## INVOCATION

O Lord who knows our every need  
Help us fulfill our Rotary Creed  
We live to serve you every day  
In all we think or do or say  
Accept our prayers for this meal O  
Restore, Forgive, Inspire and Heal.

## FOUR-WAY TEST

of things we think, say or do  
1. Is it the TRUTH?  
2. Is it FAIR to all concerned?  
3. Will it BUILD goodwill and BETTER FRIENDSHIPS?  
4. Will it be BENEFICIAL to all concerned?

## OBJECT OF ROTARY

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular, to encourage and foster:

FIRST: The development of acquaintance as an opportunity for service.

SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupation as an opportunity to serve society.

THIRD: The application of the ideal of service by each Rotarian's personal, business and community life.

FOURTH: The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service.

## THE FIVE AVENUES OF SERVICE

1. Club Service - focuses on making clubs strong. A thriving club is anchored by strong relationships and an active member development Plan.
2. Vocational Service - calls on every Rotarian to work with integrity and contribute their expertise to the problems and needs of society. Learn more in An Introduction to Vocational Service and the Code of Conduct.
3. Community Service - encourages every Rotarian to find ways to improve the quality of life for people in their communities and to serve the public interest. Learn more in Communities in Action: A Guide to Effective Projects.
4. International Service - exemplifies our global reach in promoting peace and understanding. We support this Service Avenue by sponsoring and volunteering on international projects, seeking partners abroad, and more.
5. Youth Service - recognizes the importance of empowering the youth and young professionals through leadership development programs such as Rotoract, Interact, Rotary Youth Leadership Awards, and Rotary Youth Exchange.

Your Advantage...Our Passion

# RI President's January 2022 Message

One of Rotary's founding principles was to use your vocation — whether as a doctor, lawyer, engineer, or another profession — to do good in the world. As we attempt to overcome and recover from the pandemic, this principle is vital in retraining people who have lost their jobs. In response, the Rotary E-Club of Tamar Hong Kong organized seminars for young people, with the aim of preparing them for the changing world of work.

This type of training must happen on a large scale. According to the United Nations, global unemployment is expected to exceed 200 million people in 2022. Women and youths are likely to be disproportionately affected.

This is why I've placed such a strong emphasis this year on projects that empower girls, and I've been delighted to see some of these projects in action. Of course, access to education and the path to employment can be blocked by a lack of water and sanitation infrastructure.

A project in Pune, India, focuses on providing girls and women with an affordable, reusable sanitary pad. The project provides employment for production and distribution of the pads, and it will reduce the pollution caused by the disposal of 12.3 billion sanitary napkins in the country annually, many of which end up in India's landfills.

Others have used vocational service to advance the empowerment of women. The Rotary Club of Poona, India, conducted workshops to teach martial arts to young women, for self-defense against the threat of abuse or human trafficking.

I've also been fortunate to use my vocation to do good through Rotary. The Indian Ocean tsunami in 2004 devastated the Andaman and Nicobar Islands, which are part of my district. Thousands of homes were destroyed, and many areas lost electricity and running water. On my visit to Little Andaman Island, the builder in me immediately wanted to build homes for the homeless islanders there. We decided to construct 500 homes on Little Andaman.

On the last of my seven trips to the island, I could see something glimmering below as my helicopter was about to land. I realized that what I was seeing were the roofs of new homes. I was overjoyed by the sight, and soon a realization dawned upon me. As a builder I had built many beautiful

# Double your club in 60 minutes

By David Higgs, president, Rotary Club of Henderson, Texas, USA

When I was asked to serve as president of our local Rotary club, I knew I needed to focus on recruiting new members during my term. Our club was down to about 20 members and far too often we would have less than a dozen at our weekly meeting. So, I took some of the ideas I learned at Presidents Elect Training Seminars and molded an approach to enlisting new members.

The strategy was simple. I challenged our club to move our annual installation of officer's banquet to a noon event. I also challenged our club to open the event up to the public. Then, I challenged our members to work together as a club to have 100 people in attendance. Ten professionally printed invitations were given to each member to invite guests. I made it clear members were expected to bring guests. I invited the mayor and other city officials who were happy to attend. Some of our members invited leaders from the school district and County. Almost everyone is up for a free lunch.

Acting in faith, we had the facility set up for 100 people and ordered food accordingly. When the day arrived, I was excited to see that every member brought guests. Our club had never had a meeting with 100 people in attendance. Some members brought one or two guests, others 10 to 12. The excitement was palpable.

During the luncheon, we shared with the guests what Rotary was about and then gave them the opportunity to join. They were given an offer that our club would pay their dues for the first six months. At the appropriate time we passed out applications and dedicated three minutes for guests to complete the form. I was convinced we could double our club during that 60-minute luncheon. And by the time the luncheon was over we had 14 new members!

These new members have brought a breath of fresh air to our club. We have had several projects since, where the new members have had a chance to get to know one another better.

The bottom line is, if you put in the effort and encourage club members to get on board 100 percent, you can increase your club size during an installation banquet or some other special event. You can do it!

# Rotary Projects Around the Globe

by Brad Webber

## United States

In September, the Rotary Club of Novato, California, celebrated the opening of a community center, the culmination of an effort that began in 2007 with a bequest of \$5 million by longtime member Bill Jonas. The club worked with the College of Marin to construct a 15,600-square-foot complex on the college's Indian Valley campus. The center houses a banquet space with the capacity for hundreds of guests, a kitchen, and a stage equipped with the latest audiovisual equipment. The club, whose contribution covered about one-third of the project's total cost, obtained a 75-year lease as well as naming rights for its benefactors, the late Bill and Adele Jonas, and now holds its meetings at the center. "It was a long-term challenge, but we didn't give up," says Sonia Seeman, a co-chair of the project's planning committee.

## Antigua and Barbuda

The pleasant climate in the Leeward Islands might delight sun-seeking vacationers, but for residents, severe drought in recent years has led to rationing and a reliance on desalinated water. To make the most of the water that is available, the Rotaract Club of Antigua embarked on a project to install 12 water harvesting tanks at an association for people with disabilities. "In light of the ongoing COVID-19 pandemic, this will encourage handwashing and proper hygiene," says past club president Ti-Anna Harris of the effort, which cost about \$1,850. The club, which has 34 members, carries out an active schedule of projects. In September, members picked up trash at a local beach as part of the Save Our Shores cleanups that were carried out in conjunction with the Rotaract clubs of Mémorial des Gonaïves, Haiti, and Freetown Sunset, Sierra Leone. Other club projects include free HIV testing, professional and vocational training, a Christmas celebration, and a spelling bee.

## United Kingdom

In a Rotary-supported initiative, thousands of tents that help provide protection from the elements have been distributed to people in the UK who are homeless. The lightweight one-person tents, which cost about \$40 each, are intended as a short-term solution for vulnerable people in cold and wet weather. "The very first time we showed the Sleep Pod to anyone outside our small circle was when we showed it to Rotarians," says Justin Devereux, who co-founded the Sleep Pod charity with two friends. The Rotary Club of Erdington and other District 1060 clubs provide financial support, and hundreds of Rotarians and other volunteers joined a push during the pandemic to assemble pods at home to increase the available stock. "While people still die on our streets and in our fields from hypothermia and exposure, Sleep Pod will do all we can to support people as they sleep underneath the stars," says Devereux, "for whatever reason they find themselves there."

buildings. In comparison, these 500 homes were the most ordinary buildings I had ever built, and they were in a place I likely will never visit again, for people I will never meet again. And yet the satisfaction I had in handing over these houses was greater than from anything I had previously built. Probably because for once I was using my vocation to Serve to Change Lives.

You, too, may have had opportunities to use your vocation to Serve to Change Lives. I welcome your stories of performing vocational service through Rotary. Also, I want to close by congratulating every club that has engaged with the Each One, Bring One initiative, which asks every member to introduce one person to Rotary. Increasing our membership gives people from all walks of life the opportunity to share their knowledge and skills in transformational service.

## What would you do?

Young mother wants to serve on your club's board

*By Rotary staff*

A meeting of the Rotary Club of Decatur, Alabama, in 2018.

During a discussion of candidates for an upcoming club election, a member objects to one candidate on the grounds that she's a mother of young children and wouldn't have the time to commit to Rotary. What would you do?

Every month, Rotary magazine showcases answers to an ethical question that members might face in their Rotary or Rotaract clubs. Share your suggestions below to be included in a future issue.

## LIGHT IN THE MIDST OF DARKNESS

by Webster Edwards

*Difficulties and challenges are parts of our daily experience.*

*Never expect exemption from the frustrating experiences of our times.*

*Life is to be accepted in its totality, encompassing our fortunes as well as our misfortunes.*

*An ancient Chinese proverb fittingly sums up life as it is meant to be experienced.*

*“Just as the gem cannot be polished without friction, nor man perfected without trials.”*

*Yet, there will always be a light however faint, shining through the darkened experiences in our lives.*

*As the darkest hour is just before dawn, when times are at their worst, be assured that a new ray of hope is gradually breaking through the emerging difficulties in our lives.*

## ROTARIAN CODE OF CONDUCT

*The following Code of Conduct has been adopted for use by Rotarians all over the World. This is based on “The Four-Way Test”.*

*As a Rotarian, I will:*

1. Act with integrity and high ethical standards in my personal and professional life.
2. Deal fairly with others and treat them and their occupations with respect.
3. Use my professional skills to mentor young people, help those with special needs and improve people’s quality of life in the world.
4. Avoid behavior that reflects adversely on Rotary and other Rotarians.
