Rotary Club of St. Andrew Launches Wellness Programme

Written by: VP. Yulit Gordon and Edited by PP. Kemmehi Lozer

The COVID 19 pandemic has brought significant changes to the world, affecting our daily lives in many ways. These changes include restrictions on public gathering, stay at home orders, no movement days.

As a result, many businesses and activities were moved online. In response to the changes, the Rotary Club of St. Andrew also moved online. To address the limitations of the online meeting, which includes the lack of physical interactions, President Ammesha Samuels decided to launch a Wellness Programme. The objective of the programme was to address the physical and emotional wellbeing of the members. The focus was to promote healthy lifestyle choices and strengthen the bonds of fellowship among members. Past President Kemmehi Lozer was appointed Chairman of the Wellness Committee, and the programme was launched on August 21, 2021.

All members were placed in one of three houses. These are:

- Sunflower Power, the name of the yellow house.
- Red Flamz - the red house.
- Blue Phoenix - the blue house.

Members were encouraged to do 30 minutes of physical activity daily, consume healthy and nutritious meals, engage in yoga and spiritual enlightenment and get adequate sleep. They were further asked to do short video clips of them carrying out the various activities and post in the Wellness WhatsApp Group. Team members were teamed up with a "buddy system" to encourage and hold each other accountable in carrying out the programme's mandate.

The submissions were nothing short of innovation and creativity at their best.

RI President-elect Jennifer Jones announces Rotary's \$97 million pledge for sustainable projects during Global Citizen Live

by Ryan Hyland

Rotary International President-elect Jennifer Jones took the stage at the Global Citizen Live concert on 25 September in Paris, France, and pledged \$97 million in grant funding from the organization next year for sustainable, Rotary club-led projects.

Global Citizen Live, a 24-hour broadcast with events and performances across six continents, aimed to unite people to take action to defend the planet, end the COVID-19 pandemic, defeat poverty, provide education for all children, and promote equity and justice for all. Some of the world's top artists, celebrities, activists, and government leaders participated in this year's event to raise awareness and support in cities including Paris; Lagos, Nigeria; London, UK; Los Angeles, USA; New York City, USA; Rio de Janeiro, Brazil; Seoul, Korea; and Sydney, Australia.

In Paris, where Jones pledged Rotary's support, thousands of people gathered at the iconic Champ de Mars near the Eiffel Tower to see performances from Elton John, Ed Sheeran, Black Eyed Peas, Christine and the Queens, Doja Cat, Angélique Kidjo, and more. Other leaders pledging support included European Commission President Ursula von der Leyen, French President Emmanuel Macron, and Paris Mayor Anne Hidalgo.

"Every day millions of girls walk miles to fetch clean water, and millions of boys are on the streets instead of going to school. Every day moms and dads struggle to find ways to feed their children," Jones said from the main stage in Paris. "And every day, members of Rotary and Global Citizen start our days knowing that we can make a difference."

"This year we're putting a special focus on empowering girls worldwide, opening doors for young women to build brighter futures," Jones said. "Today Rotary is committed to helping end poverty globally and protecting the planet by pledging \$97 million in grant funding during 2022 for sustainable, member-led projects."

She added: "We stand together with Global Citizen as people of purpose, people of action."

Rotary has worked with Global Citizen for a more than decade, primarily regarding the effort to eradicate polio worldwide. At the 2012 Global Citizen event in New York City, Rotary General Secretary John Hewko and celebrity ambassador Archie Panjabi announced Rotary's \$75 million commitment to polio eradication. Rotary and Global Citizen have also connected at Rotary International Conventions, the Commonwealth Heads of Governments Meetings, polio advocacy events, and polio funding announcements.

In total, more than \$1.1 billion in commitments, 157 million trees to be planted, and 60 million doses of COVID-19 vaccines to be donated to developing countries were announced in conjunction with the 25 September event.

Rotary International President's October Message

A quarter of the Rotary year is now behind us. I am sure you are helping Rotary to grow more and do more. And I hope you have already done your part for the Each One, Bring One initiative by introducing one person to Rotary.

Do you ever think about your earliest days as a Rotarian? I often do — because those first moments of discovering the power of service shaped who I am today. When I joined my Rotary club, our efforts focused on India's rural communities, where people were living without toilets, getting their drinking water from the same pond they bathed in, and sending their children to outdoor classrooms set up under a tree. The nearest health care provider often was miles away — and the services were inadequate. But after Rotary clubs carried out some service projects, the villages had toilets, clean drinking water, a classroom for early learning, and a nearby health care center.

The spark that Rotary kindled within me forced me to look beyond myself and embrace humanity. It made service a way of life and led me to a guiding principle I still stand by: Service is the rent I pay for the space I occupy on Earth.

If you feel the need to reignite the spark of service in yourself or your club, October — Community Economic Development Month — is a great time to do so. When we work to improve the lives of people in underserved communities — through, for example, projects that provide vocational training and access to financial resources — we help build and sustain local economic growth.

The need is great. According to the United Nations, 9 percent of the world's population — that's 700 million people, a majority of them in sub-Saharan Africa — live on less than \$1.90 a day. By supporting strong community development as well as entrepreneurs, we can help improve conditions for people in that region and others.

Your club can also promote economic development in your own community by expanding vocational training opportunities through local schools and community colleges, partnering with lenders to improve access to financial services, or working with a nonprofit that provides resources to entrepreneurs and connects them with the business community.

Of course, developing strong communities is impossible without strong public health. On 24 October, World Polio Day, we'll celebrate our tremendous progress in the effort to eradicate polio. But we also know the fight is not over. We still need your help raising funds and awareness to ensure that all children are immunized against polio. Please don't forget to activate your clubs on that important day and encourage them to donate here: endpolio.org/world-polio-day.

Service has been rewarding for me throughout my life. I know the same is true for many of you. Join me this month in becoming a good tenant of our planet by helping others to better themselves and their communities. Together, we can Serve to Change Lives.

President 2021-22

Rotary Club of St. Andrew Launches Wellness Programme

cnt'd. from page 9

Members posted videos doing gardening, art and craft, puzzles, running, walking, swimming, playing tennis and golf; some individuals invited family members along, even the family pets were not to be left out. The camaraderie among the membership was in high gear. Members not only encouraged their team members but everyone in the group. There is no shortage of laughter and funny emojis to create stronger bonds among the membership.

One member of the Wellness group indicated that the group had provided the opportunity for members to laugh and have fun. Wellness Chair, Kemmehi has indicated that we have seen a 70% participation rate among club members to date, which is phenomenal.

The Wellness Programme will continue throughout the year culminating with a mini Olympics where all three houses will enjoy friendly rivalry as they compete for the winning trophy. Chairman of the Wellness Committee, Past President Kemmehi Lozer, in his remarks at the launch event, said, "Given our current environment brought on by the coronavirus which is having a deleterious effect on the world and our health and wellbeing, it is very important that we do our best to stay physically active and support each other through this challenging time in which we find ourselves".

Little things mean a lot

by Webster Edwards

Went to my favorite supermarket recently, only to find that the proprietors had completely re arranged the display stalls. Despite assistance given, one had to spend twice as long in finding the items required.

It is amazing how little things can completely confuse us and literally turn our world upside down.

It is the little things that we do and the careless things that we say which make the lives of others miserable and unbearable.

We all have the responsibility to try and create a gentler and friendlier society.

Therefore, do not speak without thinking or act without anticipating the possible outcome.

Life is too precious and relationships far too important to be carelessly squandered.
