Your Advantage...Our Passion

RI President's March 2022 Message

We have overcome so many challenges these past two years and changed numerous lives. It brings me great joy that we have worked so hard this year to grow Rotary through the Each One, Bring One initiative. The result has been excellent growth in membership. Let us keep up the momentum. I am happy that you have put a spotlight on all we do by organizing projects around the world in our Rotary Days of Service. The future looks brighter than ever for Rotary and our 1.4 million members.

On 11 March 2020, the World Health Organization declared that COVID-19 constituted a pandemic, and two years later it is important that we continue to draw on our expertise in our disease prevention and treatment area of focus to help people worldwide cope with the continuing challenges. The pandemic continues to defy all expectations, but we cannot be frozen in fear. Our work is too important. It is also important that we make time for each other, and I urge you to register for the upcoming 2022 Rotary International Convention in Houston. It is a great way for all of us to safely celebrate Rotary service.

We can continue to build hope and spread peace in the world by using our resources to help the most vulnerable and keeping our faith in the future. The pandemic has had an especially devastating impact on girls worldwide. On the first anniversary of the pandemic, Henrietta Fore, the executive director of UNICEF, said that "immediate action is needed to mitigate the toll on girls and their families." This need, unfortunately, remains just as strong a year later. The ripples of the pandemic have affected girls in unique ways — stunting their educational attainment, weakening their job prospects, and contributing to other terrible results such as child marriages and increased human trafficking.

Data from UNICEF reveals why our action is so essential. In the 2010s, important progress was made toward eliminating the practice of child marriage, and UNICEF estimates that 25 million such marriages were averted worldwide. Unfortunately, the pandemic reversed those positive trends, and as a result an additional 10 million girls are vulnerable to becoming child brides by the end of this decade.

This is why our focus on Empowering Girls is such vital work, and I am delighted that at this year's virtual International Assembly, President-elect Jennifer Jones committed to continuing this initiative for another year. In my travels, I have witnessed many wonderful examples of club projects that back our Empowering Girls goals. But all Rotary members know that real change requires big efforts sustained over many years. This is the power of our global grants and actions taken within our areas of focus.

I encourage clubs to think of innovative ways to empower girls when designing their grant projects. Every step we take to improve education, health care, and economic opportunities for girls makes an important difference in helping them achieve their full potential. With opportunity we create hope, and with hope we address the root causes of conflict around the world, setting the stage for sustainable peace.

None of us know how long the COVID-19 virus will linger — and as an organization that has worked tirelessly for decades to eradicate polio, we understand better than

Ukrainian describes leaving Kyiv, using Rotary network to help others

By Iryna Bushmina, District 2232 (Ukraine) Rotaract Representative

I left Kyiv in the first hours of the war. My sister, her husband, her 3-month-old baby and a cat were in the car. When we reached the border, men were already not allowed to leave the country, so I went on with my sister and a little nephew. We were five days in the car, six days until we got to Vienna.

We stayed for the night in different countries three times. These were not hotels but homes of Rotary and Rotaract families. I used to just say that Rotary International is a big family, now I really believe it. And I am convinced that this is a family that will stand by you. These are no longer beautiful words to me, this is reality.

I was still in the car when I got the idea to mobilize Rotaract Europe. I realized that I was not the only one who needed help and support. My sister was driving, and I had my hands free. I started writing to all chats I knew where there were Rotaractors about the situation in Ukraine. A lot of Rotaractors instantly responded. People immediately created groups with different directions and helped me to lead them. These were not perfectly thought-out projects, but they were projects that started working from the first day.

Rotaract responded very quickly, and I realized that we needed to start very rapidly with the small projects to help Rotarians and Rotaractors of Ukraine find accommodations in other countries. Now, the project has grown, and we are helping many Ukrainians find a new home for the first time. We have lined up more than 2,000 host families to take in refugees.

The requests we are processing vary from assistance with relocating, to finding accommodations, to providing other humanitarian support. Right now, there is a big request for help for the defense forces for helmets, thermal imagers, body armor, and the like.

Some cities ask for simple things – food and water. And that's what hurts the most. Especially when we all realize that the Russian army is blocking us from bringing humanitarian aid to civilians and they are dying from hunger and dehydration.

There are more than 100 people in my international team alone and around 50 people in the Ukrainian team. I don't know exactly how many Rotaract members are involved in helping Ukraine. Each country has its own projects. Some clubs also organize assistance separately. Some are more involved, some less, but even the smallest contribution is valuable and could save lives.

We work in four directions:

1. Distribute truthful information about the situation in Ukraine
2. Find accommodation and hosts for Ukrainians in flight
3. Send humanitarian aid
4. Securing financial support for those that need it

Rotary's network enables rapid humanitarian relief for Ukrainian refugees

By Rotary International

The crisis in Ukraine is having devastating consequences on civilians as families flee their homes. According to the United Nations, **more than 3 million people**, most of them women and children, have sought refuge in neighboring countries and across Europe, while about 1 million more people have been displaced within Ukraine. Rotary and Rotaract clubs in Europe and around the world have taken swift action and are working with members nearby to provide food, water, medical equipment, and shelter for refugees.

ROTARACT EUROPE

The European Rotaract Information Centre, a multidistrict information organization that serves Rotaractors all over Europe, created a United for Peace site that compiles information for refugees and volunteers.

- The site offers information about free rail, bus, and air transportation available to refugees and lists details about what's needed and how to help at specific national borders.
- It also has fundraising details for hospitals in the western Ukraine city of Lviv, as well as for clubs that are helping in various places and for other organizations in the region.
- The site lets Rotaractors coordinate shelter for refugees stranded at the border. Volunteer hosts can sign up through an online form and specify how many people they can house and for how long. Begun as an initiative to help fellow Rotary members leaving Ukraine, it's now being used by Rotaract and Rotary members all over Europe to offer help.
- A tool on the site links a demand for goods with available supplies. It was created within 48 hours after a team of 60 members from 10 countries met by videoconference about how to meet the most urgent needs.

UKRAINE

Ukraine has 62 Rotary clubs and six satellite clubs with about 1,100 members, and 24 Rotaract clubs with more than 300 members.

District 2232 (Ukraine and Belarus) formed a committee to help people affected by the crisis. It has launched an appeal to Rotary members worldwide for funds to provide basic necessities.

The city of Lviv has had an influx of people displaced from other cities around Ukraine. The Rotary Club of Lviv International, working with local authorities and major hospitals, created an online spreadsheet of relief items that can be accessed by people who want to help. Members arrange for the donated items to be delivered to hospitals and coordinate storage with local warehouses.

most the difficult work that lies ahead for the world. POLAND

Poland has taken in more than a million refugees, and Rotary clubs all over the country created a central account for contributions.

- The Rotary Club of Olsztyn is collecting and managing donations for more than 150 Ukrainians who are staying at Ostróda Camp, a conference and recreation center. Most of the occupants are unaccompanied children whose parents stayed in Ukraine. Four cars full of supplies including food, clothes, toiletries, and toys were donated hours after the center began accepting refugees.
- Members of the Rotary Club of Zamosc worked with a member of the Rotary Club of Wolsztyn, who owns a medical supply distribution company, to coordinate a partnership with other organizations to collect supplies and equipment.
- The Rotary Club of Gdansk Centrum is providing accommodations for four refugee families, and members who own businesses are offering them work.

OTHER COUNTRIES THAT BORDER UKRAINE

- The Rotary Club of Kisvárd, Hungary, is coordinating contributions and mobilizing members to donate necessities and deliver the items to where they're needed.
- Rotary members in Romania and Moldova have created a central fund for contributions and set up WhatsApp groups that organize food donations and coordinate shelter for refugees.
- In Slovakia and the Czech Republic, clubs have partnered with a railway and cargo company to offer transportation to nearly 2,300 refugees.

Not all of the people write or express their gratitude. But to be honest, I don't expect this. After what these people have gone through – the fear, stress, spending three to four days at the border – we do not need them to say, “thank you.” We just need to make sure these people are safe and that they get what they need to survive and help others.

Now is the time for understanding. Of course, when some of the people do write their appreciation, it is a pleasure.

The Rotary Foundation has created a channel for direct humanitarian support in the Ukraine region. Follow updates on how Rotary members are providing humanitarian relief on Twitter, Facebook, Instagram, and LinkedIn, and on Rotary.org and My Rotary.

MOTIVATIONAL QUOTE

BEING A GOOD LOSER...A DESIRABLE ATTRIBUTE FOR OUR TIMES

by Webster Edwards

The world has gone mad. Traditional values, long thought to be inviolable have been discarded. Leadership has become dysfunctional and has descended into mob rule. That's the message from our combined experience as the events in the United States of America unfolded yesterday before our eyes.

Although winning is admirable, the skill of losing is an essential component of life, as it is by losing some of our most intense battles in life that we learn to continue courageously when disappointments come knocking at our doors.

It is not who can talk the loudest, but rather that thin and delicate thread of respect for the opinion of others, being a good loser, recognising that no one person however talented has got a monopoly of truth that keeps us all from losing our sanity when everything seems to be going against us.

If we can learn how to lose gracefully while maintaining our poise and dignity we will be laying a solid foundation for the future of our world.
