Notes: Closed meetings are highlighted in green and yellow.

Effective November 2010 you can now only have 2 months worth of meetings open at a time (example: May and June can be open, however, in order to add July, you must first close out the month of May). Note that this won't affect your ability to add makeups for previous months. If you have not closed meetings in the past, you may have to close your previous year's meetings to find the Report Month Attendance link.
