RI PRESIDENT MARK MALINEY APRIL 2020 MESSAGE

I spend a lot of time thinking of family, not just my own or the extended family of Rotary, but also the families we are helping in the communities we serve. In many parts of the world, mothers and children face challenges to survive that most of us will never comprehend. According to the World Health Organization, the risk of a woman in a low-income country dying during pregnancy or childbirth, or from related causes, is about 120 times higher than that of a woman living in a high-income country. It is encouraging that infant mortality rates are declining globally, yet 4 million babies annually still die within the first year of life.

In April, Rotary turns its attention to maternal and child health. And when we think of what we can do to help, we can look to clubs like the Rotaract Club of Calabar South-CB, Nigeria, for inspiration. It teamed up with the Rotaract Club of Canaan City (CB) in a program focused on educating mothers on best practices to prevent infant mortality and promote postnatal health for themselves and their babies. In Bangladesh, the Rotary Club of Dhaka North provides free surgeries and medicine to pregnant women who cannot afford the hospital costs associated with giving birth. I encourage you and your club to go to ideas.rotary.org to find projects like these that are helping to save mothers and children.

We also have witnessed how millions of people — families and entire communities — have been ripped away from their homes because of conflict, poverty, and disasters during the past decade. But Rotary has not stood idly by during the global refugee crisis.

During Rotary Day at the United Nations last November, we honored a Rotary Peace Fellow and five Rotarians who are taking action to help refugee communities. Among them was Ilge Karancak-Splane of the Rotary Club of Monterey Cannery Row, California. After visiting several tent camps in Turkey, she led a Rotary project that collected 1,000 pairs of children's shoes and socks for families in the camps and, later, led a global grant project to help educate refugee children. In March, Gay and I had the privilege of visiting a tent camp in Torbali and seeing firsthand the good work that Rotarians from Turkey and California were accomplishing with Syrian refugees.

The challenges faced by mothers, their children, and refugee communities around the world are daunting. But when we remember our greatest strength — how Rotary Connects the World — we can begin to find solutions. Through our creativity, our resources, our dedication, and our networks, Rotary can and will open opportunities to face these challenges. ■

7 REASONS YOUNG PEOPLE SHOULD JOIN ROTARY

By Ryan Bell, Iowa City District 6000 Public Image Co-Chair

I have a message for all you young people out there who may never have heard about Rotary. Or if you have, it was from a parent or grandparent who spent more time talking about the lunch menu or how great the salad bar is. If that's all you've heard about Rotary, then you're missing a lot. And let me tell you why, in the middle of this pandemic, Rotary is more relevant than ever. It's definitely something you want to know about.

Rotary is kind of a big deal. With over 1.2 million members worldwide, it's the biggest service organization on the planet. If you're a fan of the planet, that's just what Rotary wants to preserve. Our members are working on helping save mothers and children, supporting basic education for children, and fighting diseases. Many of those members are now using their connections and resources to help combat COVID-19.

Rotary has no religious or national affiliation. We don't care what you believe or who you voted for. The way Rotary sees it, the most important thing is that we come together to accomplish some much-needed tasks for a group we like to call humanity.

Rotary efforts have already helped eradicate 99.9 percent of global cases of polio. If you've never heard of polio, you can thank a Rotarian for that. Armed with a massive investment and partnership with the Bill and Melinda Gates Foundation, Rotary has taken on the incredible task of ridding the world of this crippling disease so no child need get it ever again.

In addition to these large-scale, international projects, Rotary clubs are always working to improve their own communities. Just check out the list of activities Rotarians are involved in to help their communities get through this pandemic.

I would never pressure you to do something that will improve your life in every conceivable way. But let me tell you the benefits I've personally seen from being involved in Rotary for seven years.

1. **You'll make local connections.** During the pandemic, Rotary clubs have been staying connected through virtual meetings, which you can join conveniently from the safety of your home. Even in these unusual times, Rotary is keeping people connected. We all need that sense of connection. You will meet wonderfully diverse people from many walks of life. For many of us, this is the main appeal: local friends, local colleagues, clients and contacts. It's actually why a group of young professionals in Chicago started Rotary back

cont'd on page 12

RCSA Activities Highlight: **Throwback to AG visiting the Peace Garden**

3 PRINCIPLES WE USE TO BEAT THE PANDEMIC CNT'D.

in 1905. When it comes to networking and advancing your business, Rotary membership isn't like the fickle, transactional networking and "referral" groups you've likely been encouraged to join. It's authentic and real.

2. **You'll make a global impact.** Bill and Melinda Gates saw the efficiency and effectiveness of Rotary, and have partnered with us to commit \$450 million to eradicate polio. Once we crush polio, we'll move on to other important challenges facing our world.
3. **You'll see your work pay off locally.** Sure, the whole "saving the world" thing is cool, but if you're wanting to make a difference a little closer to home, don't worry, Rotary does that. We are leaders in our communities. We are a funding source (through a grant program), a volunteer source (because we're awesome like that) and we even come up with our own initiatives, like in 2018 when we planted over 1.2 million trees.
4. **You can inspire the next generation.** We have amazing youth programs that involve students in service and leadership. Rotary Youth Leadership Awards weekends fuel and shape the potential for greatness that's already inside these students. They get fired up about making the world a more peaceful, loving place — and have the contacts, plans, and direction to make it happen.

LET E-CLUBS HELP YOU GET ONLINE

By Diana White, club treasurer and past governor of Rotary District 7020

During the early days of the coronavirus outbreak, club president Brent Leerdam and members of the E-Club of the Caribbean, provided immediate support to the family of Rotary clubs across our district. The club offered to setup meeting times for other clubs using the club's Zoom account until these clubs could make online arrangements for themselves. The goal was to make sure clubs lost no time maintaining their routine of weekly fellowship meeting. A second goal was to empower clubs to immediately create action plans to support their community, all within a safe online environment.

Encouraged by District 7020's Governor, Delma Maduro, the e-club produced a short video explaining the advantages of meeting online during the Coronavirus outbreak. The video was followed up by an invitation to all clubs in the district to attend a virtual meeting that explained the key components of holding interesting and successful meetings online. The e-club continues to offer support, advice, and guidance, and has extended a district-wide invitation to online guest speaker events.

The E-Club of the Caribbean has been using Zoom for the past 7 years and has considerable experience with the platform. With the generous 20 percent discount offered to Rotary by Zoom, this online meeting platform is proving to be a lifeline for many.

Many districts around the world have an e-club. Reach out to these clubs for help getting online quickly. They already have practice and experience mastering these tools. Groups of clubs can share an online account, and assistant governors can help connect clubs to each other and get them online fast.

People of Action take the lead during times of change. We are leading the way by being leaders in our communities. Let your e-club show you the way as we find new and innovative ways to connect the world and open opportunities.

MOTIVATIONAL QUOTE

“Take time to smell the roses”

By Webster Edwards

“ Take time to smell the roses, to hear the birds singing in the trees, to listen to new songs and enjoy the world in which you have been placed.

It is so easy for us to become caught up in our every day routine that we find little time to appreciate the wonders of this world.

See the beauty of the emerging rainbow, listen to the raindrops falling softly on the pebbles, see the morning sunshine rising majestically from the east, and appreciate the wonders of each new day.

Rejoice that despite all the difficulties and deficiency life goes on in all it's fullness, and we have not been excluded from it's bounty despite our own imperfections.

Within this context, try relentlessly to minimize the occasions of conflict as it is injurious to your health. Walk away from an explosive situation if an amicable solution cannot be reached.

Life is too precious to waste one minute. Rejoice and give thanks for this wonderful world in which we live.
