Birthdays: Pat Pinkston 4/2 No Anniversaries this week

#### **Meeting News**

The weather was clear and it was above freezing this morning. Don't know why we had such a small crowd; only 33 people showed up including our two speakers, Bob Vosburgh and Clyde Yarnell from the Burlington branch of the Chittenden Bank.

Pat Pinkston and the Harwood Interact Club are raising funds for the WISER girls by having classes compete using "PENNY" Jars. Our club put in \$37.00 last week. They are also running a T-shirt sale with the WISER insignia. The winner of Mega Bucks this morning is entitled to a free shirt. (contact Bob Holden for details)

April Fool's Day Jokes: Ken informed us that Sugarbush plans to increase their revenue by allowing Starbucks and KFC to open restaurants in the new Family Center.

Peter told us that last week someone was seen swimming in Edison's Pond without a license. -Rumor has it was our Rotary president-elect.

Jim Leyton informed us that the District has \$100 available for each member of each club in our district on April 1st next year.

The rest of the Newsletter is for real, but ain't necessarily so (accurate).

Wini suggested we make Christmas trees and auction them off at our annual Christmas Party. They don't have to be expensive - just use a little imagination. No one showed any interest in this idea.

Thank you notes received from: Vt. Humanities for \$500 gift and from Vt. Land Trust for allowing them to make a presentation to us.

The Montpelier Rotary Club is having a dinner on April 15th to honor Bill Doyle. If interested in attending, contact Jim Leyton.

Ken complimented John Crump on his beautiful tie

Still Free: The Vermont Community Energy Mobilization Project will give you a Free Home Energy Assessment and tell you how to save energy and money. Call Dennis Derryberry at 496-7662.

The Rotary Person-of-the Year dinner, will be held on Tuesday, April 28, 2009 at the Common Man Restaurant. Cost of dinner, which includes hors d'oeuvres, will be \$35. Cash bar with beer and wine special. Your paid reservations to Jim Leyton are due today!!!! Claudia Becker (of the Big Picture) was selected for this honor for all her contributions to our Valley.

Note: There will be no meeting on April 29th (this is for real).

**MegaBucks:** \$ 324 - Ken had the lucky ticket (which turned out to be another April Fool's Day joke as he drew the 2 of clubs.)

# **PROGRAM**

Dave Ruane introduced our speakers. Bob Vosburg is with the Credit division of the Chittenden Bank. He started by telling us that the bad guys are getting more creative. If an offer is too good to be true, watch out. A lot of criminals are preying on innocent people. Then Bob asked each of us in turn what we did for a living. Most of our

members are retired and we have quite a variety of backgrounds. Jim Leyton, Bob Holden, Peter, Lorraine and Tom Byrne are still actively employed

Then he proceeded to tell us about all the different ways that crooks can steal your personal information. If you have even the slightest doubts that someone is trying to steal your ID, get a copy of the pamphlet "Take Charge: Fighting Back Against Identity Theft." It describes the immediate steps to take if you are an ID Theft victim. It lists the phone numbers of Consumer Reporting Companies and shows sample letters to your credit company, or a blocking letter to a Consumer Reporting company.

If you report the loss or theft within 2 business days of discovery, your losses are limited to \$50; within 60 days you could lose up to \$500, after that you could lose all the money stolen after the end of the 60 days.

There are so many ways to steal your data. When dining in a restaurant in a big city, never let your credit card out of your sight. The waiter can "swipe" the bill more than once, copy you credit card no. and sell it. Other documents stolen are driver's licenses, soc. sec. numbers, your checks, passports, etc. People can open up a credit account in your name and then max it out. He said his wife never balanced her check book until she discovered that someone had been writing small checks monthly on her account.

He warned business people not to write checks against a check received from an out-of-town customer, until 10 business days have gone by, as it may be a fraudulent check. E-Bay checks (even Œcashier¹ checks can be fraudulent. If a customer has to work hard to prove his credit card is OK, it probably is not.

The best way to protect yourself is to check all your accounts regularly. Place passwords on your credit Card, bank and phone accounts.

SCARY, ISN'T IT?

# THE FOUR WAY TEST
