Your Advantage...Our Passion

DG Louis - June Message

Dear Fellow Rotarians,

First Lady Amanda and I would like to say thank you – thank you to all of the Clubs that welcomed us with wonderful hospitality during the physical and digital District Governor visits. Thank you to the Rotarians, Rotaractors, Family and Friends of Rotary/Rotaract who attended our District Conference in St. Maarten. And lastly, thank you to all of the dynamic clubs in District 7020 for pushing through another challenging year with the Worldwide Covid-19 Pandemic. I would like to give a special commendation to the Rotary Clubs in Haiti and their Assistant Governors for serving their communities throughout the many challenges they faced in Haiti. And another special mention to the Bahamas Disaster Relief Team and to the Haiti Earthquake Relief Committee for their dedication and service.

I am honored to have had the opportunity to serve as your District Governor this Rotary Year. I am very proud of how our District 7020 performed and the many ways that we “Serve to Change Lives.”

In the words of Mahatma Gandhi: “Be the change that you wish to see in the World.” It all starts with one vision, one idea, which in turn becomes projects that can change the lives of many in your community and Internationally.

Let us continue to do good in this World, through sustainable projects and also by inspiring and motivating those around you. Let us showcase Rotary to the World through Social Media, Local Newspapers and Radio Broadcasts and show them that we are not just a service club – we are Rotary Clubs that create lasting change around the World and in our communities. We are the leaders and problem solvers and it takes great commitment and dedication to change the World, one life at a time.

Yours in Rotary Service,

Louis Wever
District Governor
District 7020

How to set your club on a good path for the new Rotary year

By Vivek Khandelwal, a former Group Study Exchange participant and member of the Rotary Club of Deonar, Mumbai, India

What makes one Rotary club vibrant and another one not? Sometimes, this is not always the easiest thing to understand. But I can vouch for the difference it makes during my own experience as a Rotary member for the past 12 years. And a lot of it stems from how effectively a club plans for and executes changeover in club leadership.

When I was president of my club in 2015-16, it was just my club's third year. The members had mixed levels of experience and enthusiasm. Some of them had been Rotary members for some time but a lot of them were brand new to Rotary. Everyone brought their own level of professionalism and expectations to the club.

I attended every training program my district governor had organized, and the instructions were meticulous. However, I found them much harder to implement.

Every Rotary year ushers in change, from the top down. It is part of what has helped Rotary thrive from year to year as new ideas and new perspectives are brought forward, and new leadership brings new energy.

But while we often think that every Rotary member understands and appreciates the changes that take place every 1 July, this is not always the case. In hindsight, I believe younger clubs need a different level of nurturing than more established ones.

I had a great board of directors, but we were not as effective as we could have been. The goals and objectives of the Rotary year and the requirements of each officer were not driven home as effectively as they could have been during our directors orientation program. As a result, members did their part, but a heavy burden fell on my shoulders to keep the club moving forward and in synch with the objectives of that Rotary year.

Was my experience unique? I do not believe so. I have since come to believe it is an experience faced by many younger clubs not prepared for the expectations of a new year and what is needed to drive the club forward and keep it on track.

How to set your club on a good path for the new Rotary year

cnt'd from p12

I believe younger clubs need a different level of nurturing than more established ones. Recently, I attended a directors orientation program by my president-elect Vidhya Subramanian, and I realized just how effective a club can be if members are more united toward common goals and there are innovative ways to drive the club's agenda.

The president-elect meticulously planned every detail and brought a variety of case studies to show common issues that can occur and ways to counter them. She had studies that addressed membership growth, engaging members especially dormant ones, getting past presidents to remain a part of club leadership, promoting giving to The Rotary Foundation, and getting everyone involved in service. She brought in some of the finest speakers including past district governors to share their inspiring stories. She enlisted the help of district and club trainers.

This level of commitment, and this passion, unites members and drives a club toward common goals. It leads to members who are fully engaged. It increases connections and friendships between members and leads to successful and lasting projects.

Rotary clubs, especially young clubs, will benefit if they can evolve from a "one size fits all" approach to leadership change. We need to give younger clubs more help and more support. And we need to embrace a custom mentality where club leadership teams find their own growth path and spend sufficient time explaining their goals and objectives to their members. If we can do that, great things will happen.

What a Journey this has been

My Fellow Rotarians,

It was my pleasure serving as your President for the Rotary Year 2021-2022. This role has genuinely inspired me and has made me even more conscious of my role as a Rotarian. The year was met with many challenges, but the outcome was a positively beautiful journey.

Your unwavering support for me as your President has been tremendous and most appreciated. For the year, we had several fellowship and service activities. All of which were aligned to the theme of the year, "Membership: Continuity in Service and Service in Continuity."

Our club managed to reinduct three past Rotarians, had an over 80% participation in our Wellness Programme, provided PEP books and Tablets to students at the Allman Town Primary, supported the Boy's Town Community through many impactful projects, partnered with several Rotary Clubs to a Tree Planting project and secured a Computer donation partnership with DHL, among other significant partnerships towards our Major Project for 2021-2022

For the first time in our club's history, we are 100% The Rotary Foundation (TRF) Giving Club and 100% Every Rotarian, Every Year Club (EREY). We have received for 2021-2022 both the TRF Giving and EREY Banners. The club saw an increase of 11 new PHFs. We also secured a District Grant of JMD\$223,352.80 for the Major Project.

Our Youth Service clubs continued to grow with a record number of inductions this year.

There is so much good to share and highlight from this year. Our impact has been felt. Thank you, and I am happy to have served.

Ammesha Brown

SERVE TO CHANGE LIVES

☺ MOTIVATIONAL QUOTE ☺

ALL WILL BE WELL

by Webster Edwards

We sometimes romanticise and hunger for a return to the good old days, when life was more leisurely, predictable, people more friendly, not realizing that those days are relics of the past and will never ever return.

We are now witnessing the dawn of an entirely new age, one that is dominated by change, and we are daily challenged by the rapidity and uncertainty engendered by the changing times in which we live.

These changes affect our perceptions, relationships and pose a serious challenge to our aged old system of values.

Today there is a measure of unprecedented apprehension as people are not just simply questioning everything, but no longer feel certain about anything.

Yet looking back to the good old days is not a viable prescription as this will only compound the agony of our adjustment.

Today we need a faith that will inspire hope, assuring us that life is not simply dominated by caprice or chance but that there is a intelligent mind at work, and for those with eyes to see beyond the present, that all will eventually be well.
