Alumni. Former Ambassadorial Scholar Alex Buchanan says that knowing he has helped nourish millions of children in developing countries gives him a "pretty good feeling." A food technologist and member of the Rotary Club of Melbourne, Australia, the 75-year old Buchanan created the high-protein Australian milk biscuit and the high-energy biscuit, which are staples of his country's international food aid. For this and many other accomplishments, **The Rotary Foundation presented Buchanan with the Global Alumni Service to Humanity Award.**

The Object of Rotary

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular, to encourage and foster;

- I. The development of acquaintance as an opportunity for service;
- II. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian's occupation as an opportunity to serve society;
- III. The application of the ideal of service by every Rotarian's personal, business and community life;
- IV. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST of the things we think say or do

first

Is it the TRUTH?

second

Is it FAIR to all concerned?

third

Will it build GOOD WILL and BETTER FRIENDSHIPS?

fourth

Will it be BENEFICIAL to all concerned?
