### FRIDAY—AT THE STEEPLEGATE

## District Governor Gary Welch & Colleen Annual Club Visit & Evaluation

Dear Rotarians,  
Building Communities, Bridging Continents... is the theme that RI President Ray Klinginsmith chose to express the history and future of Rotary. President Ray Klinginsmith wants us to become "Bigger, Better and Bolder" as we change people's lives. It encompasses Rotary values of "Diversity, Service, Fellowship, Integrity and most of all Leadership". You are the leaders that make a difference in your community and internationally by **Serving**

**With A Purpose.** By what you choose to do daily will make a difference.

"Much of our success will be dependent on the time, talent and persistence that each of you is willing to commit as a friend, counselor and cheerleader for the clubs in District 6000".....Ray Klinginsmith.

Rotary International is focusing on six areas of sustainable activities. They are:

1. Peace and Conflict Prevention/Resolution.
2. Disease Prevention and Treatment.
3. Water and Sanitation

4. Maternal and Child Health

5. Basic Education and Literacy

6. Economic and Community Development

With this idea in mind there are four district goals that lay the foundation to accomplish the areas of focus.

They are:

• **Foundation** – By June 30, 2011 Every Rotarian in District 6000 will contribute something to the Foundation with Every Rotarian Every Year being the ideal.

• **Membership** – By June 30, 2011 Every Rotarian will induct at least one new member...**each.**

• **Public Image** – By June 30, 2011

1. Each club will Provide six Public Image Events to local media

2. Each club will provide at least one article for the District Newsletter

• **Polio Plus** – By June 30, 2011 each club will complete their commitment of \$25 per member per year.

As you serve with a purpose your leadership is more important than ever to help your club become stronger, more vibrant and to grow. You will determine the future of your club. President Ray Klinginsmith quoted Margaret Mead that "Never doubt that a small group of thoughtful committed people can change the world, Indeed it is the only thing that ever has...."

You can choose to maintain the status quo or you can "Serve With A Purpose".

**WHAT WILL YOU CHOOSE?**

Respectfully,  
Gary Welch  
Governor 2010-2011

### Another Wonderful Habitat Success Story...

On Sunday, August 15 at 2:00 P.M. the Habitat for Humanity home that has been under construction at 410 East South Street in Tipton, Iowa, over the last 2.5 months, will be dedicated. Even if you weren't able to take part in this significant undertaking, which has been in the planning for a much longer time, think about stopping over for the dedication, where the family that will be living in the 3 bedroom home will soon be able to move in.

This is the second Habitat for Humanity project in Tipton, the first occurring here, many will remember in 2004. This effort, however, was both a special one and sad, in a way, as this wasn't just another Habitat House but, rather, the "Dave Stephens Memorial Habitat for Humanity Build."

Who was Dave Stephens? Most people in Tipton would at least know Dave's name, but some will not. The reason the build was named in his honor was because of all Dave Stephens did for Tipton in the decades that he and his wife, Janel, lived in and participated in the community. When Dave died of pancreatic cancer last fall, after a valiant effort to fight the disease, everyone knew Tipton had lost one of its most active public citizens.

Among his many activities, Dave led and worked on the behalf of the Tipton Economic Development Corp. for many years. He worked for decades at US Bank, was a 40 year Rotarian, was one of the community's best singers, a devoted Lutheran and, through that, involved in many other ways in his church activities. Dave loved his draft horses and whenever he could, provided rides in community events where everyone,

young & old, would enjoy being ferried around town in the wagon pulled by the horses.

Janel Stephens and Brenda Emick-Herring headed up this Habitat project in honor of Dave. Gordon Esbeck served as the general contractor for the project. These people and many others have put in endless hours to make the project a success. The home is handicap accessible, as Kelly and Kimberly Kettler and their son, Kelby will soon, move in. Kelby is confined to a wheelchair, so the wider door and halls will be very useful.

If you would like to share in the culmination of this wonderful community project, stop over on August 15<sup>th</sup> at East South Street. It will be an event those attending won't forget soon.

(Reprinted in part from the August 4 Tipton Conservative, written by Kristen Clark. Dave was a charter member of North Scott Rotary and president 1978-79. He and his family lived in Eldridge where he was a banker and city councilman. Janel was a teacher at North Scott Junior High.)

### **The 4 Way Test** **Of the things we THINK SAY or DO**

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
