENT

More than 100 million people are pushed into poverty each year because of rising medical costs. There is little or no access to low-cost or free health care in underdeveloped countries. Millions suffer and die from HIV/AIDS, malaria, water borne diseases, mental health, and other diseases due to lack of resources as well as lack of trained human resources to combat the various diseases.

3. MATERNAL AND CHILD HEALTH

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation.

4. BASIC EDUCATION AND LITERACY

67 million children worldwide have no access to education, and more than 775 million people over the age of 15 are illiterate. There is an urgent need to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

5. ECONOMIC AND COMMUNITY DEVELOPMENT

Nearly 1.4 billion employed people live on less than US\$1.25 per day. There is an immediate need for us to enhance economic and community development in order that opportunities for decent and productive work for young and old. There is a need to help strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

6. PEACE AND CONFLICT PREVENTION/ RESOLUTION

Today, it has been estimated that there are roughly 42 million people displaced by armed conflicts, wars, and persecutions in many corners of the world. Strong and sustainable actions are required to bring relief to these unfortunate victims and support long-term peace building in areas affected by conflict.

7. PROTECTING THE ENVIRONMENT

We are committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment. We empower communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation.
