

## MAY ISSUE - THE CHANGING RI PRESIDENTIAL THEMES AND LOGOS

Since the start of Rotary in 1905, and the first **President of Rotary International, Paul Harris**, in 1910, no theme or graphics were used until 1947. "The Rotary International President's "Theme" and "Graphics" have only been used since 1947 -1948 when **President S. Kendrick Guernsey** (Jacksonville, Florida, USA) was the first to issue a theme "Enter to Learn, go forth to serve".

In 1949 - 1950 **President Percy Hodgson** (Pawtucket, Rhode Island, USA) used a long and extensive objective: "Objectives of Our Team for 1949-50: 1. Each new member admitted into a Rotary club to be adequately informed about his duties and obligations BEFORE his induction -- properly introduced to the club -- and effectively assimilated into the work of the club during the first year; 2. A better understanding and application of the principles of Vocational Service as set forth in SERVICE IS MY BUSINESS; 3. A contribution to world understanding and peace through an intensification of our international service program; 4. An outstanding district conference in every district."

1954-1955 **Herbert J. Taylor** (Chicago, Illinois, USA) **Six Objectives for 1954-55: 1. glean from the past and act; 2. share with others; 3. build with Rotary's 4-Way Test; 4. serving youth; 5. international good will; 6. good Rotarians are good citizens.**

Some Interesting facts about the Presidential Theme and graphics are: The first "Theme" was in 1947 and was more of an instructional sheet than a quote.....; In 1961 came the first Theme (graphic) Logo.....; From 1961 to present only two (2) graphic logos have not contained the Rotary wheel.....; Only one (1) graphic (logo) has contained a picture of the serving President.....; Eight (8) logos have contained a hand or hands.....; Ten (10) of the graphics have not shown the Rotary wheel.....

### The Four Way Test

of the things we think, say and do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

## A Message from Governor Don

April Showers bring May Flowers! What about April Snow storms? May has finally arrived and along with it, warmer temperatures. May is the time to reflect on what we as Rotarians have accomplished over the past year. Congratulations to all of you for doing good in your communities and around the world! DGE Doug and his team have been preparing to Light Up Rotary and they are asking you to do your part!

We are in Rotary for several reasons, but one that I hear a lot is for the fellowship and for the service we can do to help others. I recently attended a Paul Harris Fellow presentation at a club in our district, and I was so happy to hear that one of our Ambassadorial Scholars is living the Rotary motto Service Above Self. Not only will he complete his Masters Degree this June in Jerusalem, but he has been volunteering EVERY week at a local orphanage working with young children.

## Polio this week

The data table below is as of 23 April 2014

Pakistan continues to be the country with most polio cases in the world this year. This week, five new cases were reported (two wild poliovirus type 1 – WPV1, and three circulating vaccine-derived poliovirus type 2 – cVDPV2). Four of the cases are from Federally Administered Tribal Areas (FATA) and one is from Gadap, greater Karachi.

In Nigeria, the Expert Review Committee on Polio Eradication and Routine Immunization (ERC) is convening this week in Abuja. The ERC is expected to review the current epidemiology of poliovirus transmission in the country, and put forward recommendations to rapidly achieve a polio-free Nigeria.

Camp Presqu'ile is a unique summer camp located in South Western Ontario that focuses on the camper's development in "spirit, mind and body". Through low camper staff ratios, campers are able to be members of a community that focuses on fun, fair play and building relationships with fellow campers and staff.

There are thousands of children in our own back yards who would benefit from a week at camp, know anyone?

If so please pass on our website and/or call me direct and I will be happy to help.

## Message from DG Don continued from Page 1

Of all the things that he has accomplished, his mother says that his volunteer work in that orphanage is what makes her most proud of her son! He is only 25 and he has done world community service (not all Rotary) in Haiti, Mexico, and the Dominican Republic ....all before he entered college for his bachelor's degree! As a Rotarian in District 6330, I am so proud of our Ambassadorial Scholars (now known as Global Scholars). I can say that the money that we have given to the Rotary Foundation that helps fund this program is money well invested!

To my Club Presidents for the 2013-14 year, thank you for all your diligence in leading your clubs and doing what you do best .....serving others! I believe that we have accomplished a great deal in Rotary Foundation giving, helping our local communities where the need is the greatest, and enjoying the fellowship of being with other Rotarians at conferences, Rotary meetings, special events .....As an international district, let's remember to support each other in our fundraising events on both sides of the St. Clair River! Quite often club events are

featured in our district newsletter, The Bridge. After all, we are all part of one of the greatest Rotary districts in the world! Please encourage all of your members to visit other clubs in our district ....You can share what your club does, and you can learn so much about how our clubs operate in the district. You can also pick up some great ideas for your own club.

By the end of this month, thousands of Rotarians from all over the world will be converging in beautiful Sydney, Australia for the Rotary International Convention ....I believe the anticipated attendance will be about 20,000 Rotarians and partners from over 500 Rotary districts. Visit the link on our district website or you can also find the link on [www.rotary.org](http://www.rotary.org).

If you have not already done so, please go to [www.rotary6330.org](http://www.rotary6330.org) and register for our 2014 District Conference in Walkerton. If you are a golfer, the golf tournament is on Thursday, June 12th, 2014. The conference begins on Friday, June 13th and concludes on Sunday, June 15th. We would love the "Pleasure of Your Company" ...Marie and I hope to see you in Walkerton next month!

### SMALL GUFFS

How do you drive an engineer completely insane?

Tie him to a chair, stand in front of him and fold up a road map the wrong way.

A bus of tourists arrived at the First Nation Reserve. Everyone got off, except for one old chap.

"Hey Buddy, come and see the Aboriginal carving".

"No thanks," he said "I've lived on a farm all my life and I've seen plenty of cows calving. So I don't suppose it'd be much different."

### ROTARY BANTER

'Doc I can't stop singing 'The Green, Green, Grass of Home'

'That sounds like Tom Jones syndrome. '

'Is it common?'

'It's not unusual.'

A man takes his Rottweiler to the vet. 'My dog is cross-eyed, is there anything you can do for him?'

'Well,' said the vet, 'let's have a look at him'

So he picks the dog up and examines his eyes, then he checks his teeth. Finally, he says, 'I'm going to have to put him down.'

'What? Because he's cross-eyed?'

'No, because he's really heavy'

What do you call a fish with no eyes? A fsh.

So I was getting into my car, and this bloke says to me 'Can you give me a lift?'

I said 'Sure, you look great, the world's your oyster, go for it.'

Apparently, 1 in 5 people in the world are Chinese. There are 5 people in my family, so it must be one of them. It's either my mum or my Dad, or my older brother Colin, or my younger brother Ho-Cha-Chu. But I think it's Colin.
