2022 Bow Rotary Four Way Speech Contest

Contest Rules

1. Contestants must complete an application and submit it to Dean Cascadden by 3/10/22.
2. Contestants must sign in to the competition with the registrar at least 15 minutes prior to the start.
3. Scoring of the contest is blinded. Each speaker is given a number and no names should be mentioned until all of the speeches have been given. Speakers must refrain from giving their name during the presentation. Speakers will be called in by number to make their presentations, and may stay to hear others after theirs is given.
4. A timekeeper will display cards showing time that has elapsed. The minimum time is five minutes and the maximum time is seven minutes. Violating the time limit is grounds for disqualification. The timekeeper shall give an appropriate visual signal to each speaker to mark the 5-minute time, then 6 minutes, then 6 minutes 30 seconds and 6 minutes 45 seconds.
5. The registrar shall compile a list of all contestants, check each contestant upon arrival at the contest and allow each contestant to draw a speaking order number, which shall also be the assigned number for the judges' scoring. The registrar shall keep the listing of numbers and names, which shall not be made known to the judges, timekeeper or scorer(s) until they have completed all contest score sheets and time recording.
6. Judges are responsible for independently evaluating each speaker as to each element on the score sheet during or immediately after each contestant has spoken. The next speaker should not begin until all judges have completed scoring a contestant. Judges should not add the numbers of the scoring elements, but hand the score sheet to the scorer. Changing a scoring element after the initial completion is not recommended, except for serious error.
7. After the completion of each contestant's speech, the scorer(s) should obtain the score sheet from each judge. The scorer(s) will then add the scores from each element to obtain a total score for each judge, and then compute the average score of the judges, which will be the basis for selecting a winner. In case of a tie average score, judges and scorer(s) should attempt to break the tie by determining which contestant scored highest on the Four-Way Test element (judges' score sheet "Content A") as averaged.
8. At the completion of all speeches, the judges shall receive from the timekeeper any time violations. The judges and scorers will have a discussion to ensure that there are no errors in scoring or calculating. Judges should all confer concerning any violation or issue. The judges shall determine appropriate penalties for any contest violations by majority vote.
9. Once the scoring has been completed, the judges and scorer(s) should obtain the name that corresponds to each contestant's number and provide the highest ranked scores to the moderator.
10. Students with the highest three scores will receive a monetary award and be invited to give their speech to the Bow Rotary Club on Friday March 27 at 7:30 am. The winner will be expected to compete in the District Semi-Finals, and possibly finals.
