RI President's July Message

I wish each of you and your families a great Rotary New Year! Together, let us make it the best year of our lives, by making it a year to *grow more and do more*. Let this be a year of changemakers, and let us begin with our membership.

That is precisely why the Each One, Bring One initiative is so important. During this year, I urge you to dream of new ways in which Rotary can expand its reach into your community and therefore the world. If each member introduces one person to Rotary, our membership can increase to 1.3 million by July 2022. So, let's just do it!

Imagine the change we, as Rotary members, can make when there are so many more of us! More people to care for others, more people to Serve to Change Lives. Think of the impact we can have through *grow more*, *do more*. More members will enable us to embark on bigger and bolder service projects. And each of us can also continue to serve in our own personal ways, responding to needs in our communities.

The beauty of Rotary is that service means different things to different people around the world. One element, however, that we can incorporate into all of our service initiatives is empowering girls. Unfortunately, even in this day and age, girls and young women face disproportionate challenges all over the world. We have the power to lead the charge for gender equality. Empowering girls and young women to have greater access to education, better health care, more employment, and equality in all walks of life should be embedded in every Rotary project we launch. Girls are future leaders, so we must ensure that we help them shape their future.

The biggest gift we are given Is the power to touch a life,

To change, to make a difference In the circle of life.

If we can reach out With our hand, heart, and soul,

The magic will start to happen As the wheel begins to roll.

Let's turn the wheel together So all humanity thrives,

We have the power and the magic To *Serve* to Change Lives.

These are challenging times, and I compliment each of your efforts in grappling with COVID-19. No challenge is too big for Rotarians. The bigger the challenge, the more passionate the Rotarian. Look at what we can do when we take on a colossal challenge such as eradicating polio. Look at the millions of lives we improve by strengthening access to water, sanitation, and hygiene. Look at what we do every year to promote peace in places where it seems unimaginable. Our basic education and literacy programs have nation-building impact.

This year, let us challenge ourselves to do more such projects and programs that have national reach and impact. This year, let us *Serve to Change Lives*.

President Ammesha's Acceptance Speech

As we embark on a new Rotary year, the club's focus will be on Membership and Continuity under the theme: Membership: Continuity in Service and Service in Continuity.

Our club has been built on a strong leadership foundation, and I am fortunate to have a membership that is fully committed to the Rotary ideal of Service Above Self.

The handover from one administration to another is akin to a relay. And IPP Audley has handed me the baton in a good position, having run a good leg, in fact, two good legs in a row.

Talk about Continuity in Service and Service in Continuity!

Rotary is evolving. I stand here today as the youngest President of the Rotary Club of St. Andrew. A few years ago, I would not have imagined that a club such as mine would have inducted and invited me to become President of this noble institution. But I am reminded of the words of Paul Harris:

"This is a changing world; we must be prepared to change with it. The story of Rotary will have to be written again and again."

I plan to write a new Rotary story, built upon the foundation handed to me, one that will inspire all to continue to be our brother's keeper. As your President, it will be my honour to forge partnerships that will enable us to serve our communities and bring about the meaningful change that we all want to see.

My service to Rotary has indeed changed my life for the better. My hope for my fellow Rotarians and persons who joined us here today is for us to continue to be bold in service as we work towards a common goal that is "Service Above Self."

President Ammesha's Acceptance Speech cnt'd.

The following will be the focus of my administration under the theme - **Continuity in Service, and Service in Continuity**:

- Membership growth and retention.
- Building the **Rotaractors** so they can become future Rotarians.
- Re-engage our **interactors** and **earlyactors** to start serving
- Create fellowship opportunities so members can grow their network.
- Increase **service opportunities** for members
- Build sustainable projects that will make a greater impact in the community - Boys Town will continue to be a fixture for the club as we create a lasting impact on the community's social development

For the upcoming Rotary year, our Club's major project will focus on the further buildout of the Boys Town Community Centre. The project will see the establishment of a Community Library that will enable students to research, study for exams, use the library as a haven to read and explore the world outside of their communities.

We anticipate that this library will become a monumental feature at Boys Town that will also benefit the nearby Trench Town, Rose Town, Arnette Gardens and other communities.

In running my leg of this Rotary relay, I remain committed to the members of the Rotary Club of St. Andrew in Continuity in Service and Service in Continuity.

Thank you.

Food bags fill void left by pandemic

By Roger Bjoroy-Karlsen, Rotary Club of Roatan, Bay Islands, Honduras

I am on a small boat fully loaded with food bags headed for the people of St. Helene, a small island about two miles long and one mile wide, separated by a canal from the island of Roatan. Roatan is the largest of the Bay Islands located off the northern coast of Honduras.

As the waves are striking our boat, my thoughts wander to the approximate 1,000 people in 218 households who are in need of the food we're delivering. Many of whom have no income because they lost their jobs due to the COVID-19 pandemic. St. Helene has no roads and no infrastructure. Its people are descendants of African slaves brought by the British to Jamaica and the Cayman Islands who then migrated to Roatan after gaining their freedom in the 1830's.

Last year they got electricity for the first time. And 14 months ago, as the first part of a Rotary global grant, members completed a fresh water project. Phase two of the grant has been approved.

We landed on a Friday in September 2020 at a dock that was built by grant money and the effort of Rotary members. Our trip could not have happened without funds from the Rotary Club of Oakville Trafalgar (Ontario, Canada) and the Rotary Club of Evergreen (Colorado, USA).

- 600 masks
- 250 face shields
- bags with food for roughly 30 days

In addition to the food, we provided 600 N95 masks and 250 face shields to residents of St. Helene thanks to a donation

from Michael McCarry of Mount Sinai Hospitals in New York City, New York. A special thanks to Sterling Lucas and his boat captains who brought us to the island.

The islanders received their bags of provisions as they were checked off of a list. They then loaded into their boats and flipped up their umbrellas and went back to their homes either by sea or along crooked paths around the island. The bags will provide each family with enough food to live on for about a month.

It was great to see their renewed hope for the future as the supplies gave them the ability to look beyond this pandemic. This is what Rotary is about, Service Above Self and bringing new hope to parts of the world.

MOTIVATIONAL QUOTE

Work need not be a burden

by Webster Edwards

Why do some people work without complaining or refuse to count the hours that they put in on the job?

A colleague Robert Gregory reminded some of us sitting together at lunch some time ago.

"If you love what you do, you will never have to work another day in your life."

A very perceptive thought. It posits the concept that somewhere along the line one can experience a fusion between work and recreation.

And that work need not be a tiring, unending boring imposition but rather an experience which inspires while contributing meaningfully to the productive process.

That work offers us the opportunity of building relationships that can sustain us through the travails and stressors of life.

Work need not be a chore or an encumbrance, but in it we can be creative, experience happiness and find meaning to the various issues and problems of our times.
